## Antioch is no. 1

### Wins Governor's Hometown award

by MARY FOLEY  
Lakeland Newspapers

Antioch's Centennial Park has placed first in the Governor's Hometown award ceremony this week. Centennial Park, located on Anita Street in the village, was one of the hundreds of applicants for the award.

"There are six divisions based on population size," said Linda Pederson, food chairperson for the Centennial Park project. "Antioch was in division two."

In addition to the population separations, there are several divisions including general, youth, senior and

economic environment. Centennial Park placed first in the general category.

"I am very pleased to hear that Antioch has received the Governors Hometown Award for the Centennial Park project," said Mayor Marilyn Shineflug. "The Village is proud of the project which will always serve as a permanent reminder of the benefits of cooperation and hard work."

The mayor continued, "Special thanks should go to Ted and Vicki Axton for their leadership in the project. Special thanks should also go to the committees and individuals who worked so hard to make the project happen."

At the June 21 village board meeting there will be a presentation of a plaque and a street sign proclaiming the honor from Governor Edgar.

## No dough for roads

### Highway dept. stifled by tax cap

By MARY FOLEY  
Lakeland Newspapers

Several citizens were disappointed that Antioch Highway Commissioner, Mark Ring was not present at the township meeting. Residents, believing Ring would be in attendance, had come to voice concerns about area roadways.

"I have been waiting 12 years for resurfacing," said an angry Kathy Lehner. "They don't even come out here to trim. They used to!"

After several residents voiced their complaints, the Antioch Township Board explained that they had no authority over the road commissioner.

"The road commissioner is an elected official. We have no authority over him. We just approve the budget," the board told the irate citizens.

Road Commissioner Mark Ring was very frank about the situation, "We will probably not get to those roads this year. Fox River Springs is not scheduled this year."

In a lengthy interview, Ring explained some of the basics of the Antioch Highway Department.

"There are 80 miles of road we must take care of in Antioch Township," said

Ring. To get an idea of the size he is talking about, consider the trip from Antioch to Chicago is less than 80 miles.

"The department has six full time employees and a budget of under \$1 million," Ring explained. "We have to do more with less, especially with the 5

percent tax cap. We go as far as we can each year."

The administration of the office is bare bones. Ring answers his own phone, does the necessary typing, and the filing. He has no secretary, clerk, or even an assistant supervisor.

"I like to put all the money into the road system," Ring admits. One of the problems this year is that the cost of sand and bags used during the flooding in Fox River Springs came out of the highway department's budget.

"Money used for the sand and bags would have been used for the roads," said (Continued on page 58)

## Waterway Agency considers no-wake shoreline on Chain

by TINA SWIECH  
Lakeland Newspapers

The Chain O' Lakes-Fox River Waterway Management Agency approved a motion to send to the Waterway Agency's Advisory Committee, a proposal to implement a 100-foot to 200-foot shoreline no-wake area around all of the Chain O' Lake's.

According to Karen Kabbes, executive

director of the Agency, board members have concerns including safety issues, and different shoreline uses such as fishing and swimming. Apparently, said Kabbes, there have been a number of accidents on the Chain O' Lakes near piers and close to shorelines. The advisory board will consider these items and study the proposal, Kabbes said.

## Zoning gripes will be heard

by THOMAS STEVENS  
Lakeland Newspapers

A number of Antioch and Grant township residents could receive a zoning re-classification notice in the mail during the next few weeks, under a plan by the Lake County Board to unify zoning codes throughout the county.

According to Board member Larry Leafblad, the board attempted to unify the zoning in the former resort area in 1988, but a number of residents claim they never received notices in the mail to attend a zoning change public meeting back then.

"What is happening is that people are going to the township to get permits to build an addition or do some remodeling, (Continued on page 58)

## Hawthorn Woods says yes to ComEd proposal

**HAWTHORN WOODS**—Citing the need for power and the compromises reached from the original proposal, Hawthorn Woods trustees agreed to support the extension of Commonwealth Edison transmission lines through their village. The lines will originate at a Lake Zurich transmission center and follow along the EJ & E Railroad lines to another transmission center near Mundelein. "After several meetings with the inter-governmental committee we felt the best possible compromise had been reached," said Hawthorn Woods Village President Douglas F. Challos. "We do need more power in this part of the county."

## Lake County villages get Hometown Awards

**LAKE COUNTY**—Antioch, Lindenhurst, Vernon Hills, and Round Lake Beach all earned recognition in the Governor's Hometown Awards. Antioch took first prize in its category for its "Centennial Celebration." The Lindenhurst "Operation Snowflake" took second place in the youth category. Vernon Hills captured second place in the economic development category for its "Citizens Building Committee." Round Lake Beach earned honorable mention for its "Project Success." There were six categories and municipalities competed against areas with the same population.

## Resident protests get board to fire Sullivan

**LAKE VILLA TOWNSHIP**—Residents packed the Lake Villa Township meeting to protest the hiring of Karen Sullivan as director of operations. Many protested what they felt was an attempt to strip Supervisor Sue Hanson of her powers. The residents interrupted SURE Party members when they tried to speak. Trustee Michelle Wolf made a

motion to withdraw the motion to hire Sullivan and it was approved 3-0. Wolfe, Hanson and Sue Prochnow voting for, and Trustees Joe Hamm and Carolyn Siebert abstaining.

## Hazardous spillers to pay Village for clean-up

**WAUCONDA**—In order to insure hazardous waste spills are cleaned up by the spiller, Wauconda trustees approved an ordinance which would require violators to reimburse the village for the costs and expenses incurred. The ordinance, in effect as of June 15, calls for the responsible party to pay the village for costs of materials and supplies, contract labor, equipment rentals, clean-up expenses and other similar costs. The spiller will be notified within 90 days of any costs due to the Village and will have 30 days to pay. "It's something we have been looking for a long time," said Mayor James Eschenbauch.

## Telethon receives \$126,706 in pledges

**NORTH CHICAGO**—The "Partners in Progress: Save Our Schools" telethon raised only \$126,706, but will remain as an ongoing project. "We were originally scheduled for June 12, but since we came up short of our goal, we are making it an ongoing project throughout the school year," said Wadell Brooks, a community activist serving on the telethon. "In order to reach the mayor's goal of \$1 million, we need more corporate donations, individual and organizational donations alone will not reach \$1 million." District 187 only has enough money to keep schools open through March or April of 1994. If no more money is received, North Chicago Schools may close.

## Three Mundelein men die in fiery crash

**MUNDELEIN**—Miguel Meador, 22, Jaime Perez, 22, and Luis Pantoja, 27, all of Mundelein, lost their lives in the early morning hours of June 12. Their Plymouth Horizon skidded on a curve on Casmir Pulaski Dr. in Waukegan about 4:30 a.m. and burst into flames after it was struck by a Chevrolet Blazer driven by a Waukegan man. Officers at the scene have been told that the three "had a couple beers."

## First tax moneys due in 2 weeks

**WAUKEGAN**—County Treasurer Jack "Red" Anderson said that a heavy payment of real estate taxes will insure that an estimated 55 percent of tax moneys to be received by taxing bodies will be dispersed before the end of June. Anderson reported that many property

owners paid their entire 1992 tax bill before the first installment deadline of June 3. This means taxing bodies, especially schools, will be able to get off to a good start paying bills for the 1993-94 school year and have funds to invest in interest-bearing accounts.

## Fumes are blamed in deaths at NC plant

**NORTH CHICAGO**—Carbon monoxide poisoning is being blamed for the deaths of two workers and the injuries of eight co-workers at the North Chicago Refiners & Smelters plant. The two men were doing a routine maintenance job on an air pollution device when they were overcome by fumes and collapsed about 6 a.m. Eight of their co-workers were injured while trying to save the two men. According to fire authorities, a damper which vented carbon dioxide into the room had been left open, allowing the fumes to accumulate to excessive levels.

## Officials approve more fireworks

**FOX LAKE**—Village officials gave their stamp of approval to a second Independence Day weekend fireworks show, a display to be sponsored by W. Grand Ave. businessmen Friday, July 2. Trustees gave the sponsors permission to block off part of Grand Ave. for a street festival that will precede fireworks that will be displayed over Pistakee Lake. The show will precede by one day the popular "over-the-water" show in Mineola Bay sponsored by the village in cooperation with local sponsors. The Grant Township Youth Group will sponsor a parade July 4 to round out holiday weekend activities.

## Trench accident injures worker

**GURNEE**—Gurnee Fire Dept. officials continue to investigate a trench accident at the future municipal golf course site off Hunt Club Road. Demetrio Patino, age 35, of Prospect Heights, was flown via Flight For Life helicopter to Milwaukee Regional Medical Complex. He was listed in critical condition on Tuesday following the June 11 accident. The accident occurred at 3:50 p.m. and Occupational Safety and Health Admin. (OSHA) was called to the scene. Gurnee Fire Dept. Lt. Barry Henby said Patino suffered from possible broken pelvis, air in the lung cavity and shock.

## Free "Living Trust Consultation"

The attorneys at Polster and Associates want to offer you a free one hour consultation, at no cost or obligation to you. So you can find out how a living trust will work in your personal family situation.

**A FIRM YOU CAN TRUST.** Polster and Associates has prepared hundreds of estate plans for families in Illinois like your own. Their practice is focused in the area of estate planning.

As an educational service to the community, Polster and Associates presents a weekly radio show on WKRS 1220 at 1:00 p.m. every Tuesday called "Law Talk."

Your family can avoid the expensive, time consuming probate process with the use of a living

trust. In addition, the living trust can save estate and income taxes.

Many families use joint tenancy, thinking they will avoid probate. However, if the husband or wife become disabled, they may still end up in probate.

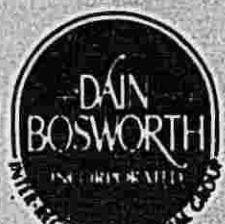

For a free consultation, call (708) 223-9200.

For more information on how to protect your family, we will be conducting free lunch and dinner seminars in Waukegan at the Ramada Inn, Thursday, June 24 at 1 and 6 p.m. and in Gurnee at the Hampton Inn, Thursday, July 1 at 6 p.m. Our seminars fill up fast, so call early for reservations at (708) 223-9200.

## Second chance 'Charlie'

"Charlie" is a three year old male German Shepherd mix. Charlie was rescued by a concerned motorist who saw him running in the midst of expressway traffic. This is a handsome, well-built tan dog with a short coat and an active, playful personality. Charlie loves to play fetch with a ball and will sit on command. A lively dog, Charlie has an alert, intelligent nature. Shepherds are naturally protective and very trainable. Charlie got a second chance at life; now he needs a home and a family to make that life worth living! Available at cage two.

Cash \$55 donation includes free spay/neuter, collar, leash, first shots, two week follow-up and more.

Orphans of the Storm is located at 2200 Riverwoods Rd. in Deerfield. Hours are 11 a.m. to 5 p.m., seven days a week. Call 945-0235 for further information.

## Butchie is cute as a button

Butchie is cute as a button and a real charmer. This little pedigreed Lhasa Apso gets along well with other dogs and kids. His small size makes him a good choice for apartment or condo dwellers!

For information on how to adopt Butchie or any of the dogs and cats at the Assisi shelter call (815)455-9411. Adoption fees include spay/neuter and shots.

As warmer weather approaches, remember that parked cars can heat up quickly. On a day when temperatures are in the 80's, even with the windows left slightly open, the interior temperature can reach over 100 degrees within 10 minutes. Do the pet a favor, leave him at home!

# Strawberry Fest

## Summer treats galore at Strawberry Fest

The 11th Annual Long Grove Strawberry Festival, June 25 through 27, with more outdoor food booths than ever and the enthusiastic participation of members of the sponsoring Long Grove Merchants Assn., promises to "paint the town red."

The historic village will welcome thousands of strawberry lovers to the

celebration of strawberries by the basket or flat; in shortcakes, pies, cakes, muffins and even a strawberry pizza created by Edwardo's. More than 100 shops will offer strawberry related merchandise, demonstrations and special sales. Each day of the weekend has free family entertainment. Hours are 10 a.m. to 6 p.m. daily.

Here's the pick of the crop: Long Grove Confectionery's famous chocolate covered strawberries, made in the shop in the former schoolhouse; strawberry donuts, pies and cakes, sold outdoors by the Long Grove Apple Haus; free samplings of strawberry wine, cheese and candy at the Farm-side Grocery & Winery,

with frozen strawberry bars at an outdoor booth; whole grain pancakes with strawberries to be sampled at The Spicery; jams, jellies and cookbooks for sale at Kitchen Boutique, along with complimentary tastings of Strawberry Smoothies; and strawberry bread, pies, muffins and sweet rolls in the Farm-side Bakery, with strawberry drinks, cookies, and muffins available outdoors.

Long Grove restaurants will color their menu as follows: Chilled strawberry-pear soup, home-

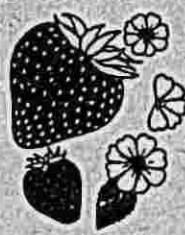

made strawberry wine coolers and strawberry Amaretto cheesecake at the Covered Bridge Cafe; strawberry, strawberry rhubarb and strawberry supreme pies at Hobson House, with a booth on the front lawn selling strawberry shortcake and lemonade; chocolate truffle cheesecake with strawberries; strawberry shortcake and strawberry iced tea at Joan's Country Cupboard, with a tent in front of the building offering strawberry popcorn, strawberries on a stick and non-alcoholic coolers; the

Peppermint Stick Restaurant will sell strawberry sundaes and ice cream sodas, homemade strawberry pie and shortcake inside, with an outdoor booth serving strawberry ice cream and strawberry lemonade.

The Long Grove Lions and the Long Grove Fire Dept. will again sponsor the popular Beer 'N Brat tent. Ample parking is provided without charge. Long Grove is near the intersections of Rtes. 53 and 83 in Lake County. For more information phone 634-0888.

## Cops Not Insurance

Technically, Fox Lake is protected. However, police cars are in terrible repair and they are only allowed to drive 40 miles per shift. This is quite a problem at a time when there is more annexation which means more miles. It is unreasonable to think that an officer can be on Wilmet Road and at the corner of Routes 12 and 134. Instead of trying to bust the police union, stop voting for higher insurance rates and use the revenue to hire another officer and repair the cars.

## From Experience?

I live in Round Lake Heights and it seems that the chicken man has no regard for experience. Even though that experience supported him during his campaign.

## Reader From Mars

The person who thinks Earth Day is a pagan holiday obviously does not like the earth and is from Mars. Apparently you are a member of the Flat Earth Society and also believes the Apollo Space Program was contrived.

## Get Off My TV

Attention to the Lake Villa Ham Radio operator. Get off my TV wave length! Your language is worse than obscene. I have listened to it for a year and I am fed up!

I am from Round Lake.

## Bunch of Garbage

I called two weeks ago about the Mayor of Round Lake Heights not having garbage service. I am a senior citizen and appalled by this. You would think that once it was in the paper, it would have shamed him.

## Not Good Enough

This is for the mother of two and others who feel the iceless hockey parents are not being selfish. The iceless hockey league offered to form a "challenger division" for their son to play in. That was not good enough. I am sick of one person ruining things for the majority.

## The Shaft

I have just learned that the Island Lake Recreation board is losing its highly successful children's dance program. Why? Because there is no money to fund it. But, didn't I just read that the Mayor and Trustees just got raises? Just goes to show you that when it comes to funding for children, they always get the shaft.

## Where's The Meeting?

Is anyone going to do anything about the illegal Round Lake Heights meetings they have been holding? Business should be done at the village hall.

## Hoping For Justice

Clown Kane in Lake Villa is now taking down over a 100 people in real estate tax. This is a thank-you for their votes. Will there ever be justice in Lake Villa Township?

## Owners Versus Peasants

We have been fishing on the lake at Water's Edge for

22 months. Now, every time we want to go fishing we must get the key and return it the next business day to the village hall. This is oppressive. It is not about sharing, it is about the landowners versus the peasant apartment dwellers.

## Check New Law

Under the new law, isn't stalking illegal? Sounds like that is what your ex-wife is going. Check it out.

## Bring Back Pictures

I would like to thank the people who stole a box of clothes out of my garage. I live in Round Lake Park. I hope you also enjoyed the photos of all my relatives and friends that were unfortunately in the box too. Keep the clothes, but please bring back the photos. I can't replace them.

## Thieves In The Night

It is crude that a place like Vernon Hills, who has a 6 million dollar surplus, needs to have their police officers hide to catch unsuspecting motorists speeding. Just like thieves in the night. I could understand this in Round Lake where the average income is like \$20,000 a year, if that. But, not in Vernon Hills.

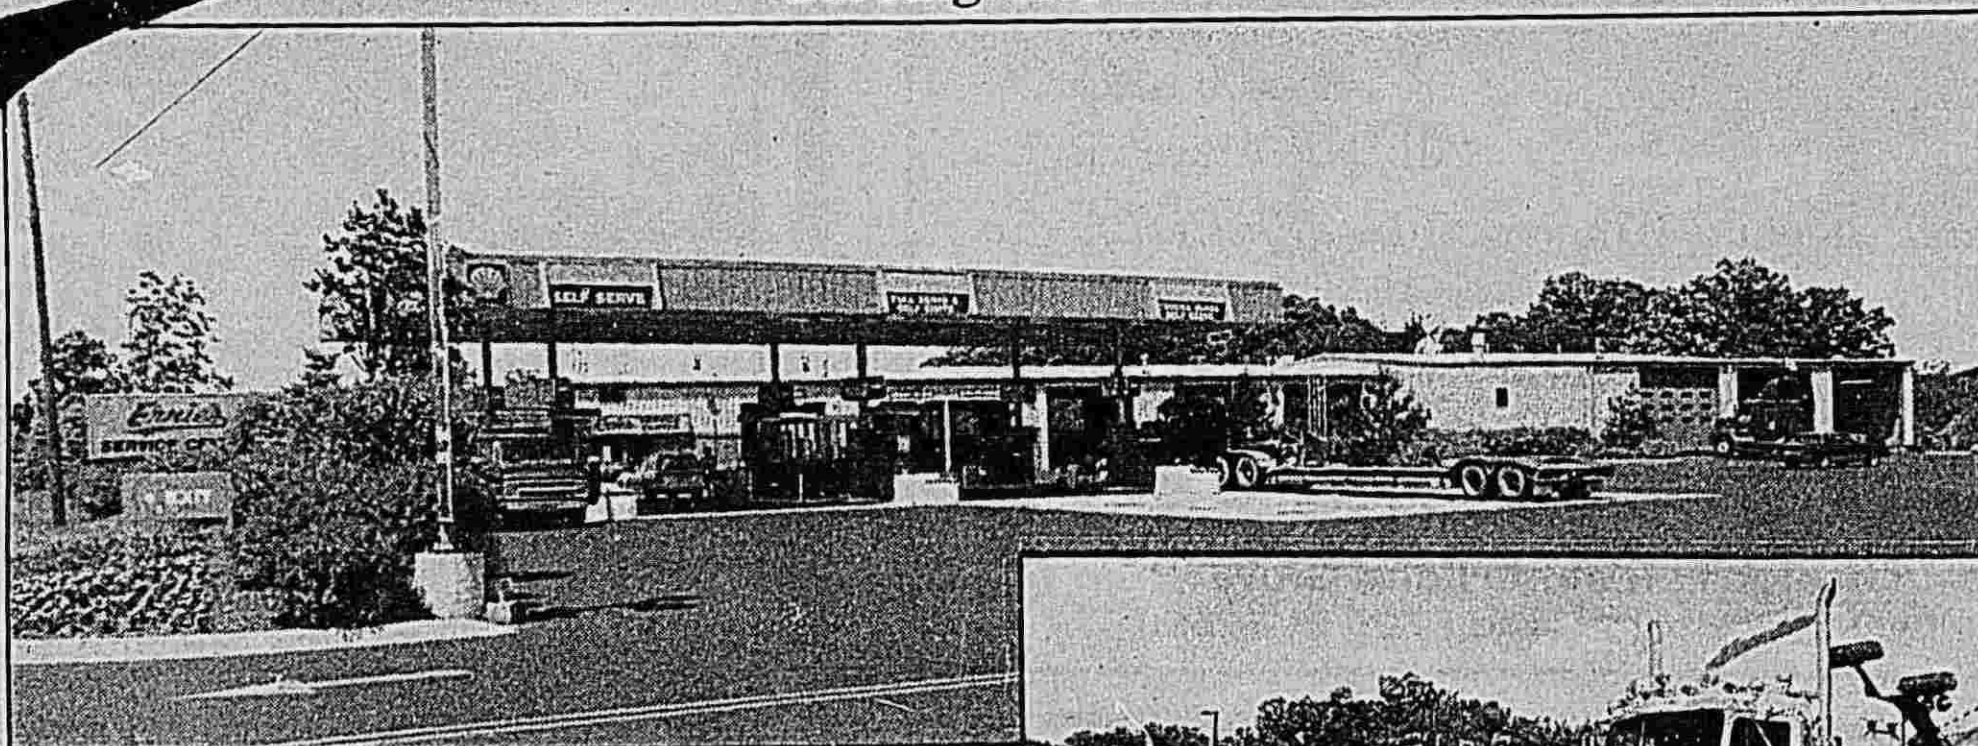

## He Would Jump

If Earth Day is not a pagan holiday, how do you explain all of the formal ceremonies involving Mantra humming, and crystal rubbing that seem to accompany every Earth Day? As for Christians participating in these ceremonies, I thought it was a sin to perpetrate fraud on anyone. The unscientific, emotional scare tactics of people who dominate the environmental movement are not based in the scientific method but in the concept that Earth is a God. Man is but a

## Briefs

### Attorney appointed

The Antioch Township board has appointed Larry Clark of Libertyville as township attorney. Clark is a DePaul Law School graduate and has a practice in municipal law. He has represented the county in several matters.

Clark is very well versed in Antioch Township business and has been the town's attorney for four years.

"He is really briefed on township matters" said Trustee Kufalk.

The board approved the motion unanimously.

### Rummage sale

St. Peter's Church in Antioch will be holding a rummage sale June 17 through June 20. The hours for the sale are 8 a.m. to 9 p.m. Thursday and Friday, 8 a.m. to 5 p.m. on Saturday, and 8 a.m. to 3 p.m. on Sunday. The church is located at 557 Lake Street.

### Immunizations

A reminder to parents that the Lake County Health Department will be at the Antioch VFW hall for inoculations on Wednesday, June 16. The hours are from 9 a.m. to 11:30 a.m. Parents are urged to get school required inoculations early in the summer to avoid the school time crunch.

### Bake, rummage

A rummage and bake sale will be sponsored by the St. Ignatius Women's Guild. The sale will be held on Thursday, June 17 from 8 a.m. to 3 p.m. and Friday, June 18 from 8 a.m. to noon. St Ignatius of Antioch Episcopal Church is located on 977 Main Street. A wide variety of homemade goods and reasonably priced items will be available.

### First concert a hit

The first in the series of free concerts sponsored by the First Chicago Bank was a big hit with music lovers young and old. Staged in Williams Park in Antioch, the local band Sierra entertained the audience with Country and Western music, Blue grass, and even some oldies. Food and beverages were made available by the Antioch Jaycees.

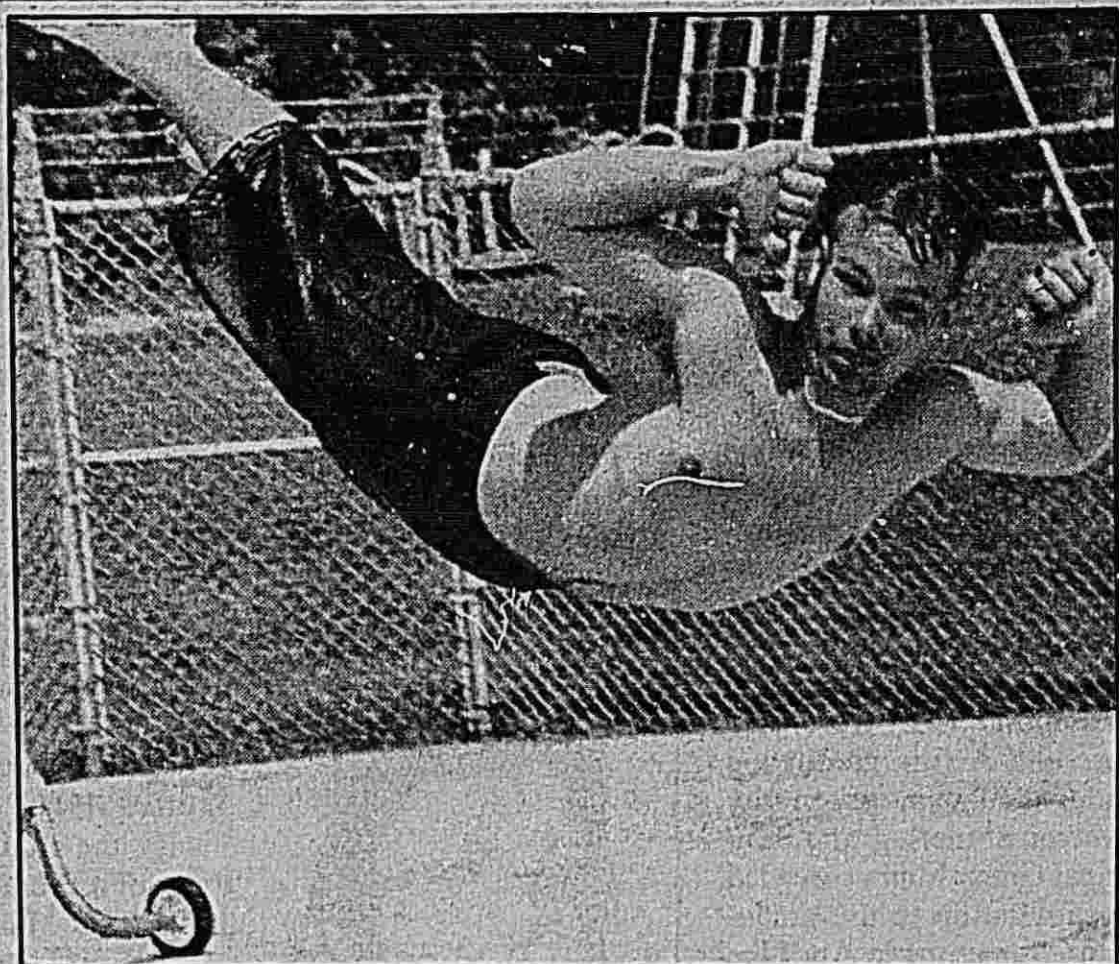

The concert in the park series is a great idea for families with children. The younger children had a ball playing in the park while parents were able to sit on the grass and enjoy the music.

The next concert is scheduled for July 24 at the Taste Of Antioch festival. The band "The Grease" will be featured. The final concert is scheduled for September 12, again at Williams Park. The Lakes Area Community Band will be on hand to entertain residents.

## Sequoit Creek project to be model

by MARY FOLEY  
Lakeland Newspaper

The Sequoit Creek Watershed non-point source project will continue on through to December. While the title of the project is quite a mouthful, its purpose is pretty simple.

A watershed is a region draining into a common stream system. A non-point source means almost what it sounds like, which is that there is no single source of water for the creek.

According to the Lake County Soil & Water Conservation District (SWCD) annual report, non-point sources include runoff from existing agriculture and urban areas, streambank and shoreline erosion, and land disturbances associated with construction and development.

The project is part of a bigger program to evaluate the status of the water resource programs facing the Fox River Watershed. One of the areas identified as a cause for degradation to the water resources was sedimentation.

Sedimentation, as explained by the SWCD report, is a naturally occurring process often accelerated by the activities of people. The result is a decrease in the water quality as the sediment is transported by water and deposited in

streams, wetlands and lakes.

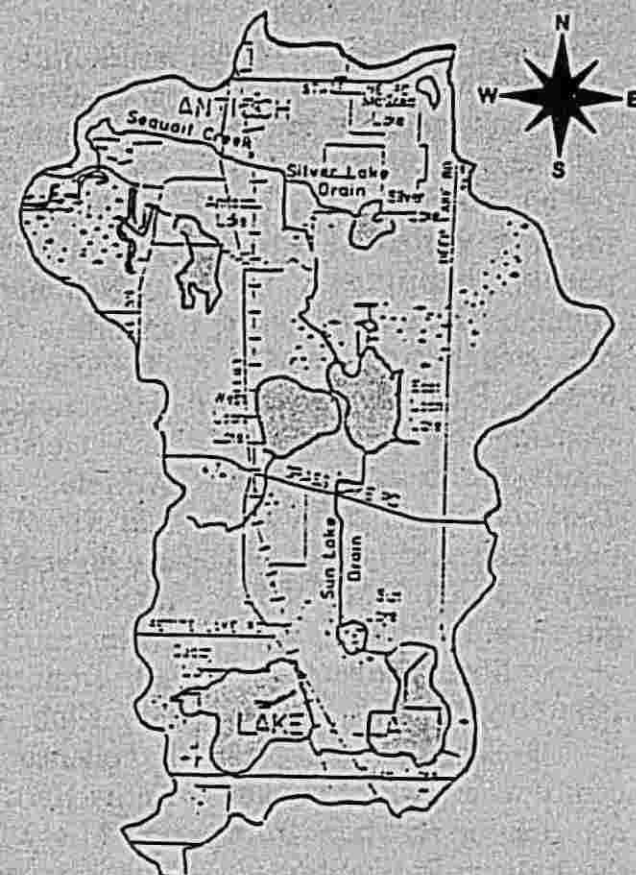

Basically, Sequoit Creek is being used to study a number of things. Both soil erosion and sediment control will be under investigation. Ultimately, the project will consider whether or not it is feasible to work with two towns in order to promulgate building ordinances for new developments to stop or control non-point pollution.

The creek basin encompasses approximately 15 square miles and runs through the towns of both Antioch and Lake Villa. Because of its size and the fact that it runs through two towns Sequoit Creek was selected for the project.

"This program is to serve as a model demonstration that could be applied to other drainage basins," said Fran Metger, Lake County Soil & Water Conservation District spokesperson.

The project is a result of a \$113,000 grant from the Illinois Environmental Protection Agency for the purpose of developing a non-point source management program for the watershed.

There are numerous co-sponsors of the project which include most of the planning, zoning, and environmental management agencies in the area.

To keep residents of the area informed, the Sequoit Creek Watershed Citizens Advisory Committee, met on June 9 at the Antioch Township Hall. For more information about the project, contact the SWCD at 223-1056.

## Energy report final, controversy continues

by MARY FOLEY  
Lakeland Newspapers

The long awaited Energy Needs Assessment report for Antioch and Lake Villa has been released. This is the document prepared by the Illinois Department of Energy and Natural Resources to evaluate the current and projected future energy needs of the area. The study was commissioned to determine the public need for Commonwealth Edison's proposed 138 kilovolt transmission line.

The transmission line is the focus of

great controversy in the area. Some local residents have questioned both the safety and the need for the overhead lines. But, if residents think that this report will conclusively determine the issue, they will be sorely disappointed.

According to Edison representative Ron Crawford, approximately two years ago Edison proposed a new substation to the Antioch Village Board.

"The infrastructure is taxed" the board was told, according to Crawford. "We needed to improve the reliability of the service."

After lengthy discussions between the board and Edison, Antioch granted the permits necessary to build the substation. At this time, the substation is built but not connected.

According to Crawford, Edison expected quick approval from the Illinois Commerce Commission (ICC). However, this was not to be the case. Citizens Against Unsafe Electricity (CAUSE) and other intervenors have slowed down the process. The Needs Assessment report was commissioned to help settle the issue.

Opponents of the overhead transmission lines are interpreting the report to indicate that there is no public need for the transmission lines.

"What we have found from the Department of Energy study and the experts we have retained to critically review Edison's proposal, is that the Commerce Commission will most certainly deny Commonwealth Edison's petition for public convenience and necessity" reported Jim Pierce, CAUSE representative, to the Antioch Village Board.

Yet, in what will surely turn out to be a battle of experts, it is certain that Edison's interpretation of the report will be different.

"Basically, the energy projections from the report are the same load projections we have made. So, we are in agreement with them" Crawford explained. "The report, however does not say how these loads could be met."

The report analyzes projected usage up to the year 2010 under three different scenarios. It first looks at expected growth given current usage patterns. The report continues by evaluating growth using Demand Side Management (DSM) opportunities, which are suggestions about how to reduce energy needs through more efficient energy usage.

However, the report does not provide any answers about how such a program

# Best of times, worst of times for graduates

## Graduation

The GLS Class of 1993 graduated in a beautiful ceremony on Friday, June 4. The following students graduated with honors: Benjamin Friel, Paul Grob, Cynthia Jones, Daniel Jorudd, Joel Mosier, Sean O'Donnell, Eric Schultz, Charles Spencer and David Wallsteadt. The school board members were present to honor the graduates.

The junior high teachers, Carolyn Adams, Ted Gavlin, Kirk Johnsen and Raymond Liss were also present. A fine graduation address was given by Mayor Shineflug and principal Ginny Mann extended an invitation to the graduates. Sometime in April the graduates of 1993 will return to Grass Lake School to give individual speeches on "What High School Means to Them."

As Superintendent Dr. Ruth Bill gave her commentary, she brought to mind a phrase from "A Tale of Two Cities" -- "This is the best of times and the worst of times." She then went on to beautifully explain the reasons for both feelings. In closing, she wished them all peace, happiness and courage. The students were presented their diplomas by School Board President, Donald Fechtner, Principal Ginny Mann and teacher Ted Gavlin. Congratulations, kids and once again may you find "peace, happiness and courage" in all of your life experiences.

## Please give

The Schmehl family recently received our annual contribution reminder from the Antioch Rescue Squad. The Squad is manned entirely by volunteers. Last year alone our fine volunteers responded to over 1,200 calls. The Rescue Squad has been in existence for over 50 years and it is not supported by tax

dollars. I urge everyone to give what they can to this much-needed community support group. If a lot of people give a little, then the end result would be fantastic.

students who recently graduated from ACHS with many honors. Kathy Harris, Carrie Hiller, Missy Olenick and Joan Werhane graduated with honors and as National Honor Society members. Kathy Harris received a scholarship from the Antioch Lions Club for the "Outstanding Female Athlete." Joan Werhane and Kathy Harris received a scholarship from the Antioch Woman's Club. Carrie Hiller received a scholarship from the Antioch Rotary Club. The Academic Excellence awards went to Kathy Harris, Carrie Hiller and Missy Olenick. Kathy Harris received the "Outstanding Student" recognition for her achievement and efforts in Spanish IV. Once again, congratulations on a job well-done and much success in all of your future endeavors. We are proud!

## Ten wonderful years

On June 4, Scott and Cynthia Marquart celebrated their tenth wedding anniversary. They are a special couple and something tells me they will still be going strong forty years from now - God willing. I hope I am too, heck, I'll only be ninety years old. I think I can, I think I can, I think I can. Happy Anniversary, kids, and best wishes for many years to come. For your 50th anniversary I'll say that special "Lizard" word that Scott loves to hear.

## Home sweet home

By the time you read this tidbit, Marlene Olsen, Jr. (a little Marlene), will be all moved into her beautiful new McHenry condo. It was a big step for Marlene and she is very proud and excited to be an official property owner.

## Special team

The Antioch Youth Baseball League has formed a Challenger Division for children with special needs. On Sunday, June 13, the Antioch Challengers competed in their first game against the Libertyville Challengers. Watch for the dates of future scheduled games and please come out to support these special youngsters involved in the Antioch Challenger team.

## Thank you

About two or three years ago, I contacted Emmons School in an effort to receive a copy of their junior high creative writing book "Reflections." I definitely enjoyed reading the wonderful, creative, works of the students. In my opinion, there is nothing quite as special and unique as a creative young mind. I recently received a copy of "Reflections 1993" and once again I enjoyed the writings immensely. However, this time I did not request a copy. It was sent to

me accompanied by a note that said "Enjoy." I have a feeling my thanks should be extended to Aniela Weeks, am I right? Incidentally, I'll be looking forward to receiving and reading "Reflections 1994." Thanks!

## Reflections

I would like to recognize all of the students who submitted a writing or writings for this year's Emmons School "Reflections" and congratulate them on a job well done. Robyn Bersie, Missy Blasko, Amber Cashmore, Jeannie Crippen, Deanne Dalgaard, Laura Deutsch, Audra Hazners, Jason O'Higgins, Lisa Holbert, Jamie Hope, Keith Hurley, Peggy Katris, Bret Libigs, Erin McMenamin, Audra Miles, Mark Prosise, Andy Roszak, Jamie Silarski, Kim Small, Chris Sormalis, Erik Steffenburg, Jim Tournes and Dan Wiegel. It wasn't easy choosing, but I particularly enjoyed, "You'll Never Know" by Andy Roszak; "The Most Memorable Event in My Life" by Jamie Hope; "Nanna by Robyn Bersie.

## PM&L

The remaining show dates for the PM&L Production "Let's Get A Divorce" are June 18, 19 and 20. The cast consists of Fran Jansta, Kenelm Scheske, Tracy Kiederlen, Lorrie Ferguson, Jerry Van Patten, Bryon Spinler, Bob Haggarty, Shane Kisner, Leslie Letscher, Julie Eckard, Trish Herman, Megan Aronson and dam Reidel. The director is Donna Badtke. Reservations are a must as seating is limited. You may call 395-3055 for reservations or further information.

## What a dresser

I had occasion to appear at a public function as a GLS board member. I decided to shock everyone and dress up a bit for the event. I washed and curled my graying tresses, applied some makeup, stepped into a new dressy pant suit, manned my high heels and even put on gold colored hoop earrings. Because of my cowardly ways, my earrings were clip ons. As Marie Brausam and I entered the auditorium, we

sought out board member, Cynthia Marquart. As we climbed upon the bleachers, Cynthia told me that I looked nice and I thanked her. However, taking a closer look Cynthia got the giggles and informed me that I had my earrings on backwards. OOPS!

## Gathering

The following people attended a "Designs by Diane" fashion showing at the home of "The Lizard," Darlene Olenick, Donna Schmehl, Barbara Filips, Marie Brausam, Karen Schmehl, Cindy Marquart, Cathy Dunfrund, Fran Adelizzi, Linda Boerman, Elaine Lasky, Jean DeAngelis and Debbie Foerster. Everyone had a fun time modeling the beautifully hand-painted articles of clothing, chit chatting and nibbling on the munchies. If you have an opportunity to see Diane's creations, either at a craft show or a home show, I think you will have a very enjoyable time adding to your wardrobe. If you would like more information on "Designs by Diane" call 551-1952.

## Grass Lake students travel to Williamsburg, Virginia

Sixteen junior high students, Carolyn Adams, their teacher, and Pat Santiemmo (parent chaperone) traveled to Williamsburg, Va. where they were joined by Don Grob (parent chaperone) to participate in the social studies project they had been planning since July. The educational travel program that the group chose is named Earth Shuttle, and it is affiliated with the Carter Company of Boston.

Backed by Boson University and the Williamsburg Foundation, Earth Shuttle offers a hands-on approach to history. While in Williamsburg, the group experienced colonial life by doing chores, wearing colonial clothes, participated in a simulated archaeological dig, visited a wigmaker's shop and other colonial businesses. Also, the students explored Jamestown and Carter's Grove, a colonial plantation.

Students toured Washington, D.C. where they visited the nation's capitol, Ford Theater, the Air and Space Museum

and the American History Museum at the Smithsonian, the Vietnam War Memorial and the Lincoln Memorial. Following a busy day, they returned to Antioch that evening.

Carolyn Adams thanked Pat Santiemmo and Don Grob for chaperoning, the parents for their help and cooperation, the students for their hard work, and Antioch service clubs for their contributions and support. Antioch Lions Club and Antioch Rotary Club donated \$500 each and the Exchange Club of Antioch gave a contribution to be applied towards the chaperones' bill.

Students participating in Adams' adventure in social studies were Heather Dawson, Brian Dembinski, Ben Friel, Amber Gore, Paul Grob, Adam Hiller, David Izenstark, Cindy Jones, Jenny Konstans, Jillian Litchford, Charissa Misch, Sean O'Donnell, Nikki Santiemmo, Shelley Shaaf, David Wallsteadt and Sandy Webel.

Grass Lake students Sandra Webel, Amber Gore, Shelley Schaaf, Cindy Jones, Jillian Litchford, Jenny Konstans and Charissa Misch put their shoulders to the grindstone to turn the windmill house to grind corn in Williamsburg.

## Briefs

### School Success

The right school does make a difference. At least 90 percent of the students attending Catholic Central High School go on to higher education. According to the school, this is a result of the low pupil-teacher ratio, providing high personal interaction. The school boasts state championships in football, basketball, baseball, softball, and volleyball. You do not have to be Catholic to attend Catholic Central High School. Everyone is welcome. For more information call 763-1510. An informational session will be held in St. Peter's Church in Antioch after the 5:30 mass on Saturday, June 26.

### Lead Screening

Lake Villa Township will be offering lead screening for a nominal fee on June 16 and July 16 from 9 a.m. to noon. The tests will be done at the community room in the Lake Villa Township building. An appointment is necessary, so please call the Township offices at 356-2116.

### Oakland Registration

On August 16 and 17, registration will be held for the Oakland School. The hours will be 9 a.m. to noon, and 1 p.m. to 4 p.m. on Monday, August 16. On Tuesday, August 17, registration hours are noon to 3 p.m. and 6 p.m. to 9 p.m.

## Dredging to start on Lotus Woods Channel

Starting next week, the Chain-O-Lakes Fox River Waterway Management Agency will commence dredging the Lotus Woods Channel south of Grass Lake Road in unincorporated Lake County. Material will be moved from the channel bottom using a hydraulic dredge. The dredged bottom sediments will be pumped across the Grass Lake-Fox Lake boat channel to Ackerman Island, site of the dredge dewatering facility.

"I've been waiting for this day for a

long time," exclaimed Judy Martini Chain O' Lakes Fox River Waterway Management Agency Director for Lake County, a long time proponent of the project.

The Agency will remove over 96,000 c.y. of material in two places from the channel, which was last dredged by the State of Illinois many years ago. This year the Agency plans to dredge to approximately Fourth Ave., the limits of reach of the Agency's existing pipeline. The work is expected to last all summer and part of the fall.

## Stolen paper returned

by TINA SWIECH  
Lakeland Newspapers

An Antioch man who's morning paper was stolen, June 12 didn't want to press charges, he just wanted his newspaper back.

The man, who wishes to remain anonymous, reported that he stepped outside at 5 a.m. Saturday, where he lives on Osmond Drive, to catch the latest news, when he saw a suspicious vehicle parked out front of his home and a man down on his knees looking as if he were praying, the man told the Antioch police.

Besides the driver, Neil Monson, 19, of 24900 W. Clinton, in Round Lake, there were two passengers in the car - Shawn Webster, 22, 1423 Woodridge, Round Lake Beach, and Jaqueline Torok, 23, 608 Avilon Dr., Round Lake. The man then said that he observed the driver get out of his car and pick up his morning paper that had just been delivered, and place it in his vehicle. Then he said that he saw Webster on the ground, and observed that he was not praying at all, but was vomiting. Then both men got into the vehicle and drove off, the resident told police.

Two officers arrived at the scene, and one chased the beige 1987 Dodge Hatchback, while the other stayed with the complainant in order to get more information. The officer pursuing the vehicle, found it heading south on Rte. 59 where he stopped the car near Hillside Ave.

There, the officer asked Monson for his drivers license, which he did not have with him. The officer ran a check on the man and discovered that his driving privileges had been suspended in May. Monson was placed under arrest, and the responding officer then went to the car again to interview the passengers. After speaking with them, the officer noted they both "appeared highly intoxicated."

The officer also saw the morning paper still wrapped in blue plastic sitting on the front seat of the car. Both Webster and Torok were taken to the Antioch Police Department where they could arrange for rides home. Monson was also taken to the station after being issued a traffic citation for driving on a suspended license. He was released on a recognizance bond, and given a court date of July 1993.

## Police Beat

Persons charged with a crime are innocent until proven guilty in a court of law

### ANTIOCH Fight

Antioch Police reported on June 11 that they received a phone call at 12:30 a.m. from an unknown source that there was a fight in the parking lot of the Taco Bell restaurant at 322 Rte.173 in Antioch.

Police responded to the call to find an employee of the business Clifford Kelly, 18, of Salem, Wisc. in the restaurant. Kelly told officers that he had just been involved in a fight with his brother, Patrick Kelly (21) of Chicago who came into the establishment teasing him about his "gook wife," referring to her being from Vietnam.

Officers said that subjects pushed and kicked each other,

and then the older Kelly left the scene in an unknown vehicle. No complaint was signed by Clifford or the Taco Bell management. Officers attempted to find Patrick, but did not locate him, according to the report.

### DUI

Antioch Police reported that on June 14 an Antioch man was placed under arrest for driving while intoxicated in the early hours of the morning. Dennis Baker, 28, of 41741 N. Country Club Rd., Antioch, crossed the center line three times, ran off the roadway onto the shoulder area, and ran through a red light at the intersection of Rtes. 59 and 173, according to police. Baker

refused the first breathalyzer test by officers, but took the second one and failed. His 1983 Plymouth was towed by Herbs Towing in Antioch, and Baker posted a \$300 bond.

### Open Door

The Administration of the town of Antioch may have an open door policy, but police reported that on June 12, many of the doors at the village hall were found wide open in the early hours of the morning. Sgt. R. Roth of the Antioch Police Department was making his rounds at 6:30 a.m. when he found the rear northwest entry to the building ajar. It is adjacent to the police department, located on Rte. 83.

## Invite road adoptions

### Volunteers sign up to clean litter from county highways.

A footnote to Lake County history will be recorded at 7 p.m. Wednesday, June 23, when members of the Wadsworth Lions Club step out to clean up roadside litter in the county's new Adopt-A-Highway program.

At last check, 10 organizations had signed up and eight organizations are awaiting approval for the program being pushed by the Public Service Committee of the Lake County Board. Initially, 30 miles of the county's 267 mile system were "adopted." For safety reasons, 67 miles were eliminated from the program so that still leaves plenty of room for more adoptions.

Volunteers are outfitted with orange safety vests and the county provides trash bags which are picked up later by highway crews. Typically, stretches of road a half mile to two miles in length are available for adoption. Volunteers must commit to viewing a seven-minute safety training film and an estimated two to four hours of work.

The Adopt-A-Highway program was adopted by the county at the behest of County Board Rep. Colin McRae of Mundelein after legislation was passed by the General Assembly paving the way for the program. McRae is chairman of the Public Service Committee.

Interested groups should contact Tom Dixon, administrative director of the county's transportation division, at 362-3950. Signs are posted recognizing groups that are caring for the roadways.

## Fort won't fade away

### Environmental questions likely will keep shuttered Ft. Sheridan in the foreground for a long time.

Ft. Sheridan is closed—finally. Sounds strange. Winding down, though, might last almost as long as the memories of the venerable military installation that was so tightly bound in the economic and social fabric of Lake County for more than a century.

Amidst the years of turmoil surrounding the disposition of the fort, the Illinois Environmental Protection Agency has been waiting in the wings with perplexing questions that take precedence in the ongoing debate over whether the Navy will get housing space, private de-

velopers will get a shot at the irreplaceable real estate, siting of a national cemetery, can the Forest Preserve Dist. or Highwood and Highland Park wangle some acreage for public usage or what to do with historic buildings?

In effect, the EPA has said, Put your deliberations on hold, guys. Before you do anything, tell us what's going to happen to all the live shells buried in the pristine bluffs along Lake Michigan and what's to be done about possible oozing from old landfills hidden by greenery and new growth.

Ft. Sheridan likely is one old soldier that isn't going to fade away. There are rich memories, but there also are knotty realities that will keep the venerable post very much in the forefront for a long time to come.

## Letters to the Editor

### Voting public ignored

Editor:

Who says the voting public has power? If you don't like what you see, get out there and become involved, say the politicians. So we did; by the hundreds. So June 8 the Libertyville Village Board went right ahead and gave Richard Brown what he wanted—more power and money and influence in Lake County politics. The board got a little something for itself too—an easement for its much desired extension of Butterfield Rd.

And what did the people at the north end of Libertyville get? Well they got 68 Cambridge cookie cutters instead of custom homes on two acre sites as delineated in the comprehensive plan. They got increased class size at Adler Park School. And they got ignored.

I suggest you all request a copy of the donations and expenditures of Jack Martin's PAC Citizens for Good Government. Take a look at who wants to control Lake County. It sure isn't the voting public.

### Citizens being exploited

Editor:

The health, safety and welfare of the children of Big Hollow School and the residents of Ingleside with regard to the proposed asphalt plant will be determined by those who wish to exploit us rather than on the basis of the facts.

At a zoning board meeting, it was decided that Peter Baker and Sons will be allowed to hand pick the engineering firm to perform the necessary studies to determine the suitability of the project. If it were not for the courageous efforts of two of the members, these studies would not even have been requested.

What is motivating certain zoning board members to allow Baker and

Doetsch to certify their own plans as safe? Why do certain zoning board members go out of their way to accept the word of these petitioners who have had their gravel pit red tagged for illegal dumping (Continued on next page)

### Mayberry-type comedy more psycho-drama

by BILL SCHROEDER

There may or may not be truth to reports that several television networks are bidding for rights to a prime time comedy based on grassroots government, sort of a "Mayberry Revisited." The program would be a fictionalized version of real life happenings in Lake Villa Township where truth has become stranger than fiction.

The leading character would be patterned after Highway Commissioner Jim Semmerling, a hands-on, rough-hewn guy with a dockhand's sense of humor who has elevated self government to high comedy with a quirky style of administration and a

pendant for name-calling outbursts at public meetings. The supporting star would be Supervisor Sue Hanson, Semmerling's No. 1 political foe in real life and often the target of emotional explosions in the past confined to private conversation, but lately exhibited at public meetings.

While the Lake Villa Township is more of a psycho-drama than a comedy, the parody of self-government is an embarrassment to all the citizens of Lake Villa Township.

While carving out a small screen caricature, Semmerling apparently

doesn't realize that the larger-than-life role he is playing is damaging local government and undermining the good will of the voters who returned him to office last April. Semmerling has considerable talent and experience as a township road commissioner, but he's out of his league as a high priest of local politics and the grand wizard of Vox Pop.

**LOOKING FOR TIES**—Russ Ewing, who researches Lake County history and writes interesting stories about the past, has put out a call to help him contact descendants of the Ewing and Russell families. The family line includes Adlai Ewing Stevenson, former governor and "the Man from Libertyville" who twice sought the presidency of the U.S. Ewing, retired and living in Missouri, said distant relatives might be residing in Barrington, Grayslake and Libertyville. He can be reached by writing Route 4, Box 60, Versailles, MO 65084.

**DINNER SURPRISE**—Pat and Ed Kohlmeier, two consummate hosts, delight in spicing up parties with an after-dinner quiz. Ed, the grillmeister, inquires, "How'd you like your steaks?" The gush of superlatives invariably is followed by another question, "Would you believe that we served buffalo steaks?" Guests can vouch for their own taste test that buffalo meat is rich in flavor and low in fat, a great change of pace. Although the Kohlmeiers Nippersink Rd. spread is large enough to house a small herd, they buy their buffalo meat from a Wisconsin farmer.

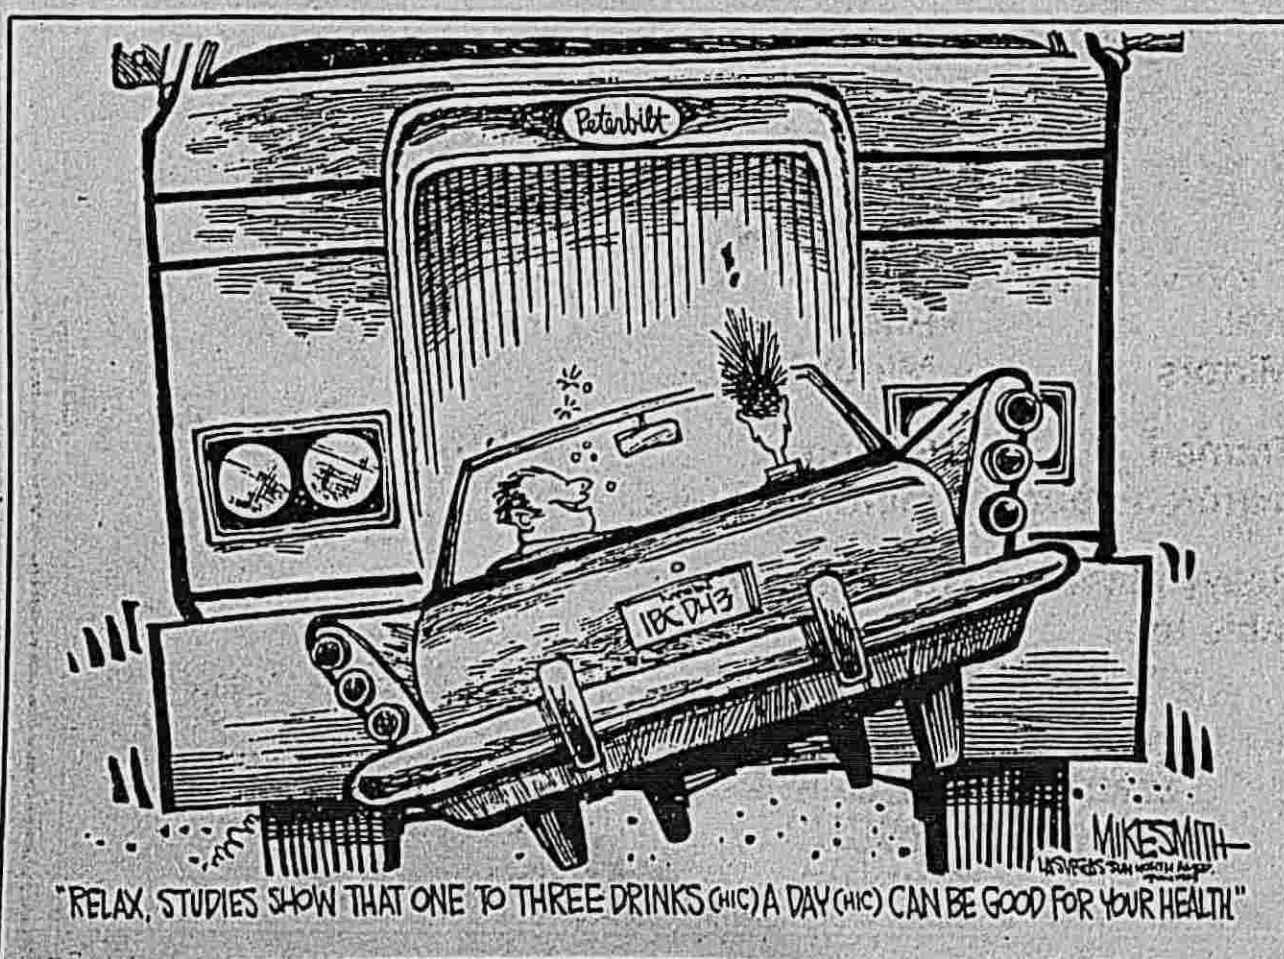

**PUTTING ON A BAN**—Max Unit, owner-operator of Country Grocer, a delicatessen store at Milwaukee Ave. and Rockland Rd., Libertyville, found an easy solution to the problem of what to do about objectionable adult magazines available in stores frequented by children. "I simply took them out. That's all there was to it," explained Unit.

Country Grocer is a half block from Rockland School. Unit said a group of parents asked him to remove the adult magazines. Removal of the magazines created a momentary dent in sales, Unit admitted, but not near the havoc with business that might have been caused by the kids not stopping in after school daily for candy and soft drinks or their parents finding somewhere else for their deli items and quick purchases. In all, the decision was easy. Congratulations, Max.

**COMPETITION**—Hainesville is getting competition from Mettawa as Lake County's most notorious speed trap, according to motorists pinched on Bradley Rd. Irate drivers say the village ought to switch enforcement to Rte. 60 where there is speeding all day long. Mettawa doesn't have its own police force. The tickets are handed out by Lake County sheriff's deputies.

and damage to wetlands, and their asphalt plants cited for 29 violations of the Clean Air Act? Why are strong, factual and legitimate objections to this project from so many people discounted as "allegations and innuendoes?"

The facts are clear: (1) Lake County will not permit this project because of their concern for the environment—that is why the petitioners have come to Fox Lake. (2) Doetsch and Baker have both been cited for environmental damages. (3) The Village of Fox Lake will be legally responsible under Federal Stormwater guidelines for the quality of the ground and surface water. (4) 1,700 citizens objected to this project in writing.

## Dispel separatism

Editor:

I read with close attention the Commentary article from Virginia Park (May 28th edition) which appeared to speak to some social and economic changes in our country. Park raises several provocative issues and causes seen as problems or challenges in our society including certain entitlement programs.

She refers to AFDC (Aid For Dependent Children) and asks: "Who can deny that (it) is directly responsible for the large numbers of one-parent, many children 'families' in poor neighborhoods...?" This widely held contention is unsupported by factual information. Health and Human Services current data show there are slightly more than 5 million families (predominately single parent) and 9.63 million children participating in AFDC. This equates to less than two children per family unit, hardly large! The number of children in AFDC families has decreased

slightly from 1975 where there were 2.3 children.

I agree with the concluding thoughts expressed by Park, each of us is an American but this carries the responsibility to be informed and enlightened about social issues which impact our country. The greatest separatist forces we need to dispel are based on issues of race and economics.

## People kept in dark

Editor:

Information reported from the Antioch High School Superintendent last week contained a conclusion that many voters have reached. Dr. Schley was quoted as saying "Right now we have more questions than answers." Residents have more questions than answers because the administration has tried to keep them in the dark. The administration lacks answers because they have chosen to not hear responsible community leaders and constituents within their district.

Dr. Schley questions the spending of \$100,000 on "that old building," yet did not hesitate spending that same amount on architects who were willing to state what the administration wanted to hear and support erroneous conclusions drawn by the board. While Dr. Schley says he is opposed to "wasting resources" that is exactly what the board has done. Clearly, that \$100,000 could have been spent more wisely and the residents of Dist. 117 would now have far more to show for their investment.

When the architect hired by the school concluded expanding the existing building was impossible they were wrong. When they said other architects hired by Vern Holmes also concluded building expansion was not possible, they were wrong.

Credibility is now a problem for them and the board which hired them. Voters now understandably view other conclusions regarding the building with skepticism. Once credibility is lost, so is trust.

## 'Kid's First Fair'

Editor:

Every day we read about families "falling through the cracks" and not being able to obtain routine medical services. To answer this need, the Lake County League of Women Voters and the Lake County Health Dept. are joining forces to present a "Kids First Fair" to help low income children ages five through 14 get ready for school and to provide immunization and lead screening to younger children.

Free school physicals, immunizations, lead tests, dental screening, speech and hearing screening for pre-schoolers, school supplies, backpacks and toys and books for preschoolers will be available.

Parents will be able to register to vote, obtain Social Security cards, and sign-up for needed social services from over thirty agencies which will be attending. The income guideline is 185 percent of poverty, which means a family of four could earn up to \$26,547 gross income and qualify for these services. Several Lake County companies have donated funds to help with the effort. Some Lake County school children even donated school supplies and books.

We need volunteers for the Kids First Fair scheduled for Aug. 11 from 2 to 8 p.m. at Waukegan High School, located at Brookside and McAree in Waukegan. We need physicians, nurse practitioners, nurses, to perform school physicals as well as dentists, hygienists and lab techs.

If you are interested in helping get kids started back to school on the right foot, call Sharon at the Lake County Health Dept. at 360-6716, 6753, or 5917.

# Treasurer Anderson set to begin 1994 campaign

"Count me in."

County Treasurer Jack "Red" Anderson isn't playing coy about his reelection plans. He's a candidate for a fifth term in 1994.

When Party Lines asked Anderson if he is going to make a formal announcement, the jovial Gurnee resident reminded that he announced that he would be running in '94 when he was reelected in 1990. How soon people forget.

County Board members recently paid tribute to Anderson and one of his trusted aides, Mitchell Stanton, on the observance of their 35th anniversary in the treasurer's office.

"If I'm successful next year," Anderson mused, "that'll be 40 years in the treasurer's office when I retire—20 as an

employee and 20 as the boss. That's quite a career. I love my job, but I think I'll be ready to step down after five terms. I'll be 63 then." Anderson also enjoys campaigning.

Sheriff Clinton Grinnell has passed the word that he'll be a candidate to succeed himself next year. One of his

lieutenants, Ed Sindels, is expected to challenge Grinnell in the primary next spring. If Sheriff Grinnell doesn't make an official statement by July 13, he'll be sure to have something to say then about his political future. That's the date for Clint Grinnell Night, a fund-raiser for the

sheriff at Mers Restaurant, Wauconda. Tickets are \$10 each, a real political bargain. Contact Venita McConnell (526-7851) or Bob Collins (526-5728) to obtain tickets.

Crane will be adopting Wauconda as his hometown.

At a visit to Kuechmann Park in Lake Zurich, Kozub talks to a group of children about the important role a hawk like "Sky" has in the food chain.—Photo by Gene Gabry

## Sky helps with prairie mission

Mary Kozub is on a mission. A mission to educate the public about wildlife in Lake County. And in order to do that she first has to save it from disappearing due to increased urbanization.

While this may be a big project for one person to undertake, she has already started working on her project.

Kozub, a new Lake Zurich resident, actually has had to start from the beginning, becoming Lake Zurich's first naturalist after discovering they had no nature programs when she enrolled her daughter into School District 95.

Having worked at the Heller Nature Center in Highland Park for nine years before moving to Lake Zurich, Kozub called the parks and recreation department

and asked them why they did not offer any ecological classes.

After telling them of her background and experience with animals and ecology, the park hired her to an unpaid position in January.

by SPENCER SCHEIN

She currently works part-time for both organizations, and is helping develop Kuechmann Park into a nature center, as well as taking care of two young children with her husband and a 14-year-old dog.

But what makes Mary do all of this, you ask? She loves it.

Having been around animals as a young girl when she used to drag injured birds into her mother's kitchen, Kozub graduated from the University of Wisconsin with a degree in Environmental Law Enforcement.

Kozub stepped away from that area after realizing she could reach more people and make them feel more comfortable about the natural world by actually spreading the word.

Which is what she has been doing for the past eight years by bringing "Sky," her red-tailed hawk, to area schools, businesses and private affairs. Kozub said she tries to teach everyone how animals and plant life work, so they will understand and be more comfortable when they come upon it later.

When she takes Sky out for a visit, many people think Sky is an eagle, and some try to pet her as if she were a domesticated animal. They don't try it again, because as Mary says, "Wild animals are wild."

Kozub talks about how we need to protect hawks like Sky because they are at the top of the food chain, and let us know when there is something wrong with the eco-system. Since they eat ducks and

other water fowl whole, if the water is full of pesticides, the fowl and the hawk will die.

Without them, Kozub said we wouldn't know there is a problem.

Many people may not know Lake County is full of red-tail hawks that have adapted to our environment well. They usually hang around large farm fields or office parking lots, "where there are rabbits running around with no place to hide," said Kozub.

Speaking specifically of Kuechmann, she has spotted many different types of wild animals, including fox, deer, many different types of birds, snakes, rabbits, an owl, a few red-tailed hawks and a falcon.

Once the conservation group is finished restoring Kuechmann, Kozub hopes to have it brought back to its original state before development started. She also hopes to restore the prairie back to how it used to be.

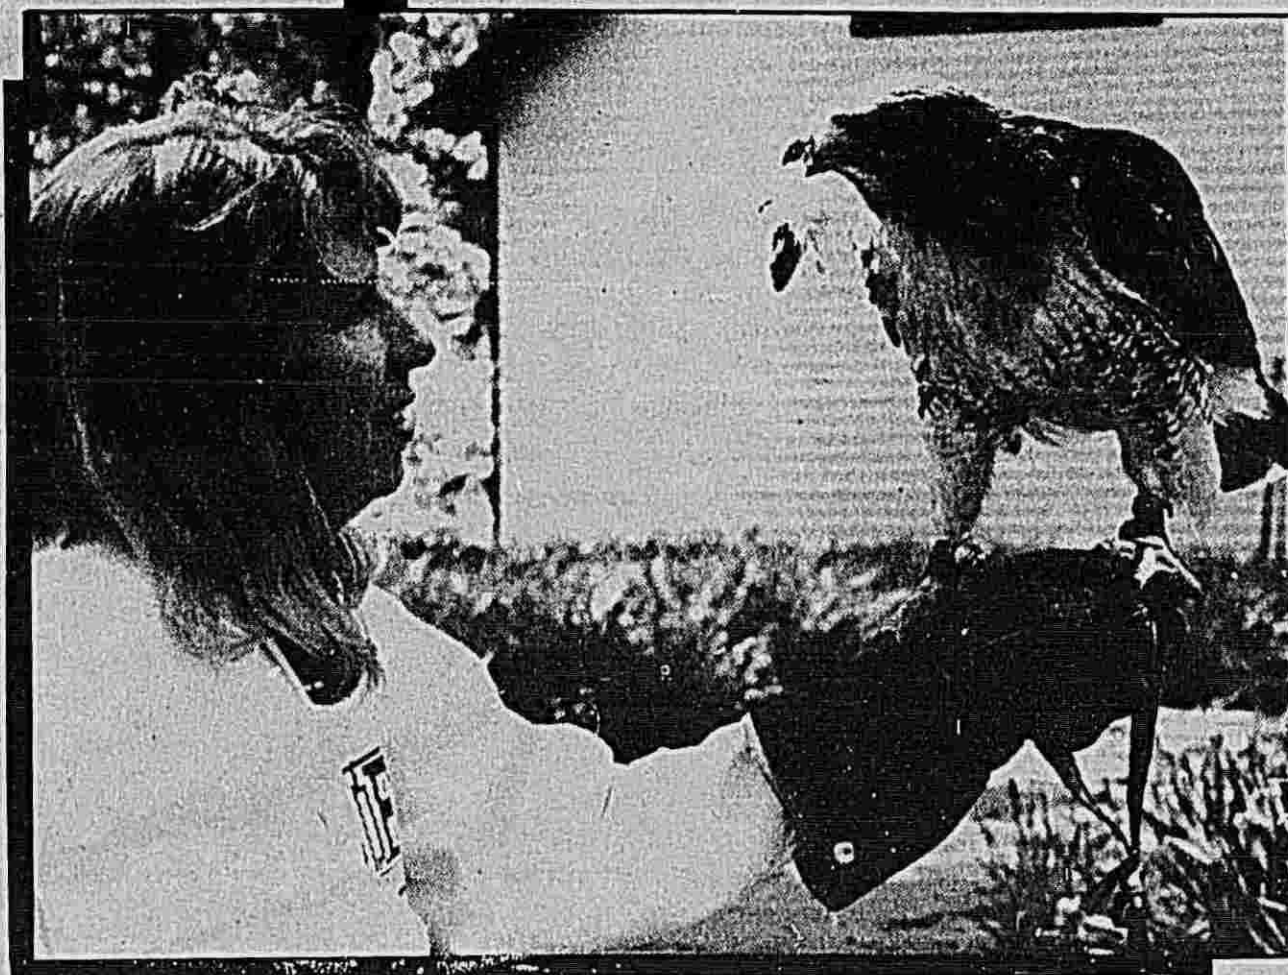

"Illinois is called the Prairie State, and we only have 2,000 acres of prairie left," she said.

Restoring the prairie will also help alleviate run-off water from flooding bodies of water, because the native grass roots go much deeper into the ground than the non-native grasses that have replaced the prairies.

Since the park opened, almost one mile of trail has been placed into the vast seven and one-half acre open space area.

Kozub also wants to develop a wildlife rehabilitation center in Lake County where people can take injured animals they find for help. Currently, no facility exists in the county, meaning any injured wildlife has to be destroyed if a private veterinarian cannot be found.

Wildlife rehab centers in other surrounding counties will not accept animals from Lake County, Kozub said, which is (Continued on page 17)

During the visit, Kozub shows the group what Sky would normally eat for a meal. Kozub also let Sky, who is blind, demonstrate how he finds food using his animal instincts and senses.—Photo by Gene Gabry

## Steak, Potato and Onion Grill

Steak, potatoes and onion take on a new look. Wedges of raw potato grow golden over hot coals, thick beefsteak grills, and tender green onions are briefly heated.

18 green onions  
2 quarts cold water mixed with 2 tsp. salt  
6 medium-size (about 2 lbs.) thin skinned potatoes, scrubbed  
Mustard butter  
2-inch-thick porterhouse, T-bone, or section of sirloin steak (about 2-1/2 to 3 lbs.)

Cut root end from onions, peel off outer layer and trim tops, leaving about 4 inches of green. Immerse in salted water. Cut potatoes in eighths, lengthwise and immerse in water.

Put steak over fire and cook until done to your liking; allow about 15 minutes a side for rare meat.

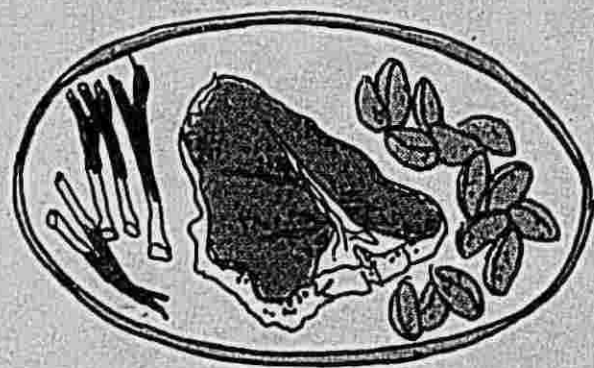

Lift potatoes from water, drain, then mix with 1/4 cup mustard butter. Arrange about half the potatoes over coals without overlapping. Turn potatoes as needed until well-browned and tender when

pierced, about 10 minutes. As cooked, push to a cool section of grill (no coals beneath). Put remaining potatoes over fire as space is available.

Just before meat is ready, lift onions from salted water and lay over coals; cook until white

part is tinged with brown and tops are limp, about 5 minutes. To serve, slice steak and accompany meat, potatoes and onions with mustard butter. Serves 6.

**Mustard butter:** blend 1 cup melted butter with 3 T. Dijon mustard and 1/4 cup minced shallots or mild onions. You can keep butter hot on barbecue as onions grill, if desired. Serve hot.

## Grilled Corn with Pepper Butter

Freshly cracked black, white, dry green and pink peppercorns add a real zing to grilled summer corn.

1/8 tsp. each black, white, dry green and pink peppercorns  
4 medium-size ears of corn  
Salad oil  
1/4 cup butter, melted  
1 small clove garlic, minced  
Salt

Coarsely crush peppercorns with a mortar and pestle (or place in a small

plastic bag and crush with flat side of a mallet).

Strip and discard husks and silk from corn; brush lightly with oil. Place on a grill 4 to 6 inches above a solid bed of medium coals. Cook, turning occasionally, until kernels are tinged with brown on several sides, 8 to 12 minutes. Mix together peppercorns, garlic and butter. Serve corn with pepper-butter mixture and salt to taste.

Makes 4 servings.

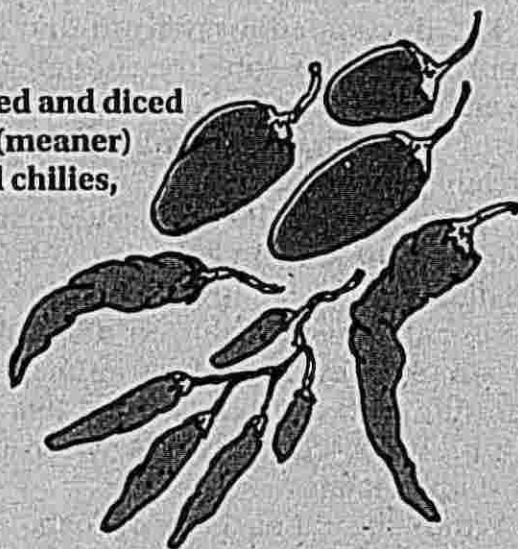

## Mean, Meaner, Meanest Barbecue Sauce

My barbecue sauce and its spicier variations work beautifully brushed on burgers, hot dogs, steak, chicken, ribs, brats, shrimp, etc. I like to brush it on the last few minutes of cooking and then place a bowl on the table for ladling to each person's liking. The degree of hotness you choose will depend on the spiciness of the crowd you're entertaining.

1/3 cup oil  
2 large yellow onions, chopped  
4 cloves garlic, minced  
2 large sweet green peppers, seeded, cored and diced  
3 jalapeno peppers, seeded and minced (meaner)  
2 fresh cayenne peppers or small hot red chilies, seeded and minced (meanest)  
2 cans (35 oz.) tomatoes  
3 T. brown sugar  
2 tsp. chili powder  
1 tsp. dried oregano  
1/4 tsp. ground cloves  
6 T. fresh lemon juice  
1/4 cup Worcestershire sauce  
3 T. red wine vinegar  
Salt and pepper to taste

Heat the oil in a large saucepan or Dutch oven over medium heat. Add the onion, garlic and green peppers. For a meaner sauce, add the jalapeno peppers; for the meanest sauce, add both the jalapeno and cayenne peppers. Saute for 15 minutes. Remove from the heat and puree in a food processor fitted with the steel blade. Return to the saucepan.

Process the canned tomatoes with their liquid, the sugar and 2 T. oil in the food processor until smooth. Add to the saucepan. Stir in the chili powder, oregano, cloves, lemon juice, Worcestershire sauce, red wine vinegar, and salt and pepper to taste. Simmer uncovered over low heat for 45 minutes. Makes about 2-1/2 quarts.

## Happy Father's Day

Knowing how you enjoy barbecuing,  
I hope you'll try some of these recipes, for us.  
We love you, Dad.

## Chili and Cheese-Stuffed Burgers

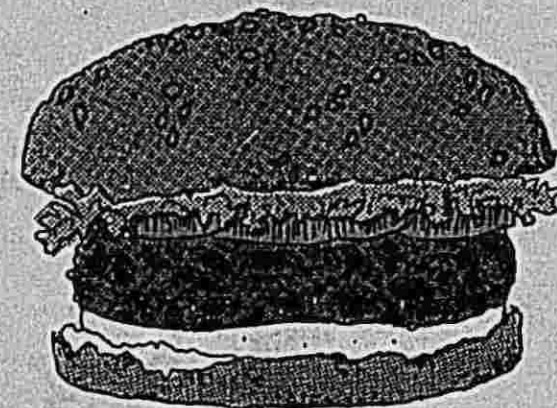

This burger is lovingly stuffed with cheddar cheese pieces and minced, pickled jalapeno chilies. Wonderful!

1-1/2 lbs. ground lean beef  
3 oz. cheddar cheese, cut into matchstick pieces  
2 to 3 T. minced pickled jalapeno chilies  
Pepper  
Garlic salt  
4 round sourdough French rolls or hamburger buns, split  
Mayonnaise  
Green leaf lettuce, washed and crisped  
Sliced tomatoes

Divide ground beef into 8 equal portions; shape each portion into a patty about 1/4 inch thick. Top 4 of the patties with equal amounts of cheese and jalapenos; cover with remaining patties, pressing edges together to seal. Sprinkle with pepper and garlic salt to taste.

Place patties on a lightly greased grill 4 to 6 inches above a solid bed of hot coals (you can hold your hand at grill level only 2 to 3 seconds). Cook, turning once, until well browned on both sides and done to your liking, 10 to 12 minutes total for medium-rare. When

you turn patties, place buns, cut side down, around outside of grill to toast. Serve patties on buns with mayonnaise, lettuce and tomatoes to add to taste. Serves 4.

## Green and Red Coleslaw

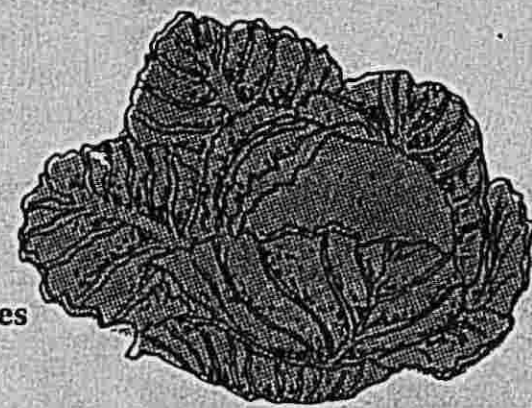

Cold, crisp and colorful! Shredded cabbage with match-stick cut red bell pepper pieces make for a great summer coleslaw. Serve in large outer cabbage leaves.

2/3 cup mayonnaise  
1/3 cup unflavored yogurt  
1/8 tsp. pepper  
1 tsp. each sugar and prepared mustard

1 T. white wine vinegar  
2 T. chopped fresh dill or 1 tsp. dry dill weed  
1 small cabbage (green) 1 to 1-1/4 lb., thinly shredded (about 2 qt.)  
5 green onions (ends trimmed), thinly sliced, including tops  
1 small red bell pepper, stemmed, seeded and cut into matchstick-size pieces  
Dill sprigs for garnish  
Large cut cabbage leaves for serving

In a large bowl, combine mayonnaise, yogurt, pepper, sugar, mustard, vinegar and chopped dill; mix well. Add cabbage, green onions and red bell pepper; mix lightly to coat well. Cover and refrigerate for at least 2 hours or up to 8 hours.

To serve, carefully place into large cabbage leaves and garnish with dill sprigs. Makes 4 to 6 servings.

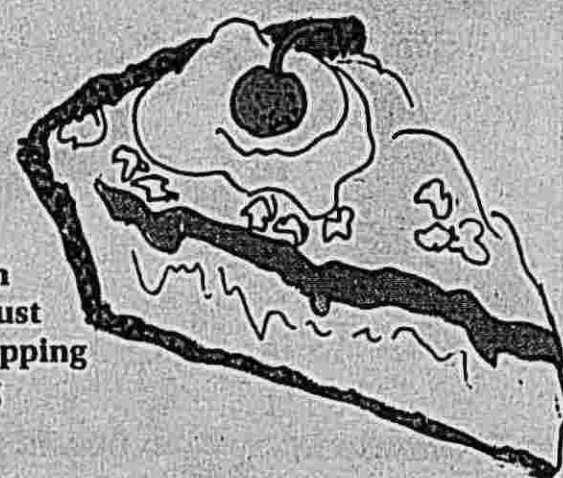

## Banana Split Pie

So cool and refreshing, this will be a favorite of the young and 'not-so-young'.

1 medium banana, thinly sliced  
2 tsp. lemon juice  
1 quart (4 cups) strawberry ice cream  
9-inch prepared chocolate crumb crust  
1/2 cup chocolate fudge ice cream topping  
1/2 cup pineapple ice cream topping  
Whipped topping  
Chopped nuts

Toss banana in lemon juice; set aside. Spoon half of ice cream into prepared crust; arrange banana slices over ice cream. Drizzle fudge topping over bananas; spoon on remaining ice cream. Drizzle pineapple topping over top; dollop whipped topping over all and top with chopped nuts. Freeze until firm, at least 6 hours. About 30 minutes before serving, place in refrigerator to thaw slightly. Makes 8 servings.

## Children summer workshop begins

Waukegan Community Players is presenting a new program intended for children between the ages of 8 and 14. The players will hold a seven-week summer workshop to both educate and entertain children interested in the theatre arts.

Sessions will be headed by persons educated in and experienced in these areas, and in working with children in theatre. The workshop will begin with the basics and work up to a finale of an actual play, in which the children will perform and also take part in the technical preparations. They will also have input into the musical and script aspects of their production, so the entire show will be done by them, providing valuable experience for later theatre involvement. Enrollment is limited. Call Bowen Park at 662-0181 to register. The program begins June 24 and ends Aug. 5 and will be held on Thursdays from 6:30 to 8:30 p.m. Cost is \$25 per child.

## Tumble into summer at Richmond Memorial Hall

There are still openings for the one-week summer programs for kids at Richmond's Memorial Hall, 10308 Main Street, sponsored by Creative Arts Center of Nippersink.

Tumbling Camp is offered in three sessions: preschool, beginners and intermediate. The camp offers children an opportunity to increase coordination and learn new skills in a relaxed, supportive environment. For more information call (815) 678-2510.

## Nature fun for youth in forest preserves

Naturalist-guided programs for children of all ages are available in the Lake County Forest Preserve this summer. "Nature Explorers," "Young Naturalist," "Tadpole and Toad Naturalist," and "Nature Art Week" are designed to let children spend time outdoors discovering and learning about nature.

Reservations and advanced payment are required for all programs. A program brochure and registration form is available by calling 948-7750. Space is limited in all programs.

Nature Explorers is for children ages 11-13. This group meets in McDonald Woods near Lindenhurst and Grant Woods near Fox Lake from 10 a.m. to noon, June 21-23 and finishes with a hike at 7 p.m., June 24.

## Tom Chapin to appear in Woodstock

Tom Chapin will appear in two concerts at the Woodstock Opera House on Sat. June 19. Chapin will perform his critically acclaimed children's show at 2 p.m. and present a concert for all ages at 8 p.m.

The secret of Tom's success lies in that intangible element which combines earthiness, genuine concern and a personal warmth that makes everyone feel like a treasured friend.

Seats are available for the children's show at \$9 each. Seats for the evening concert are \$11. Tickets are on sale at the Woodstock Opera House. For more information call (815) 338-5300.—by RHONDA VINZANT

# Kozub

(Continued from page 15)  
why she believes it is necessary.

She recently had to have several raccoons she found in her garage put down because no one would take them in.

Kozub would make the center not only be for rehabilitating, but for education as well, where both children and adults could come and learn about animals and become less threatened by them.

The center will take between two to

five years to make, as Kozub said they will need funding, possibly a land donation and enough money to hire two to four full-time employees.

While it is only just being discussed, Kozub said there are a lot of concerned people.

Once it is developed, you can be sure to find Mary there, trying to teach more people about her hawk and other wildlife.

**Mini Cruise Maxi Fun**  
by JIM WARNKEN, PRESIDENT  
**NORTH STAR TRAVEL, INC.**  
I just returned from a three day cruise aboard one of Carnival Cruise Lines' newest "Mega" ships called the Fantasy.  
In the past, most three day cruise ships were older, rehabbed trans-atlantic vessels. Not the case here!  
As soon as I boarded the Fantasy on Friday, I found myself in the five story high "Grand Spectrum" lobby, complete with glass elevators whisking passengers to the upper decks. I was surrounded by the glitter of miles of neon lights. I knew immediately this was no relic from the '50's. In fact, it was hard to believe I was on board a ship.  
The Fantasy's extensive open deck space is also a welcome change over the closed-in trans-atlantic ships which were designed for colder weather and lack space for sun bathing.  
Saturday morning we docked at Nassau. If you're just interested in shopping and a little sight-seeing, skip the city tour shore excursions, since all the shopping you can handle, and most tourist attractions, are within walking distance of the port.  
Other shore excursions include a private island with a great beach, as well as snorkeling trips, and SCUBA diving.  
Carnival also offers an evening shore excursion to the fabulous Crystal Palace Hotel and Casino. I, instead, headed for a small night club I found years ago called "Peanut Taylor's Drumbeat Club". Peanut's is a short walk from the ship and has an excellent "Island Show".  
Sunday was our "Day at Sea". Many of my shipmates enjoyed trapshooting, ice carving, games, contests, talent shows, and lots more. Since I was up rather late checking out the Fantasy's many discos and lounges, I found a lounge-chair on the uppermost deck at the bow (front) of the ship just forward of the jogging track. Here I was away from the sounds of the Reggae Bands and the "Fun Crowd" around the pools (there's three). I basted myself in sunblock 30, ordered an ice cold drink from one of the wandering barboys and just laid back watching the islands go by.  
All too soon we were back in port Monday morning.

Donations of new and used records (LPs, 45s and 78s), cassettes, compact discs, video tapes, musical instruments, audio/video equipment, sheet/book music and related musical items will be accepted. Contributions are tax deductible. All proceeds from the event will benefit the Les Turner ALS Foundation. For further details call 674-MART.

**History of art in newspapers**

The history of the use of art in newspapers is explored in a program and exhibit at the Lake County Forest Preserve's Lake County Museum on Rte. 176 near Wauconda. The exhibit, which runs through July 5, explores the impact of illustrations, photographs, cartoons and maps on the content and appearance of newspapers. Gallery hours are 11 a.m. to 4:30 p.m. Monday through Saturday, and 1 to 4:30 p.m. Sunday. Admission is \$1.50 for adults and 50 cents for students. Janet Ginsberg, curator of the exhibit, will present a gallery talk on her work on Sunday, June 27 at 4 p.m. Reservations for the program are required and can be made by calling 526-7878.

# Humor in high gear

## Critic's Choice

Second City Northwest cranks up its humor machine to high gear as it rolls along with its 11th satiric revue, "Flowers for Algonquin or Des Plaines, Trains and Automobiles." It's a show that features a pair of frustrated writers plotting revenge on Bozo the Clown and a genie who is summoned by rubbing a coffee pot.

Most of the time, the six-member cast, directed by Norm Holly, is on target with its comedic darts although a few skits inevitably miss the bull's-eye.

Happily, hits in this fast-paced 90-minute frolic carry quite a pop.

"90-94 Tears" is a lively, clever parody of life in the slow lane—in this case being hopelessly stuck on the Kennedy Expressway due to perennial reconstruction projects.

Some of the skits are brief, one-joke renditions ("Shaft" and "Baby Ron")—and they work well.

But the convoluted "Homicide" and the sentimental "After the Fall" overextend themselves.

John Thies makes a delightful President Clinton in "Outrage," and hulk-like Jim Zulevic has the ability to draw out laughter no matter what he does. Others in the group include Aaron Rhodes, Tracy Thorpe, Nia Vardalos and John Hildreth.

The theater's minimalist set is carried one step further in "The Party," a skit that takes place mostly in a dark basement filled with cigarette smokers.

Second City Northwest, in Rolling Meadows, has performances Wednesday through Sunday. For ticket information call 806-1555.—by TOM WITOM

Cast of Second City Northwest's 11th revue includes (top row, from left) Aaron Rhodes, Tracy Thorpe, Jim Zlevic and John Thies; (bottom) John Hildreth and Nia Vardalos.

# Wheel World Stallone is back in 'Cliffhanger'

For the multitude of movie goers who love a good quality kill, full of explosions, gore, and death defying feats, one of the best is back doing what he does best.

After dallying with a venture into comedy, in which Sylvester Stallone fell flat on his face, Rocky returns in one of the many big summer film violent adventures, "Cliffhanger."

Deciding not to continue to argue with success, Stallone is back playing the underdog striving for the impossible, defying death at every turn.

The scenery, supposed to be the Colorado Rockies, but shot in the Italian Alps, is breathtaking.

The special effects that often have Stallone and other cast members hanging off of sky high cliffs while being attacked by a helicopter or two are also breathtaking. Publicity says that Stallone does 95 percent of his own stunts in this one. If so, the man is no wimp!

Director Renny Harlin incorporates astounding shots that speed up the sides of a cliff, giving viewers some of the feeling such fantastic heights evoke.

Wisely, Stallone is almost always involved in a great physical effort, leaving his dialogue at a minimum.

John Lithgow, fine actor that he is, seems somewhat out of place with his English accent, as the villain who is the head of a gang that loses \$100 million of stolen money

## Sales professionals

The monthly dinner meeting of the National Network of Sales Professionals will be held on Monday, June 21 at the Wellington of Arlington, 2121 S. Arlington Heights Rd., Arlington Heights. Meryl Squires, president of The Destiny Group, Inc. will present "You Are What You Believe You Are: The Beliefs of a Superb Sales Professional." Cost of the dinner is \$20 for members, \$26 for non-members and \$28 for walk-ins. Reservations can be made by calling 253-2661.

## Genealogical society

The Zion Genealogical Society will meet on Monday, June 21 at 7 p.m. at the Zion-Benton Public Library. A Civil War video, "Documents Available Relating to Illinois Research," will be shown. Call 623-6469 for more information.

TUESDAY

## Women Employed

The 20th Anniversary Dinner of Women Employed, a nationally recognized, Chicago-based advocate for equal opportunity and economic self-sufficiency for women, will be held Tuesday, June 22 at 6 p.m. at the Chicago Hilton and Towers Grand Ballroom. Madeleine Kunin, deputy secretary of the U.S. Dept. of Education, will be the keynote speaker. An afternoon roundtable forum will begin at 3:30 p.m. Individual tickets for the roundtable and dinner are \$75, roundtable tickets only are \$35. Call (312)782-3902 for tickets or more information.

## Young Single Parents

For parents who are single, divorced or widowed, between the ages of 21 to 60, join Young Single Parents Club every Tuesday at the Uptown Ballroom, 62118 22nd Ave., Kenosha, Wis. from 8 to 11 p.m. for dancing and socialization. For more information call Buzz at (414)652-1677.

in the mountains.

Janine Turner of "Northern Exposure" fame, and Ralph Waite, play Stallone's girlfriend and sidekick, respectively.

Stallone loses his mountain climbing nerve when he fails to save a friend, but he recovers and comes back to get his girlfriend when the rescue call for Lithgow and his nefarious buddies comes in. Their plane has crashed in the mountains.

Sylvester Stallone

That's when the excitement starts as Stallone and company, unaware of the character of the people they are trying to save, go through some very harry happenings so that right can again triumph over evil.

As these action flicks go, this rates in this summer's Top Ten. Stallone is midway between the grunts and groans of the likes of Chuck Norris, Stephen Segal and Arnold Schwarzenegger, and the witty shenanigans of Bruce Willis and Mel Gibson.

For those who are still turned on by the stacking of dead bodies, by people who look death right in the eye and defy it, and by a myriad of bad language, "Cliffhanger" rates four out of five stars.

This is an R-rated movie and as usual the kids will want to go see it. Good luck Mom and Dad.

We recommend that those of you who desire a great storyline, added to some great performances, and a plot of substance, pass this one up.—by GLORIA DAVIS

## Horoscope

- ★ **ARIES** (March 21 to April 19) Partnership responsibilities are accentuated. The needs of a loved one may take priority over career interests. Distant financial affairs prosper, and you'll have some good news about money. Consult with advisers.
- ★ **TAURUS** (April 20 to May 20) You may face an extra heavy work load this week. Because of absenteeism, you may be called on to give up some of your leisure time. Luck comes to you this weekend, as well as new friendships.
- ★ **GEMINI** (May 21 to June 20) If you'll alter your viewpoint somewhat, you may find a relationship question not as difficult to solve as you thought. Job opportunities arise now, and romantic surprises are in store for you. Be tactful in dealing with an over-sensitive coworker.
- ★ **CANCER** (June 21 to July 22) Make sure you keep in touch with elderly relatives. A fond grandparent would like to see you. Intuitive hunches pay off. If you'll keep expenses down, you'll have a happy time in the company of friends and loved ones this weekend.
- ★ **LEO** (July 23 to August 22) Seriousness of purpose will allow you to make much headway this week. Be willing to change your views when the evidence warrants it. The weekend is a favorable time for entertaining at home, but don't ignore the feelings of a loved one.
- ★ **VIRGO** (August 23 to September 22) With economy in mind, you may change your mind about a prospective purchase. Still, the alternative will meet your standards. Good news puts you in a happy frame of mind. Keep in touch with distant friends by phone or letter.

- ★ **LIBRA** (September 23 to October 22) Residential matters are much on your mind. You may assume responsibility for an older relative. Financial luck tempts you to overspend, especially in the pursuit of pleasure. Local visits lead to unexpected romantic encounters.
- ★ **SCORPIO** (October 23 to November 21) You're locked within yourself about a problem. Find new ways to relax. Perhaps you're trying too hard to come up with the answers. Marriage partners and close relatives require consideration.
- ★ **SAGITTARIUS** (November 22 to December 21) Avoid needless expenses. After some gadding about, you'll want to catch up with unfinished tasks. A philanthropic mood makes you want to help others. This weekend, a party may not be the most exciting in town, but your presence will be appreciated.
- ★ **CAPRICORN** (December 22 to January 19) Trust your intuition to guide you to the right answer involving a career concern. Downplay ego. Be willing to change, if necessary. Luck comes to you through friends, so be sure to accept invitations.
- ★ **AQUARIUS** (January 20 to February 18) Be tolerant of the viewpoints of others. Don't become fanatical. A distant matter may concern you, but a friend has some good advice. Over the weekend, you may be invited to an unusual party. Be willing to step out of your usual circle.
- ★ **PISCES** (February 19 to March 20) A friend may ask you for a loan or some other assistance. A look at your accounts could cause you to make some financial changes. Others will help you out behind the scenes. This is a good time to plan for a trip.

## Mouth watering additions tempt at The Village Inn

There are tasty additions to the already delicious menu at The Village Inn of Wauconda. So, if you have already tried their palette pleasers or have never had the pleasure, now is a great time to stop by.

First of all, The Inn is adding a number of mouth watering pasta dishes. Spaghetti and Lasagna now grace the menu.

Home-made tuna and chicken salad are available at this time for lunch. In addition, the out-of-this world garden salad with chicken strips is now being offered.

For a lighter appetite or just a quick snack, try the expanded appetizer menu. Delicious Buffalo wings are only \$2.98. John and Joe, the owners of the Inn tell me that they are also offering potato skins.

The Village Inn boasts a fully stocked, polished wood bar. And, monthly drink specials are the order of the day.

Besides the new menu items, The Inn is very proud of their Baby Back Ribs. The sizzling 14 oz T-Bone steak, served with

baked potato and a salad is still a great deal at \$7.95.

For sports lovers, The Inn offers a big screen television. Stop in with your neighbors to see the last of the playoff games or come in and root for your favorite baseball team in air conditioned comfort.

The Village Inn still offers Saturday night Karaoke. Head down to try out your vocal abilities or to cheer on your braver neighbors.

For a delicious meal in a comfortable setting, stop in to The Village Inn of Wauconda.

The kitchen is open from 11 a.m. until 9 p.m. Sunday through Thursday. On Fridays and Saturdays, the kitchen stays open until 10 p.m.

There is convenient off street parking and The Village Inn is centrally located at 202 S. Main Street in Wauconda. To get more information call (708) 526-8130.

## Lipizzans add weekly shows

This summer, the rare, white Tempel Lipizzan stallions will again perform the breathtaking leaps and majestic promenades of classical dressage for Midwest visitors, as their ancestors did for the crowned heads of Europe in the 16th Century. Widely recognized as one of the region's most unique natural treasures, the Tempel Lipizzans will stage public performances every Sunday at 1 p.m. and Wednesdays at 10:30 a.m., from July 7 through Sept. 1, at their countryside home in Wadsworth. Tempel Farms is the only place in America

where Lipizzans regularly perform classical dressage as developed at the famed Spanish Riding School in Vienna.

The hour and 15 minute performance follows the advancement of the Lipizzan from frisky foals, frolicking alongside their mares, through animated young stallions in the early stages of training, to the highly-refined "Quadrille," or "Ballet of the White Stallions," an intricately-choreographed showpiece of four highly-trained horses performing with precision and grace. There's also a crowd-pleasing display of amazing leaps and lifts known as "Airs Above the Ground," which recreates the strenuous medieval cavalry maneuvers for which the Lipizzans are famed.

Following each performance, guests are invited to visit Tempel Farms' mahogany and brass stables to get a behind-the-scenes look at the prized stallions.

## Libertyville Days is here

"Life's a Parade and You're in It!"

The upbeat theme of this year's Libertyville Days parade on Saturday, June 19, will lend a carnival tone to the whole celebration.

The parade steps off from Newberry Ave. by the theater at 11 a.m. proceeding south to Valley Park Dr. at Cambridge Plaza.

The bike decorating contest will precede the parade (at 10:30 a.m. in the parking lot) and all participants are invited to ride their bikes in the parade.

But there is much more to the Libertyville Days Festival than that.

Bubbles and Giggles. Bingo-in-the-Park. Pony rides. Haircuts in the park. Family Day—something new this year!

The carnival, Food Garden and Beer Garden are ongoing. Characters and clowns will be strolling around the parks.

Highlights of the festival will include the Children's Party at 1 p.m. Friday and the Miss Libertyville/Little Miss Libertyville pageants on Sunday afternoon.

A variety of musical entertainment will please all ages. Scheduled performances include the Village Band at 7:30 p.m. Thursday in Cook Park, and on the Main Stage: Cirrus Falcon at 1 p.m. Saturday; Big Band Soundz at 4 p.m. Saturday; Fendershirts at 4 p.m. Sunday. Evening shows on the Main

Stage will feature Mickey and the Memories at 7:30 p.m. Thursday, Blue Mesa at 7 p.m. Friday, and the Rockers at 7 p.m. Saturday.

Again this year organizers have established a designated driver program. Designated drivers can obtain wrist bands identifying them and entitling them to free soft drinks. Volunteers from Morgan's and Rockland Roadhouse will help man the Beer Garden.

Family Day is Sunday. No beer will be sold in the Main Stage area. The pageant for Miss Libertyville and Little Miss Libertyville will be held there from 1 to 3 p.m. The carnival will feature special prices from 3 to 7 p.m.

The Libertyville-Mundelein Historical Society will be hosting tours of the Ansel B. Cook home from 2 to 4 p.m. Sunday afternoon. Copies of the 1993 56-page "Libertyville Illustrated" should be available for sale at \$7 each.

The Libertyville Days Festival is sponsored by the Civic Center Foundation of Libertyville Inc. Member organizations include the Libertyville Junior Woman's Club, the Libertyville Lions Club, the Libertyville Jaycees and the Knights of Columbus. Area businesses and neighborhood merchants also contribute to the success of this celebration.

The Festival will close at 7 p.m. Sunday, June 20.

## Arts &amp; Crafts Fair

Spring Green will capture your heart! Come visit us on the weekend of the 24th annual Arts & Crafts Fair held downtown. Over 240 national artists will exhibit from 10 a.m. to 5 p.m. each day.

There will be food booths and entertainment. Spring Green, the home of American Players Theatre, Frank Lloyd Wright's Taliesin, House on the Rock, good shopping, two golf courses and many great restaurants is located 30 miles west of Madison, Wisconsin, on Highway 14.

# LIPSERVICE

IT'S THE TALK OF THE TOWN

**Lakeland  
Newspapers**

(Continued from page 6)  
destructive infestation of that God. I am from Ingleside.  
By the way, if Rush Limbaugh told me to jump off a  
bridge, I would consider it. His advice is usually good.

## Presidential Aspirations

I wonder why the Lake Villa school board canceled  
their meeting last week. Was it to stop someone from  
talking? I think someone wants to be president at any  
cost.

## Lots Of Guts

I want to compliment the kid who called in about the  
teacher. He was right. It took a lot of guts for him to  
do it.

## More Pagans?

I want to respond to "Proof In The Pudding". The  
separation of church and state is meant to keep the state  
from telling the church what it could do. If you look  
back on our history, that is where school started from -  
the church. It was fine until the pagans took it out of  
the church.

## Can't Believe It

I am a lifelong Lake Villa resident and I cannot believe  
what is happening here. I was assumed that in the USA  
when one votes for a candidate and they win, they get  
the position. What in the hell is going on with the  
SURE party?

## Hit And Run

On May 17 my house-kept dog slipped out of the door  
onto Lake Street. Needless to say, my neighbor ran  
over it. Of course, no one told me and I found it a little  
while later dead on the road. I am just happy my child  
wasn't out there. I am in the North Channel area.

## Lost Cow

Who stole my little daughter's cow, Marigold? She is  
a black and white, full sized, wooden cow with a real  
cowbell around her neck. She looks at you with big  
huge eyes. If anyone sees a neighbor with a wood cow,  
call the Lake County Sheriffs in Waukegan. Her  
grandmother made it. I live in Ingleside.

## What's Your Beef?

Does anyone have any information about these trucks  
going around selling meat door-to-door?

## No Go Carts

I am sure if the Round Lake Beach village officials  
check it out, they will find that everything was legal

with Kristoffs in the beginning. Why would they have  
done anything without the right permits and zoning?  
Outlawing the go carts now is ridiculous.

## Real Public Service

I would like to thank the Fox Lake Street Department  
workers. They were working on the broken water line,  
when I asked them if they could fix the street in front of  
my house. Two days later, it was done. Great work  
guys.

## Dogs Still Barking

Hey "Dog Owner", I did not think I needed to go and  
sit in the neighborhood before I bought my house. How  
long do you think I should have sat there? One day,  
three days? But, as the old saying goes, you learn from  
your mistakes. The barking dogs in our neighborhood  
used to run free, defecate on our property, terrorize kids

and the owners did not do anything until we regulated it.  
Now the dogs in my neighborhood bark until after 10  
p.m. What other solution do you have?

## When Something Happens

I live in Fox Lake and wonder why all the articles are  
about Lake Villa Ingleside, and heavens knows  
where else, but not Fox Lake? It should be, since I have  
been calling in every week. Nothing is being done  
about the traffic light at Kings Road and Sayton. Please  
print something about Fox Lake or I will stop getting  
this paper.

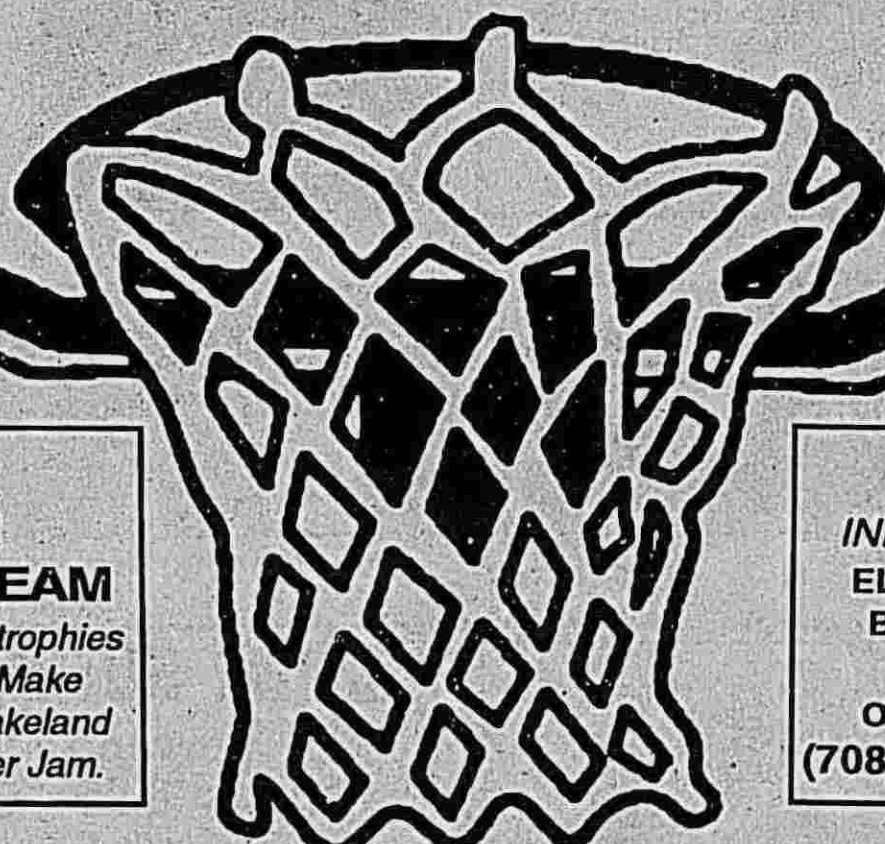

## New Cop

Congratulations Officer Hess for becoming the second  
juvenile officer in Grayslake. We needed some one like  
you. Kudos to all of you!

## New gift shop offers fine gifts, great service

Sherri Comstock, owner of The Cheshire Cat Ltd. on Center St. in downtown Grayslake, knows how to run a small retail business.

After part-owning a venture in Naperville several years ago, Comstock

by THOMAS STEVENS  
Lakeland Newspapers

was looking for the perfect place to open a new gift store, this time under her complete control.

"When I saw this corner lot in downtown Grayslake, I knew this was the spot," said Comstock. "I really like the downtown area here. I hope more people choose to open small shops here. It's a great place."

Comstock added she also decided on the Grayslake site after researching that Grayslake had the highest number of building permits issued for 1992.

"Things have been going great so far," said Comstock. "I'm quite pleased with the response of the community with our store."

The experience learned by running a successful store in the past has enabled Comstock to transform The Cheshire Cat into a retail mecca for gifts of all types.

"We have gifts for any occasion," said Comstock. "We have a section for weddings, baby showers, graduations and special occasions. We even have gifts for Father's Day which is June 20."

Having that special sense of what her customers want from a gift shop, (Continued on page 29)

## Bank of Northern Illinois, N.A. opens new Libertyville office

The Bank of Northern Illinois, N.A. has opened its new Libertyville office at 929 N. Milwaukee Ave.

The locally owned and managed bank has made major internal and external renovations to the former driver's license facility, which is the original building on this site.

Grand opening festivities including refreshments, giveaways and the opportunity to enter a prize drawing begin on Thursday, June 17 and coincide with Libertyville Days.

The new bank has two drive-up lanes as well as a drive up CASH STATION® 24-hour automatic teller linked to the CIRBUS and PLUS networks.

The new building features an attractive white stucco-like exterior. Architect is R.M. Swanson & Associates, Inc., Lake Forest.

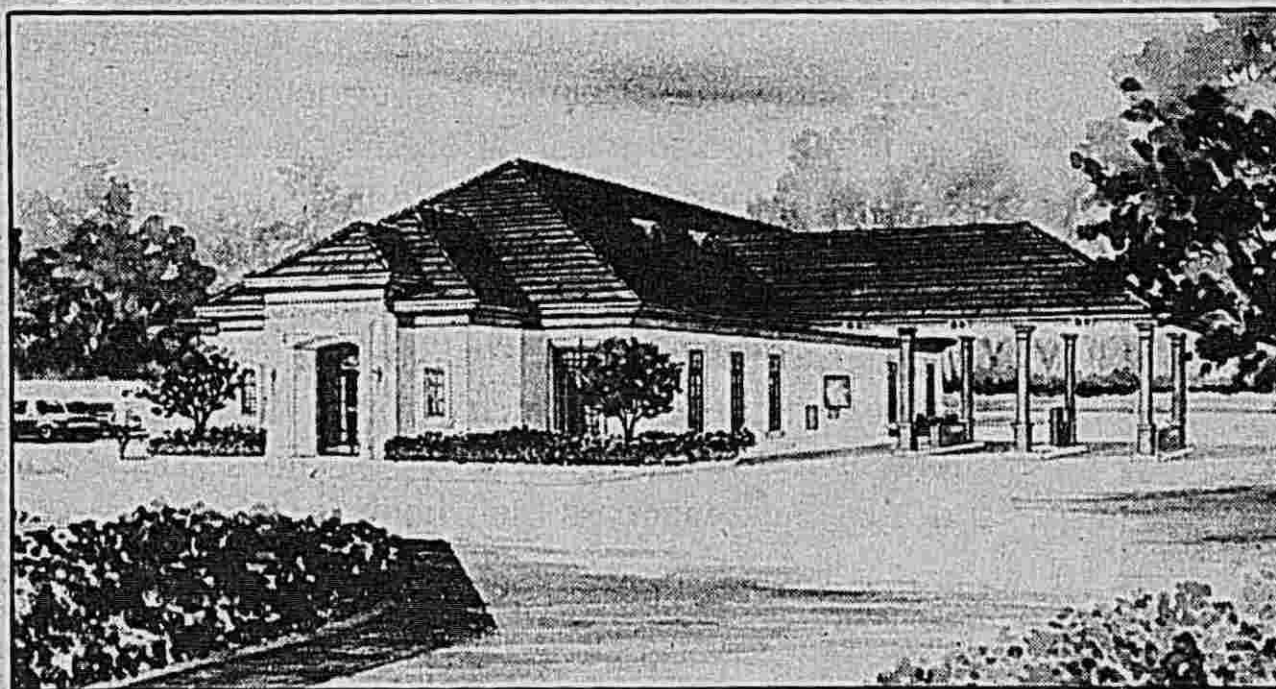

The Bank of Northern Illinois has been doing business in Libertyville since 1986 at 251 Peterson Rd.

In announcing the move, Frank Myrard, president and chief executive officer, pointed out that Libertyville is the community where the founders of the 141-year-old bank originally lived.

"Coming back to downtown Libertyville is a renewed commitment to this very important community."

"Locating closer to the central business district makes banking more convenient for our customers, and the increased space enables us to increase our services," he added.

The Bank of Northern Illinois, N.A., with offices in downtown Waukegan and Gurnee as well as Libertyville, was founded in 1852 and is Lake County's oldest financial institution.

The Bank of Northern Illinois, N.A. has relocated its Libertyville office to a renovated building at 929 N. Milwaukee Ave. The bank has been doing business in Libertyville since 1986 and was previously located at 251 Peterson Road.

### Patten's 60th anniversary

More than 600 Caterpillar users and their families helped Patten Industries celebrate its 60th anniversary at the company's Grayslake facility. B.C. Patten Sr. founded the company in Chicago during the 1930's. Since then, it has sold and serviced the Cat earth moving machines that helped build Midway Airport, Soldier Field, Outer Lake Shore Drive and many other Chicago landmarks.

## 37 years, six grandchildren, two homes and one bank.

This is Tom and Judy. They've spent half their lives working and raising a family. Now they want to spend the rest playing and doing some things for themselves. First of America has been helping.

For years, Judy wanted a gourmet kitchen. And she finally got it a few months ago with a First of America home equity loan. And it was a Homelight<sup>SM</sup> mortgage that made their dream cottage (complete with an 18-hole golf course) a reality.

They've also got big plans for retirement. So they're putting money into Parkstone Mutual Funds.<sup>†</sup>

Then there are those six, soon to be seven, grandchildren. Tom and Judy want to do all they can for them, far into the future. That's why First of America is helping them plan their estate.

Life can change so much through the years. That's why First of America offers such a vast array of products and services. And why people like Tom and Judy have made us their bank for life.

# Student Science Fair winners tour Baxter facilities

Chicago-area school science fair winners Lynette Lotz, Nicole Theodore and Alexandria Saulsberry learn about the workings of Baxter's flow cytometry lab during a tour of the company's research facilities in Round Lake.

Discovering how a corporation uses scientific and engineering expertise to develop products was just part of the special day at Baxter Healthcare Corporation for four local winners of the Chicago public and non-public school science fairs.

The children were chauffeured by limousine to the company's research laboratories in Round Lake, given a tour of the facilities, treated to lunch in the employee cafeteria and a \$100 savings bond.

The students donned white lab coats and glasses to learn about the workings of the flow cytometry, clinical, material and membrane technology and imaging labs from Baxter's scientists. All were particularly intrigued by the work underway to develop a substitute for human blood. Al-

though the hemoglobin substitute would not be approved for public use until next decade, Baxter researcher Steven Bush explained, the company was currently producing large volumes of the product to meet the rigorous FDA standards for quality and safety.

Jerry Fisher, Baxter's vice president of engineering and product development, praised the youngsters for their award-winning projects and encouraged them to continue their studies. "What you did wrong in this process is even more important than what you did right," he said. "Trying something difficult—even if it doesn't work—is all part of the scientific process."

## Entrepreneurs

Questions and concerns about starting or operating a small business will be addressed by a team of retired business executives in a one-day workshop at the College of Lake County on June 29. The session, "See SCORE Before," will be held from 8:30 a.m. to 3:30 p.m. at the Grayslake campus. Cost is \$40. Call 223-3633 to register.

# 1993 Lake County Tour of Homes set for June 19-27

The Home Builders Association of Lake County announced that the 1993 Tour of Homes will occur from June 19 through June 27.

Mike Werchek of Werchek Builders, the Association's Chairman for this year's tour cites that the 1993 Tour of Homes will showcase the newest home models from more than 40 leading home builders, with sites located throughout Lake County and neighboring areas. Tour homes include both single and multi-family residences and range in price from about \$150,000 to well over \$1,000,000.

The homes selected for the Tour of Homes feature the most current trends in architecture and landscaping, reflecting a

wide variety of styles, just as the stunningly designed and decorated interiors reflect a broad range of tastes and budgets.

There is no charge for the tour and the public is invited to visit as many of the home sites as they wish.

Following is a comprehensive list of the locations and builders:

- Antioch—MCL Development; Oak Builders, Inc.; Saxonian Builders, Inc.
- Barrington—J.W.W. Builders; James Co.
- Buffalo Grove—Red Seal Development.
- Crystal Lake—County Line Builders
- Grayslake—Cambridge Homes; James Co.; Kimball Hill.
- Gurnee—American Tradesmen;

Cambridge Homes; Kline Development; Lidstrom Construction; Westfield Homes; Town and Country Homes; Victorian Villages.

- Island Lake—Pickus Construction.
- Inverness—DiMucci Development; Empeco, Inc.
- Kildeer—Landmark Homes.
- Johnsburg—Spring Bluff Homes.
- Lake Forest—Country Homes, Inc.; Timberline, Inc.
- Libertyville—Design Build Concept; Grassfield Builders; Henderson Homes; Interlocken; Orren Pickell Builders; Werchek Builders.
- Long Grove—Arthur J. Green Construction; Orren Pickell Builders.

- McHenry—Gerstad Builders.
- Mundelein—Cambridge Homes.
- Round Lake Beach—Sundance Homes.
- Round Lake Park—Lakeshore Development
- Spring Grove—K.L.M. Builders.
- Wadsworth—New Tradition; Kucharski Construction.
- Wauconda—James Co.
- Waukegan—Baxter Homes.
- Zion—Pickus Construction; Custom Homes Construction, Inc.

## Offer seminar for women June 22

First Colonial Investment Services, Inc. and First Colonial Bank of Lake County will offer an introductory investment seminar at the bank on "Women and Investing: Learning Smart Financial Management" at 7 p.m. on June 22.

The seminar will address the particular financial concerns of women and provide an introduction to investment alternatives and terms women need to know to better understand and manage personal finances.

Refreshments will be served at 6:30 p.m., prior to the presentation.

The seminar, free to those who pre-register, will be held at First Colonial Bank of Lake County, located at 850 N. Milwaukee Ave. in Vernon Hills. There will be a \$10 fee at the door if registration is not done in advance.

To register for the seminar, or obtain more information, call Mike Passaglia at 816-1444.

## Seminar helps build small businesses

The intense one-day seminar, "How to set up and build your own small business," is scheduled for June 26 at the Best-Western Hitch-In Post in Libertyville.

The workshop is designed for people contemplating or now starting their own business. Major issues faced when

starting a business, from location through marketing, will be covered by experienced facilitators who have started their own businesses.

For more information, call Steve Smith at BusinessBuilders Workshops at 816-1888.

## Cheshire Cat

(Continued from page 25)

Comstock filled the Grayslake store with wrapping paper, greeting cards, books, collectibles, stuffed animals, ceramics, handbags and unique furniture items.

Some of the specialty items stocked in the shop are the Chicago-based North American Bear Co.'s, Muffy Vanderbear collection and the American Girls Collection of books for girls ages 7-14.

"Each book takes place in a different point in history and has a story about how the main character dealt with living in each period of time," said Comstock. "In addition, the books provide an accurate historic look of each time period. They are a fun, but educational read."

Other popular items in the store are Comstock's selection of dinosaur-related gifts, including the infamous Barney selections.

"Dinosaurs are really hot gifts this year with 'Jurassic Park' and Barney being so popular," said Comstock. "We also have dinosaur pencils, notebooks, lunch boxes and backpacks."

Another hot trend, according to Comstock has been the sunflower. "You can find just about everything with a sun flower on it," said Comstock. "From clothing to book marks, the sunflower is in its hot fad period."

Fads last about two or three years, according to Comstock, citing the Troll fad as one that is fading quickly. "The

Troll items are on discount now," said Comstock.

Comstock, along with her daughter Tricia Synak, gets an "A" for effort when it comes to personal service, which goes beyond the expected. Comstock likes to learn each one of her regular customers by name and Synak gets on the floor with the children who come in to investigate and play with some of the toys in the store.

"We already know some of our customers by name and we help everyone who comes in," said Comstock.

Even the smell of the shop invokes questions. "We have Claire Burke Potpourri and other brands," said Comstock.

Surprisingly though, the most frequently asked question at The Cheshire Cat is, "Where did you get that wonderful counter from?"

The late 1800's pharmacy table, used as the cashier's counter, and milk cart, are just two of the numerous antiques in the shop.

According to Comstock, the number of people asking questions about the pharmacy table has been amazing.

"It is amazing that so many people have noticed the counter and have asked questions about it," said Comstock.

The Cheshire Cat's hours are Monday-Friday: 10 a.m. to 9 p.m., Saturday: 10 a.m. to 5 p.m. and Sunday: 11 a.m. to 5 p.m.

## Youth apprenticeship jobs offered

The Lake County Area Vocational Center is seeking students interested in a career in manufacturing to become part of a new program in youth apprenticeship.

This state grant funded program will take students who will be high school juniors in the fall and provide them training in machine shop at the Vocational Center in conjunction with their local high school district.

The students' schedule will be accommodated by the local high school to include a two-hour period in machine shop at the Vocational Center. Transportation is provided from the home district to the Vocational Center.

The summer after their junior year, students will have an opportunity to participate in a summer work program at a local manufacturing facility. Their senior year will consist of a half day at their local high school and a half day work apprenticeship at a local sponsoring company for which they will be paid.

This is an opportunity for young men and women who are interested in work in a high demand area to get a head start on a great career.

Interested parents may phone Mary Rhedin, Youth Apprenticeship Coordinator at the Lake County Area Vocational Center at 223-6681 for further details.

## Escaping plane helps pilot survive a crash landing

A Deerfield pilot was able to escape from a homemade airplane which crashed at Campbell Airport near Grayslake.

Forty-eight hours later, Claude E. Merrin was listed in critical condition at St. Mary's Hospital in Milwaukee.

"Being able to get out of the plane, he was able to save himself," Lake County Sheriff Clinton Grinnell said.

The plane was of homemade variety which just received clearance to fly from the Federal Aviation Admin. (FAA). The

FAA is investigating the incident.

Don Mobley, first assistant chief of the Grayslake Fire Dept., said that Merrin, 57, received burns to 50 percent of his body. Merrin suffered injuries to his hands, legs and arms.

The plane reached only 30 feet off the ground before the mishap.

Greater Round Lake Area Fire Protection Dist. personnel assisted Grayslake firemen.

Gurnee policeman start on their five-mile leg in the Law Enforcement Torch Run. Sunday run benefits Special Olympics and stretched from Great America to Lake-Cook Road. Gurnee officers were: Jesse Gonzalez, Jay Patrick, Terri Kincaid, Irv Sheldon, Sandra Campbell, Terry Mors, Jeff Diehl, Fred Witte and Christine Saffel. — Photo by Steve Peterson.

## Police officers run for Special Olympics

The time of day was when radio stations play their public service programs instead of Top 40 songs.

Only a few cars were in the Great America parking lot, a far cry from a few hours later. But Gurnee Police Dept. officers were on hand, not making arrests, but limbering up.

Gurnee participated in the Law Enforcement Torch Run for Illinois Special Olympics.

"It is for a great cause and is a chance for us to get together," Gurnee police officer Christine Saffel said.

Gurnee officers ran from the entrance of Great America, starting at 6:30 a.m. Sunday, five miles to

Route 137, where Libertyville took over. The run concluded at Lake-Cook Road.

Saffel served as the first torch bearer. "We pass it back and forth," she said. It was Saffel's sixth such run.

Gurnee officers participating included: Jesse Gonzalez, Jay Patrick, Terri Kincaid, Irv Sheldon, Sandra Campbell, Jim Caldwell, Terry Mors, Greg Garafolo, Jeff Diehl, Fred Witte and Saffel. Bert Foster of the Lake County Sheriff's Dept. joined the Gurnee team.

Gurnee's team raised \$1,500 for Special Olympics last year.

Chicago Slim.

This two day, fun-filled weekend will also include a kiddie land with a carnival and petting zoo, a boat and car show, crafts, flea market, antiques, local businesses and services, food and beer vendors, a bingo tent and all the things that go with a festival.

Anyone wanting to participate in the festival should call 662-3677.

## HIV Coalition to hold open meeting

by CONNIE KINDSVATER  
Lakeland Newspapers

On Thursday, June 24, at 2:30 p.m. in the Lakehurst Mall Community Room, several informed Lake County people will speak at the HIV Coalition open meeting. The purpose of the meeting is to help educate Coalition members, the HIV population, persons with AIDS (PWA's), their families and friends, and anyone else interested in learning more about different aspects of HIV infection and AIDS.

A member of the Coalition Education Committee and regional manager of Lake County Catholic Charities, Kathy McGowan, said that there are many pertinent

issues about HIV and AIDS in Lake County. For example, medical care is almost nonexistent in Lake County, causing people to go into Chicago, according to McGowan.

The medical aspects of HIV and AIDS will be covered by Anne Jensen of the Lake County Health Dept. Jensen coordinates HIV programs and clinics for LCHD, and she has done a lot of HIV training in Lake County.

The psycho-social aspects will be discussed by Dr. Carole Wilk, a clinical psychologist in private practice.

For further information about the HIV Coalition open meeting, contact McGowan at 249-3500.

## Greenpeace speaker discusses 'real recycling'

Many people feel the answer to the "what will we do with all our garbage?" problem is "recycling." "Not so," says Sarah Jane Knoy, Regional Executive Director of Greenpeace. "If people are only recycling, it's like rearranging chairs on the deck of the Titanic. People need to focus more on reuse and making changes in the amount of packaging they are buying."

Knoy will be the featured speaker on Wednesday, June 26, at the University of Illinois Cooperative Extension Auditorium, 100 south Hwy. 45, Grayslake. The free program, sponsored by the Lake County Master Recyclers, will be offered from 7 to 9 p.m. and is open to the public.

Other topics discussed by the speaker will be the confusion consumers feel over environmental termi-

nology such as "recycled content" and "recyclable" as it refers to packaging content. She will also discuss the misleading claims of some manufacturers about the recyclability of their packaging materials.

Knoy has been with the Great Lakes Regional office of the International environmental organization Greenpeace for three years. Prior to that, she worked with various low income people's organizations on

issues such as fair housing, welfare reform and fighting utility rate increases.

After ten years as an activist for justice for the poor, Knoy came to the realization that the institutions and structures that oppress the poor are the same institutions and structures that are destroying the planet for their own short term gain. This realization pointed her in the direction of the environmental justice movement.

# Lifeline

## Family keeps hope alive as ALS takes toll

"Not knowing is the worst part," says Joann Eckhardt.

The doses of medicine she gives to her husband John may be the experimental drug Ciliary Neurotrophic Factor (CNTF). They may contain nothing but sugar water.

In a Lifeline feature earlier this year, the Eckhardts' story was told. At that

by SUZIE REED

Lakeland Newspapers

time John had been approved to participate in the test and they were waiting for the trial to begin.

John, 37, is suffering from amyotrophic lateral sclerosis (ALS), commonly known as Lou Gehrig's disease. It causes a progressive degeneration of brain and nerve cells resulting in increasing weakness and wasting of muscles. Victims generally succumb to suffocation or respiratory failure due to that weakness. John is in a wheelchair and can no longer talk clearly. But his mind is intact.

CNTF is a molecularly cloned human motor neuron growth factor that researchers hope will stop the progression of the illness and regenerate damaged nerves.

Regeneron Pharmaceuticals Inc. is conducting clinical trials at four locations in the U.S., one of which is at the University of Wisconsin Medical School in Madison under the supervi-

sion of Dr. Benjamin Brooks. In the study of 750 patients, 250 of them are receiving a placebo. After nine months, all the patients will get the drug ... those who are still around ... if it has proven to be effective.

John is taken to Madison once a month for extensive muscle testing.

"He's not getting any better," says Joann. She doesn't know if that's because the drug is just not working or because he is in the 33% receiving the placebo.

It breaks her heart to know that he may not be getting the drug at all. There are risks, she realizes, but what have they got to lose?

"It doesn't seem fair that anyone has the right to play God," she says. "I can't believe that we are the only family that feels that way."

In the meantime, Joann Eckhardt does not sleep soundly. Her ears are constantly tuned to the infant monitor that listens for sounds of distress. She frequently has to help John keep from choking to death in the night. The disease is beginning to affect his throat and tongue muscles and he requires the frequent use of a suction machine.

Because of the trouble he has swallowing, he is reluctant to eat and drink, says Joann, who must feed him. During the latest visit to Madison the doctor indicated that a gastric tube may be necessary soon.

Unfortunately that is only part of the

problems the Eckhardts must face.

John was forced to give up his job at Spring Green Lawn Care three years ago. His disability checks cover the rent.

Joann quit her job at Colonial Hospital Supply last August to stay home and take care of John. Her unemployment checks, while they last, go toward the utility bills, which during the winter ran as high as \$400.

A food pantry at Trinity Lutheran Church in Ingleside has kept food on the table for John, Joann and their two daughters, Rhonda, 17, and Teresa, 15. Rhonda works at Dog N Suds Drive In. Another daughter, Joann, lives in Palatine.

Medical prescriptions for John cost well over \$100 a month.

The family doesn't qualify for public aid--the limited income they do have is too much. They were approved for medical assistance if John's medical bills exceeded \$1230.20 a month.

"If we had that much we wouldn't need help!" says Joann.

They've been turned down repeatedly by most sources they have asked for help. That makes them all the more grateful for those who have come to their aid.

The Muscular Dystrophy Association has supplied them with a suction machine.

The Department of Rehabilitation has built ramps the length of the house for John's wheelchair and remodeled the bathroom for him. The family did qualify for assistance from DORS.

Glen Fox is John's personal assistant from DORS. For the last two years he has been coming to the house four hours a day during the week.

"Glen is the best thing that's ever happened to John," says Joann.

An emergency fund at the Fox Lake State Bank was set up by Sandy Alspinger, a close friend of the family.

At the moment it's all they have, and the balance is not enough to keep them above water much longer.

Sandy and Joann have been trying to come up with ideas to raise money to replenish the account.

Donations may be sent to the John R. Eckhardt Family Emergency Fund, Fox Lake State Bank, 55 E. Grand Ave., Fox Lake, IL 60020.

Anyone wishing to help with food donations or ideas for fund raisers to help the family may contact Rev. Greg Moser at Trinity Evangelical Lutheran Church, 255 W. Hwy. 134, Ingleside, 546-2109. Inquiries may also be directed to P.O. Box 342, Ingleside 60041.

## Saint Therese Medical Center streamlines management

Saint Therese Medical Center has announced a restructuring of its management staff, according to Timothy Selz the hospital's president. The restructuring is designed to accomplish several objectives.

Among the objectives are: to reduce layers of management and increase the spans of control; to improve decision-making and communication at all levels of the organization; to create an organizational structure which will empower employees to coordinate work with and between their areas of service with less su-

pervision; to develop well planned work processes that reduce complexity and uniqueness, and which will aid in the initiation of less compartmentalized patient care; and to reduce fixed and variable costs so the medical center may remain price competitive.

Prior to implementing the restructuring the medical center had 120 management positions. There will be 27 management positions after the restructuring is completed in July. This will result in an annual savings of approximately \$1.3 million.

# Cancer survivors learn to look to the future

Letting go of helium-filled balloons was perhaps a way of letting go fears and anxieties associated with having cancer, as more than 60 surviving cancer patients met at Condell Medical Center's new Conference Center to celebrate life.

The fifth annual National Cancer Survivors Day meeting brought brave survivors of the disease along with friends and family members together, with the theme "Make Today Count."

Geri Neville, Tumor Registrar of the hospital, started the event five years

by **TINA SWIECH**  
Lakeland Newspapers

ago with the intent to get cancer patients together proving a positive atmosphere. Neville was correct in her thinking, as she noted that each time has been more successful than the last.

Radiologist at Condell, Dr. Sankara Peruri, spoke to the crowd during the beginning of the meeting, about the importance of mammography. Peruri explained that breast cancer is the most common killer in the world among women. From the oldest survivor in their 70's to the youngest in their 30's, each patient listened carefully as Dr. Peruri outlined facts about the disease, while showing actual mammography x-rays on a large screen.

Peruri stressed that the key to surviving breast cancer is early diagnosis and detection. Self-exams done routinely was number one for detection, with physical exams and mammography following. The doctor explained that this year, at least 182,000 women will be diagnosed with the disease which has been steadily increasing since 1987.

The first mammography screening should be done at the age of 40 said the doctor, exams should continue at one or two-year intervals depending on risk factors, until age 50. Then the tests should be done annually thereafter, Peruri noted.

Signs of possible breast cancer include feeling lumps or a mass, pain, discharge, and/or a change in the appearance of the breast, explained Peruri.

Although mammography's are not perfect tests, the doctor stressed that they should be done regardless, along with physical exams. "The known benefits of mammography far out-

weigh the risks," said Peruri who noted that having the test done has about as much adverse effects as smoking 3/4 of one cigarette. A highly-technical instrument will be in the hospital's possession later this year with "unequaled use of ease" for mammograms, said Peruri.

Four guest speakers, each overcoming various types of cancer, spoke to the about their experiences. Humorous attitudes were not lacking among any of the individuals, and a new-found appreciation for life was apparent. Taking a negative experience and turning it around into something positive was common among the survivors.

Speaking for himself and the other survivors, one survivor said that being diagnosed with cancer "makes us cope with life. It makes us celebrate life."

Another speaker told the audience, "there are no guarantees in life. But it (having cancer) does change your thinking." Now, said the man, he is actually grateful to be able to get up everyday and go into work, where before the diagnosis, his attitude was different.

Each speaker also noted a religious-type experience with being unsure of how long they had to live, and "God" was among the words they used often.

Buffalo Grove resident Barbara Goldberg was among the last of the speakers. Goldberg, president of a hair replacement center located in the hospital, began Hair Response Inc. in 1985, and has worked with helping cancer patients who have lost their hair due to chemotherapy, as well as others, in an intimate and sensitive way. Then in August of 1992, ironically while performing her weekly self-exam, Goldberg felt an unusual lump in her breast. Her blood ran cold, and later she was diagnosed with the disease that she has consoled others about. Ultimately she had a lumpectomy to remove the malignant tumor, while she continued to work with patients.

Regarding herself and her daughter Amy who works with her in the business, Goldberg said that before the diagnosis, the two had learned a lot from their clients about the disease. Now that she too is a survivor, she said that she understands even more.

After listening to life's tests, audi-

ence members were each given a pink geranium and a bio-degradable helium-filled balloon which they took

outside and launched simultaneously as a symbol of their beliefs to let go and live.

Survivors prepare to launch balloons to celebrate their battle over cancer. Barbara and Amy Goldberg assist cancer survivors through their company, Hair Response, Inc. Barbara is also a cancer survivor.—Photos by Tina Swiech

# Put more fiber in your heart healthy diet

## Love your heart by CAROL STERN

Today, fiber is something we are being told to add to our diet. In the old days it was called roughage. While this might not sound too appealing think of rice. What's nice about rice is that you can use it in everything, from main dishes to the richest tasting desserts. Begin by adding rice to your diet. Brown rice contains slightly more fiber than white but you can use either one in the recipes that follow.

### Barbecued shrimp with spicy rice

1 pound large shrimp, peeled and deveined Vegetable cooking spray  
1/3 cup prepared barbecue sauce Spicy Rice (recipe follows)

Preheat broiler or prepare outdoor grill for cooking. On each of 4 metal or wooden skewers, thread shrimp. If broiling, coat broiler rack with cooking spray. Place shrimp on broiler rack or cooking surface of grill about 4 to 5 inches from heat source. Brush with barbecue sauce and cook 4 minutes. Turn skewers over and brush with remaining barbecue sauce. Broil 2 to 4 minutes, or grill 4 to 5 minutes longer, until shrimp are pink and cooked through. To serve, accompany with Spicy Rice.

### Spicy rice

1 tablespoon vegetable oil  
1/2 cup sliced green onions  
1/2 cup finely diced carrots  
1/2 cup finely diced red bell pepper  
1 jalapeno pepper, minced  
2 cups cooked rice  
2 tablespoons finely chopped cilantro  
1 tablespoon fresh lime juice  
1 teaspoon soy sauce  
Hot pepper sauce

In large skillet, over medium-high heat, heat oil. Add onions, carrots, red pepper and jalapeno; cook 3 to 5 minutes, or until tender-crisp. Stir in rice, cilantro, lime juice, soy sauce and hot pepper sauce to taste; cook until thoroughly heated. Serves: 4

### Raspberry rice with almonds

3 cups cooked rice  
2 cups skim milk  
1/8 teaspoon salt  
4 packets Equal  
1 teaspoon vanilla extract  
1 tablespoon raspberry liqueur  
3/4 cup frozen light whipped topping, thawed  
3 tablespoons sliced almonds, toasted  
1 package (16 ounces) frozen unsweetened raspberries, thawed  
Fresh raspberries,  
Fresh mint leaves, optional

In medium-sized saucepan, combine rice, milk and salt. Place over medium heat and cook 5 to 8 minutes, or until thick and creamy, stirring frequently; remove from heat and cool. Stir in Equal, vanilla and raspberry liqueur; fold in whipped topping and almonds. Into 8 parfait glasses or in a trifle dish, alternately layer rice mixture and thawed raspberries. To serve, garnish with fresh raspberries and mint. Serves: 8

### Boston baked beans

For your next picnic try these beans and sit back and enjoy the compliments.

1 pound dried Great Northern beans  
5 cups water  
2 cups chopped onion  
1 1/4 cups (6 ounces) finely cubed, cooked lean ham  
1/2 cup dark molasses

1/4 cup honey  
1 tablespoon plus 2 teaspoons dry mustard  
1 teaspoon Worcestershire sauce  
1/2 teaspoon salt  
1/2 teaspoon pepper

Sort and wash beans; place in a large Dutch oven. Cover with water 2 inches above beans, and bring to a boil; cook 2 minutes. Remove from heat; cover and let stand 1 hour.

Drain beans, combine beans, 5 cups water, and remaining ingredients in a 3-quart casserole.

Bake, covered, at 350 degrees for 3 hours, stirring occasionally. Uncover and bake an additional 1 1/2 hours or until beans are tender, stirring occasionally.

Makes 8 cups Serves: 16 (1/2 cup servings)

## My friend's baby died. How can I help?

Infants are very important to their parents. The hopes that are built during pregnancy, the excitement at birth and the thrill of getting to know the infant are dashed when the baby's life ends. Parents ought to be allowed to grieve and express their feelings. If possible, an opportunity to talk with other parents who have also lost young children can be most helpful. It is usually not helpful to suggest that now there is another angel in heaven or that the parents grief will be eased by simply having another child. Visit the family often and allow them to tell you of their loss and what the infant meant to them.

### How To Survive The Job Search

By Nancy Sakol

**Q:** Dear...Search: I am the wife of a Great Lakes Officer in the Lake County area for an undetermined amount of time. I have fine secretarial and computer skills and am returning to work after having four years off to be at home with my children. I am concerned that I have applied and interviewed for several jobs offered through the newspaper with no success. It either appears that the thought of my young children is holding my employer back from hiring me, or the fact that I have a husband who is stationed at the Base and therefore may be leaving at any time. Please tell me how I can overcome these questions to an employer? T.D. - Great Lakes

**A:** Dear T.D. In reviewing your background it is apparent that your skills are that of a talented secretary and would be suitable for upper management for any good corporation. You have qualities that are looked upon as being a plus. For instance, your computer skills are pretty diverse and your former employers are respected corporations. However, your longevity at any one place is unfortunately lacking and this I am sure is due to the fact that you have, in the past, been moving around the nation due to your husband's commission. This does not have to be a negative. The avenue which I feel you would most benefit by, would be long-term temporary assignments. You see, there are many employers out there who have sporadic work loads which come on at certain times of the year...and those employers sometimes cannot justify the hiring of a permanent full time employee. Then, there are those employers who cannot take on a permanent employee due to cost factors such as additional insurance coverages and such. In either case...I feel that since you are not in need of medical benefits due to your husband's position you would be a prime candidate to pick and choose long and/or short term assignments. I have "temps" out on assignments who are in the identical situation as yours. Some of these "temps" have been on the same assignment for over a year. The company they are placed at treat them as they would their own employees, however it is with the knowledge up front that when the job is over...for either party...that is okay! My suggestion is to give it a try. I believe you would find it quite enjoyable as well as benefit from the variety it may bring. When the time comes that you do move on due to relocation, we would be happy to match you up with another service in or near the location of your husband's transfer prior to your move. If you should choose to seek only permanent employment...do not bring up your children in an interview...if brought up to you, eliminate their concerns by letting them know that not only do you have what you consider to be the best daycare available, but terrific backup as well. Hope it works for you!

Note: Nancy Sakol is a licensed personnel professional and President of Superior Personnel in Gurnee. Letters can be sent to Nancy at 5101 Washington St., Gurnee, IL 60031.

## 64 Resorts/ Vacation Rentals

FOR YOUR VACATION SPOT or RENTAL AD TO appear in OUR Monthly Summer RECREATION GUIDE, CALL Arlene at (708) 223-8161 ext. 140. This Booklet is distributed throughout Lake County at high traffic areas (like Marinas, Resorts, OASIS's) for only \$14.50. (25/wd.min) Deadline for August issue: July 16.

**KAUAI, HAWAII. 1-BEDROOM CONDO,** sleeps 4, ocean view, \$100/night. Dec. 17 thru Dec. 31. Call (408) 286-8748, Call refunded. Call now for best airfare.

**MODERN SUMMER COTTAGE,** fully furnished and boat, East Loon Lake, IL on water, available now through 10/2/93. Month or Season Rates. Call (312) 736-0974.

Vaulted ceilings, skylights and a wealth of windows combine in the Palmetto to create living areas that are both bright and spacious.

This contemporary country plan has three levels. Gathering spaces, kitchen, den and master suite are on the main floor. Secondary bedrooms, family room, utilities, and a storage room are below, in a daylight basement; and a windowless bonus room, which could be finished or unfinished, is upstairs.

Light spills into the living room through a large picture window and beams down through three rectangular skylights in the vaulted rear portion of the ceiling. The ceiling is flat on the opposite side of the room and in the dining room. A fireplace radiates warmth and color in winter. Sliders access a deck that has a curved serving center for outdoor meals.

The sunny vaulted nook expands an already large country kitchen. Generous counter space and cupboard space is augmented by a triangular pantry. Standing at the kitchen sink, you gaze out a wide picture window across the deck to a vista or back yard.

A wide bay window expands the spacious master suite. And this luxurious space has such a high, vaulted ceiling that it already seems larger than it is. Light that enters through the bay windows is softened by the shade of the front porch. An arched window, tucked into a high dormer, provides additional natural light. Other features include a walk-in closet, home security system, and spa large enough for two.

In the garage, workbenches line two walls. Additional storage space is also available here. A small bathroom just inside the house serves both the house and the garage. Soiled laundry dropped down the laundry chute here lands in the utility room below. The adjacent den could be a home office.

On the basement level, the family room and both bedrooms have direct access to a patio with a hexagonal hot tub. Utilities hide behind pocket doors in a huge utility room that could be outfitted as a hobby room, or totally enclosed to create another bedroom.

For a study plan of the PALMETTO (333-060), send \$9.00, or for a collection of plan books featuring our most popular home designs, send \$20.00 to Landmark Designs, P.O. Box 2307-LP80, Eugene, OR 97402. (Be sure to specify plan name & number when ordering.)

## Gators' pitcher takes a bite out of Wildcats

by STEVE PETERSON  
Lakeland Newspapers

The play seemed to symbolize the kind of day Libertyville's baseball team had against Crystal Lake South.

The Wildcats never seemed to get things clicking in a 9-3 sectional final loss to the Gators at Barrington.

The Wildcats had scored their third run of the game when Shawn Park was hit by a Joe Mauer pitch. He took first base with two outs, but was almost immediately picked off on a strong throw by the South senior.

*"We did not play the way we are capable of."*

— Jim Panther

"We did not play the way we are capable of," Libertyville coach Jim Panther said. "The first three innings we had six guys get on base and scored only one run. We knew we had to get to him early."

Mauer, who struck out nine LHS batters in a six-hit effort, always seemed to be a step ahead of the 'Cats as the Gators gained their first trip to the state finals in Geneva.

"I thought we were going to be down, but we weren't out," Mauer said.

Scott Prindville had notched the first of his three hits on the day, a two-run homer for a 2-0 Gators lead.

Libertyville (25-8) cut the lead in half in the first and tied it in the second.

Brandon Hunter walked with one out, Andrew Robertson and Matt Bernthal singled to load the bases. Jacobson's sacrifice fly brought home Hunter, but a strikeout ended the inning.

In the second, Park singled and Jeremy Fellows and Saxton Rose walked, loading the bases. But Mauer got Matt Woverton

for a strikeout before Hunter grounded out for an RBI.

"I would hate to play against a team like us because when you force things, you can't play back on your heels because things happen," South coach Jim Beck said. "That's what we did. We were aggressive and that is the kind of baseball the kids could play. You could see with Prindville hitting the home run, we got two runs there, but we got seven runs our way."

Ironically, it was the Wildcats who used the home run to gain the sectional final spot in a win over Elgin.

"They were taking pitches early. They were trying to let Joe beat himself. More power to him, he did not let them. They did that sometimes, but not enough," Beck said.

The Gators received steady defense from catcher Justin Gregory. He threw runners out at third and second base.

"Joe is the kind of pitcher who can pitch two bad innings and he can stay in there the whole game. We talked to him the entire game, but we were not going to take him out," Beck said.

South broke the 2-2 tie in the fourth. Jon Beyer singled, reached second on an error and scored on a wild pitch.

Jamie Carruthers kept the Wildcats close until the fifth when the arm gave way. The junior had pitched 11 of 14 innings in a win over Waukegan and downed Elgin 9-5.

"We knew if we could get past Carruthers, they were hurting," Beck said.

"I'm disappointed we did not play better right now in this game but as I look back at the year these kids have had, a lot of the seniors have had good years. We've gotten this far because of the way we battled in tight games. We let one get away from us," Panther said.

## Area well-represented at prestigious track meet

Two state champs and another outstanding athlete from this area will join over 250 internationally ranked high school seniors for the 1993 Keebler International Track & Field Invitational at York High School in Elmhurst Saturday, June 19.

Stevenson's Pat Joyce and Libertyville's Becky Coleman and Chris Brown will be put to the Keebler test.

Joyce is a two-time state champ in the 3,200-meter run. He won this year's state meet in 9:02.7. Topping the field are Webb Shelley of Mesa, Ariz. (9:00.6) and Jason Lunn of Sugarland, Tex. (9:02.4).

Brown ran a 9:15.6 to finish third in this year's state meet 3,200. In the Keebler meet, however, Brown is slated to run

the 3,000-meter steeplechase where his best time is 9:45.1. Marcelo Blanco of Brazil leads the field with a personal best of 9:22.0.

Running in the Keebler has been an aspiration for Coleman since she was 12 years old, and her family has attended the meet every year since 1986 in anticipation of her eligibility this spring. Coleman was this year's 3,200-meter state champ in 10:46.6. Milena Glusac of Fallbrook, Calif. brings in the best time (10:26.7).

Field events will get underway at 10:30 a.m. The formal opening ceremony is set for 11:30. The local trio will race at 12:20 p.m. (steeplechase), 12:55 (men's 3,200) and 1:10 (women's 3,200).

## Excuses not good enough for Libertyville's Coleman

Libertyville runner par excellence Becky Coleman has won \$1,000 for college as a runnerup in the Asthma Athlete of the Year Scholarship Program.

Coleman was one of the 15 winners from among 5,000 applicants nationwide. The 9-year-old program, sponsored by Schering Laboratories in Kenilworth, N.J., recognizes the athletic and academic abilities of students with asthma. A total of \$40,000 in awards will be made with \$3,500 scholarship going to ten winners and \$1,000 scholarships to five runnersup.

Coleman topped off her stellar prep career by winning the 3,200-meter run in this spring's state track meet. She captured the cross country state championship last fall.

An honor roll student, Coleman plans

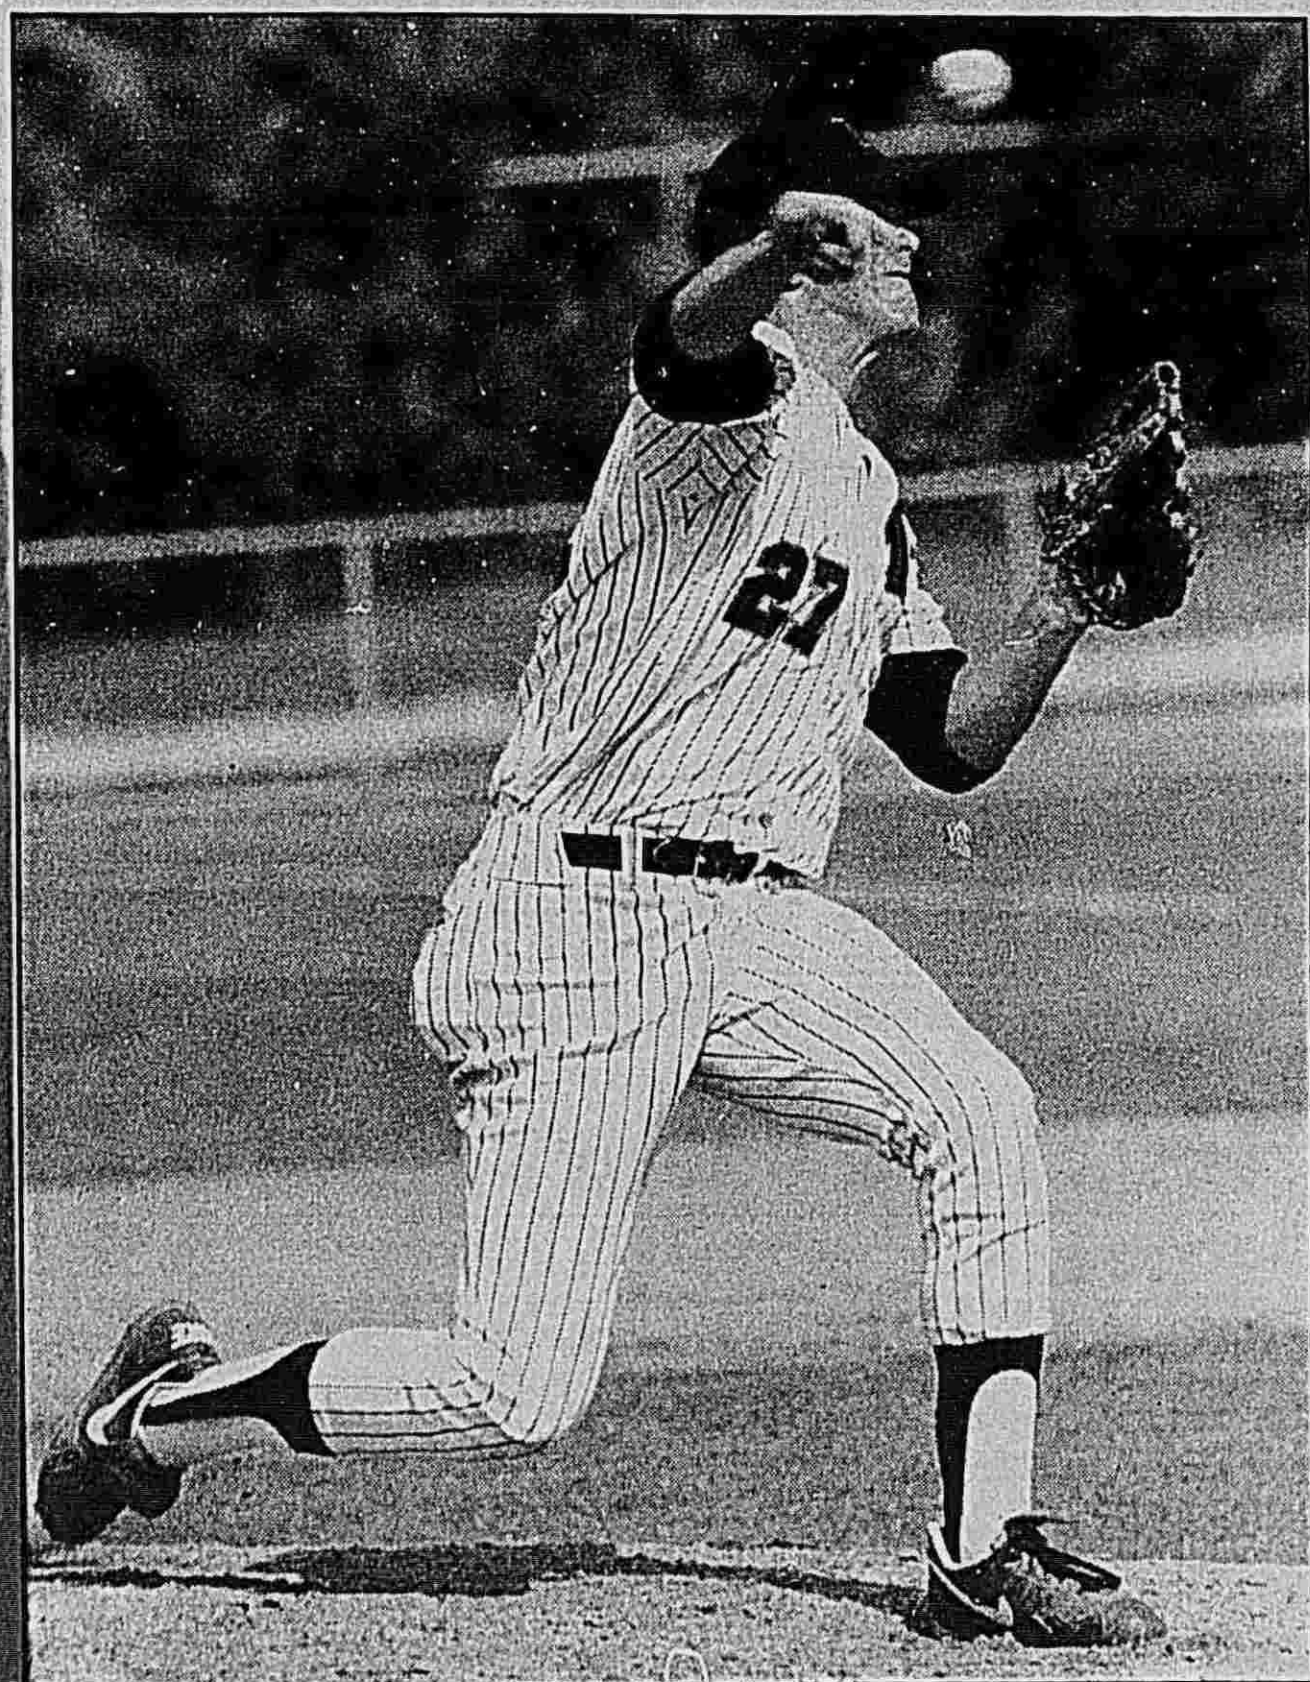

to run for the University of Iowa and study science. She's the daughter of Terry and Laura Coleman.

In addition to asthma, Coleman said she also has had learning disabilities.

"My personal philosophy is that when problems get thrown your way, you can either use them as an excuse not to succeed, or find a way to solve them," Coleman said.

More than 10 million Americans suffer from asthma, a chronic disease which affects the bronchial airways or breathing tubes. A large majority of asthmatics also suffer from exercise-induced bronchospasm (EIB). Both involve a narrowing of the bronchial tubes and can be controlled with proper medication. Among those recom-

# Lee, golf prove to be one custom-made combo

Golf and Tom Lee have been almost constant companions for as long as he can remember.

"I started when I was 10 years old as a caddy at Twin Orchards Country Club in Long Grove," Lee said.

Today, instead of selecting golf clubs for weekend golfers, Lee is customizing golf clubs, scheduling clinics or giving a friendly pointer or two to golfers of all ages at Master Golf in Grayslake.

"Business is starting to pick up," Lee said.

Lee, a Round Lake High graduate, formerly worked at Countryside Golf Course before opening the driving range off Rte. 45 south of Rte. 120 in May. His partner is Robert Head, a Grayslake graduate.

"Golf courses are so crowded, this is a good spot for people to practice," Lee said. "Play is so slow on golf courses. It is hard to get a round completed in under five hours."

Lee is certified to teach golf through the U.S. Golf Teachers Association and attended seminars on making clubs. Most

orders can be taken care of in two to three days.

Lee admired the likes of Jack Nicklaus and Arnold Palmer while growing up. Although Round Lake did not have a boys golf team when he was in school, he played college golf at Mesa Community College in Arizona.

The mats were filling up at the golf business as Lee discussed the top problems duffers have. "Slicing is the number one problem beginners have," he said. "You just work through it with detection and correction," Lee said.

Targets are placed at 100 to 320 yards. In the future, golfers will be able to shoot at them through a lighted, three-tiered mat system.

Some 20 grassmate tees are available now. A putting green, chipping green and sand traps may be under construction this year. Group and private lessons are offered. Lee sees a youth movement in golf. How young is young?

"We have seen them out here as early as 1 1/2 years old and they can swing a club," Lee commented as he pulled a

miniature golf club.

"It is a family thing," Lee said.

Indeed it is with the Lees as well. Tom's son, Jason is a golfer at the College of Lake County. "I have a video of him golfing nine holes when he was six," Tom Lee said.

While his rounds of golf have been trimmed to a precious few with the demands of starting a new business, Lee

keeps tabs on the pro golf tour.

"John Daley is a big hitter who is changing people's games," Lee said.

Lee would someday like to try for a spot on the seniors tour. But for now, it is arrival at Master Golf at 6:30 a.m. and leaving at 9:30 p.m.

Master Golf hours are 7 a.m. to 9 p.m., seven days a week. For more information, call 223-6886.

## Lake County may court minor league franchise

The scouting report back from the Lake County Economic Development Corporation indicates minor league baseball could be a big hit.

Jim McCormack, head of an EDC task force, is investigating the possibility of securing a franchise for the county.

If the success of the Kane County Cougars is any indication, Lake County would do well to sow the seeds for a farm club. The Cougars ranked second in minor league attendance nationally in 1992, drawing over 300,000 fans. In 1991, just its first season, Kane County ranked fourth.

A big reason for the success of minor league baseball — 28 million people attended games nationally in 1992 — is the low cost of an outing in comparison to major league baseball.

Formally the Wausau (Wis.) Timbers, the Cougars were purchased in 1989 for \$850,000. The value of the franchise is now estimated at from \$1 million to \$4 million.

As one of the fastest growing areas in

the nation, Lake County seems a natural for a franchise. In addition to over 500,000 residents, the county draws hundreds of thousands more annually to Great America and Gurnee Mills.

If the county board gives the sign for the hit-and-run, minor league baseball could be played in Lake County as soon as 1995.

The final approval, however, must come from outside the county. A new franchise must be located beyond 35 miles of an existing one; the Cougars must give their OK and minor league baseball officials would have to approve.

## U.S. soccer team at Gurnee Mills

As part of the MasterCard World Cup Soccer Festival, members of the U.S. team will be on hand for autographs and photos at Gurnee Mills Friday, June 25 from 7 to 9 p.m.

## Berg to coach Carmel girls

Carmel's new girls basketball coach already has coaching experience at the Mundelein school.

Ben Berg, an assistant boys basketball coach for five years, has been tabbed to succeed Scott Green. Green was not rehired after last year and Berg will be the third coach in as many years. It is the first

head coaching job for Berg, a Park City resident. He played his high school basketball in Sheyboan, Wis.

"We interviewed two people for the job and elected to stay in-house with it," said Andy Bitta, Carmel athletic director.

Berg was out of town Wednesday and could not be reached for comment.

Tom Lee, co-owner of Master Golf in Grayslake, helps David Steele with a grip. The driving range is located off Rte. 45 south of Rte. 120. For more information, call 223-6886.

## Colts plan golf fund raiser

The all-volunteer Grayslake Colts organization is planning for its first annual golf outing for Aug. 7.

This major fund raiser is intended to support an anticipated growth in the program of 40 percent. All new cheerleaders and football players as well as all current participants must be uniformed and equipped.

The event will be at Renwood Country Club. Golf and lunch will be provided with a donation of \$50.

Goals are outfit 25 to 35 additional cheerleaders for the fall, equip 40 to 50 more football players at \$150 per player, accept underprivileged youth as necessary and set up a scholarship fund for clinics and camps for boys and girls.

The Colts received \$1,000 from both Lake County Grading and USA Waste.

Tom Rosenquist of Lake County Grading presents \$1,000 check for Grayslake Colts youth football program. Luann Kinney accepts check. Colts also received \$1,000 from USA Waste.

## Lefties dominant on RL Legion's pitching staff

Opponents of the Round Lake Legion baseball team may "stock" their lineups with right-handed batters this summer.

That's because Coach Glen has four left-handers he can call on to pitch. They are Scott Muellemann, who led Round Lake to another Northwest Suburban Conference title; Pat Lejman; Ryan Bauer; and Scott Schupp of Grayslake.

"There is just an overflow of talent on this Legion team," Jewell said.

Joe Vavrik and Jon Daniels, who improved the last month for the Rams, can come in for relief.

Round Lake is in its second year of District 10 play.

While most other District 10 teams have played five games or more, Round Lake

got off to a late start as Wednesday's battle with Antioch was the season opener. Round Lake hosts Barrington Friday, June 18. Round Lake hosts Mundelein for a twinbill Saturday at Round Lake High at 11 a.m.

Jewell said he is confident about his team's hitting. Grayslake's leader, Alex Ortigosa and Aaron Strain, Steve Taylor and Clint Rodriguez of Round Lake.

With the exceptions of some of the Grayslake players, the Round Lake team is much the same as the 1991 team which took the state Colt league title.

"The late start should not hurt us, but what could is I have to coach the Colts as well and I don't know how much time can devote to the team," Jewell said.

# True-blue Panther Prorok assumes AD position

Jim Prorok

by STEVE PETERSON  
Lakeland Newspapers

A Round Lake graduate who played basketball for his predecessor will be taking over as athletic director.

"I always enjoyed working with young kids. Even in college, I did a lot of work with elementary school kids," Jim Prorok said.

The seven-year Round Lake baseball coach succeeds Ken Ricci, who was only the second athletic director in school history. It is the coaching staff which has been in place at RL for decades and Ricci that Prorok draws on for his coaching philosophy.

"I think I learned from a number of people. Ricci, I learned from him in the year or two I played for him here. Jim Rogers in baseball when we had winning programs in the 1960s. Howard Schroeder has helped me as a coach. When I came

back here I worked close with him in the baseball program. Those type of people had faith in me and gave me a lot of support," Prorok said.

Prorok was a football and baseball player at Dickenson College in North Dakota.

He does not see any major changes as he takes over the Round Lake sports program. His first tasks will be to name a replacement for himself as baseball coach, as union rules prohibit the athletic director from being a head coach. He will also name a softball coach, as Schroeder is retiring.

Ricci had praise for the selection of Prorok, calling him hard-working and well organized.

Prorok is a dean at the high school. The lifelong Cubs fan includes fishing as a hobby.

"I took the positives and negatives from everything. I learned a little from every coach I had, both in high school and college," Prorok said.

Does he treat athletes any differently today than 20 years ago?

"I think the rules and regulations are the same. The trends in society are different. What seems to be acceptable now is a little different from when I grew up.

"Young people are forced to make many decisions. Jobs, going on to school, cars, friends, boyfriend-girlfriend relationships. There are things that tend to get in the way. Maybe 10 years ago, they could separate all that. Now it seems they want to do a little bit of each. At key moments, other things get in the way. We preach with the varsity squad, the first thing we tell them is you are here to go to school to get a good education. Some kids are fortunate to move on to play ball at the next level and some kids have to make decisions on their work ethic and habits.

You have to make the choice: academics, family and baseball. Other things have to be down the totem pole or down the ladder. Do not let the other things get in the way of the top three," Prorok said.

Prorok's baseball teams have won three Northwest Suburban Conference baseball titles including the last two and one as an assistant under Schroeder.

"It is nice to win back-to-back championships. It is a credit to the kids. They have to work hard and the juniors came a long way from last year. Our juniors and seniors grew up playing baseball together. This is the first two groups that have been committed to the program and we do have a good baseball program in the community of Avon Township baseball," Prorok said.

Derek Hart at the College of Lake County and Jay Center at a Missouri College are playing college ball. Scott Muellemann and Scott Ellenwood are pondering offers and may join Hart at CLC.

Tim Unroe, the standout third baseman, is in the minor leagues in the Class A team of the Milwaukee Brewers organization after a stellar career at CLC and

Lewis University.

"He came in and talked to some of the kids this year. When he started growing up his junior and senior year, he grew up a lot. One of his big goals and dreams was to play baseball. He worked hard to get where he is at," Prorok said of Unroe.

There are plenty of Panthers who would like to become the next Tim Unroe.

"It is hard as the numbers are increasing in certain sports, to maintain the level of teaching that is necessary to be competitive. Maybe in the future, as we get out of this financial situation, we can get into a position of adding coaches," Prorok said.

Scholarships, seasons such as the 19-6 record of last year and getting to the minor leagues may all be glamorous, but that is not how Prorok evaluates seasons.

"If you get the kids to play up to their potential, to get them to play the best that they can, you have to hope you can get them to feel good about what they did. They may not have had the best talent, but the effort and the desire to go out and play the game and let the chips fall," Prorok said.

## Water ski tourney Sunday

Eight Midwestern water ski clubs will provide the action during Lambs Farm's 28th Annual Ski Show Tournament Father's Day, June 20.

The ski competition — barefoot, freestyle, jumping and pyramids — will run from 7:45 a.m. to 5 p.m., followed by awards presentation.

Admission and parking are free,

but a sumptuous all-you-can-eat Dad's Day brunch will be offered in the Lambs Farm Country Inn Restaurant at \$11.95 for adults and \$3.95 for kids 10 and under. Lambs Farm offers many fun attractions for young and old.

Lambs Farm is located at the junction of I-94 and Rte. 176. Call 362-4636 for more information.

HIGH SCHOOL/COLLEGE ELIGIBILITY: As a general rule, high school and NCAA players are eligible to play in the "Summer Jam" tournament. Illinois allows participation by high school athletes without roster limitations. However, "Summer Jam" is not responsible for determining a particular school's or athlete's eligibility. We suggest you contact your basketball coach or athletic director for further information.

# Parker tabbed tops in NWSC

Johnsburg's Katie Parker has been named Northwest Suburban Conference softball's most valuable player.

Parker, a sophomore pitcher, leads off the all-NWSC team, which also includes repeat all-league players Erin Klein of Grant, Julie Davis of Grayslake and Monica Miszewski of Round Lake. Parker was also an all-conference player as a freshman.

Johnsburg, the league champ at 15-0, and Round Lake, the runnerup at 12-3, each landed six players on the honor team. The Panthers' Grace Alaimo was the lone freshman named.

## Five Mustangs earn spots on All-NSC softball squad

Mundelein has earned five spots to lead off the 1993 North Suburban Conference all-league softball team. The Mustangs topped the NSC standings with a 15-1 mark.

All-NSC players for Mundelein include seniors Terilyn Starkey, Noemi Salazar and Stacy Beeze; junior Tiffany Campbell; and sophomore Lindsey Prezell.

Libertyville placed four players on the honor squad: seniors Kerry Gustafson, Teresa Halverson and Trisha West; and junior Lindsey Celba.

Lake Forest's four all-league players are seniors Vicky Wyatt, Julie Arvia,

Jennifer Anderson and Kellie Beckwith.

Warren's three all-conference softballers are seniors Jill Chumbley and Marlene Elfering and sophomore Dawn Rudio.

Fenton placed senior Beth Linker, junior Danielle Besenhoffer and sophomore Jenny Esposito on the team; while Zion honorees are seniors Michelle Pelzl and Christi Yielding and junior Shannon Mays.

Senior Dawn Morley is the lone Antioch representa-

tive, while senior Rachel Shields is the Stevenson rep.

## Rams' Johnson has new task

by STEVE PETERSON  
Lakeland Newspapers

Grayslake will have a new football coach this fall.

Bill Johnson has resigned his position, but will remain as director of pupil personnel services.

"We are very satisfied with the job Bill has done, but it is very difficult to be a director and a coach of anything," said Ray Novak, superintendent. "It is a simple matter how much time there is in a day."

The Rams were winless last year after a 2-7 1992 season. The Rams were 6-4 the previous two years, qualifying for the playoffs but losing to Lake Forest in the

first round.

Johnson was named football coach in 1989, succeeding Harold Jahnke.

Johnson was on vacation last week when the board of education accepted the resignation.

GCHS will also be looking for head wrestling and girls basketball coaches. Jon Peterson is one of five teachers who is retiring and girls basketball coach Brad Larson resigned that position.

In addition, the board agreed to post coaching vacancies not held by full-time staff. They include baseball, girls softball, tennis and soccer. The positions have to be advertised, according to ISHA rules.

## Coleman

(Continued from Page 47)

promising Coleman for the scholarship was her allergist, Henry J. Dold M.D., of Barrington.

"During the past nine years, the Asthma Athlete winners have been role models, not just for asthmatics but for all young people," said Raymond G. Slavin M.D., professor of internal medicine and director of the Division of Allergy and Immunology at St. Louis University Med-

ical School. He co-chairs the 1993 program with Washington Redskins wide receiver, Art Monk, who suffers from EIB.

"This year's winners are unique in the number of multiple sports each competes in," said Dr. Slavin, who heads the judging panel and has been involved with the program since its inception. "In fact, there was an incredible variety of sports represented, some extremely difficult for asthmatics because of the endurance required."

## Hitting, pitching clicking in perfect RL Colts start

Paced by the hitting of Craig Knuth and solid pitching from a variety of sources, the Round Lake Colts baseball team is off to a rousing 7-0 start.

"We have a definite state-caliber team," Coach Glen Jewell said.

Knuth is ripping opposing batters for a .678 average with a home run. "He is a line-drive, doubles hitter," Jewell said.

Chris Quinn, who also pitches, has "absolutely tremendous power," Jewell said. Also hitting in the .400 range is Ray Muellemann, younger brother of Round Lake Legion pitcher Scott Muellemann.

Rene Hernandez fanned nine Lake Villa II batters in an 11-0 win Monday.

"His best pitch was his curveball. It broke down by a foot," Jewell said.

The Round Lake club takes to the road for a twinbill at Lake Forest Saturday, June 19 and compete in a La Crosse, Wis. Stars of Tomorrow tourney next week.

Quinn earned a 7-3 win over Mundelein in the season opener. Hernandez gained the save. Quinn had five strikeouts.

Rich Camarillo was 1 for 3; Quinn had

two RBIs and Tim Alexander had an RBI.

Next came a 10-4 win over Lake Villa I. Dan Borke gained his first of two wins as he fanned three. He was 2 for 4 at the bat with two RBIs. Bill Koch had two RBIs.

Winthrop Harbor proved to be little more than batting practice in a 26-1 laughter. Bill Zibell was the winning pitcher and had three hits. Knuth, Dan Stefanowski, and Borke had two hits.

It was Muellemann who led them all, though, with four hits, two doubles and two singles and four RBIs. Ray Camarillo had four RBIs.

Following a forfeit win over Fox Valley-Johnsburg, the Round Lake contingent kept its pace with a 11-5 win over Highwood behind the pitching of Ryan Johnson.

Koch, Zibell, Knuth, Quinn, Borke and Camarillo had two hits. Camarillo had three RBIs.

Borke gained the win in a 6-1 win over Carmel. Jason Keaskowski 2 for 4 with an RBI.

## Preserve offers junior golf lessons

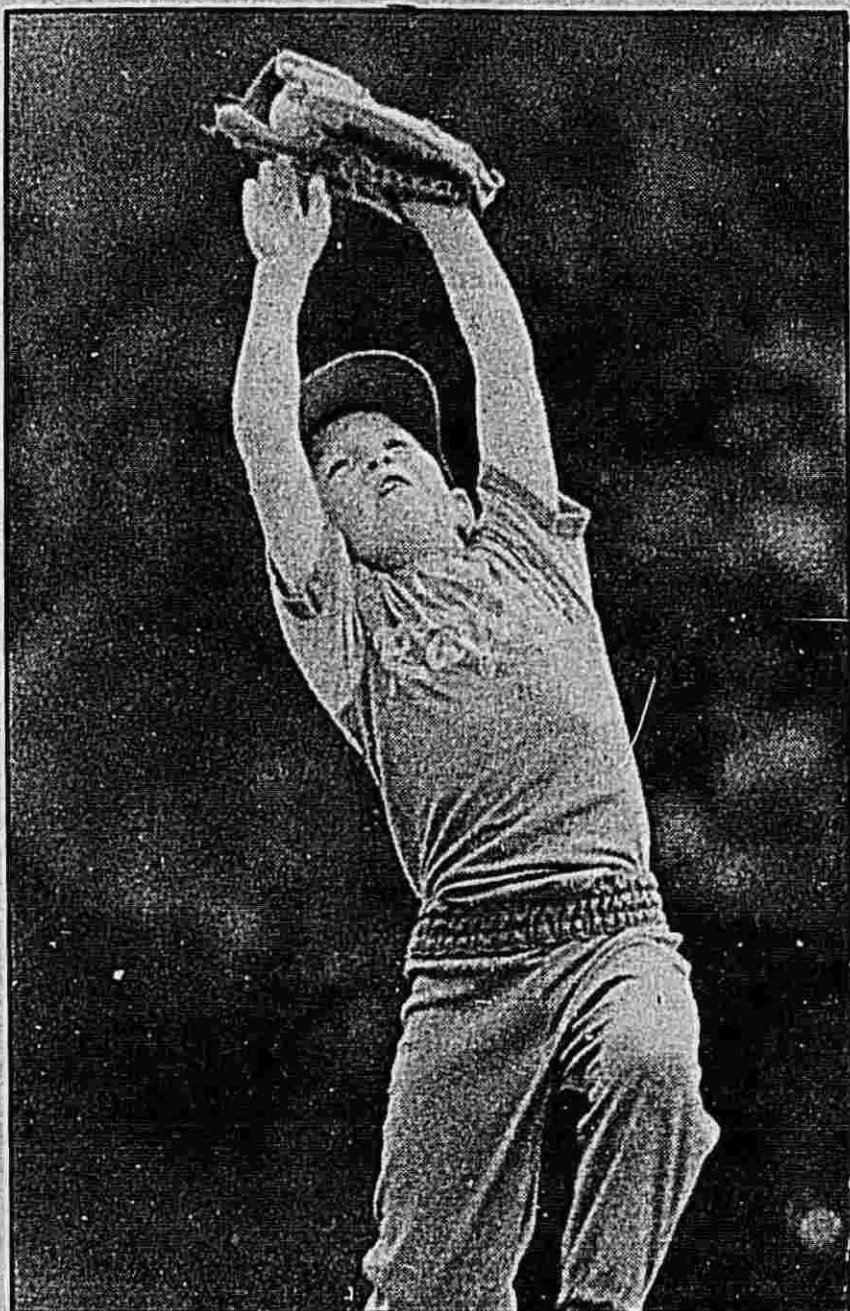

Golf lessons for 10 to 15-year-olds at Countryside Golf Course in Mundelein will be offered each Saturday in July by the Lake County Forest Preserve.

The four-week Junior Golf Camp will meet at the course's driving range on July 10, 17, 24 and 31 from 9 to 10 a.m. Teaching professional Chester Blaz has designed the class to introduce youngsters to golf in a fun and informative manner. Basic and advanced swing skills, and the

game's rules and etiquette will be taught.

Golf balls will be provided but participants will need to bring a putter, a No. 3 wood and a No. 7 iron.

Enrollment is limited and advanced registration and payment is required. The fee for the four-session program is \$38. Register in person at Countryside Golf Course, on Hawley Road in Mundelein, just west of routes 60 and 83. For more information, call 566-5544.

## MISSED SAVINGS

Do you still think it is cheaper to go on your own merry way and rent quarters rather than own your own home? You're not alone. Many people believe that owning a home is more expensive than renting. On the surface that may seem true. But does a person who rents benefit from:

1. Tax savings?
2. Increasing equity?
3. Increases in home value due to inflation?

Say you bought a home three years ago for \$100,000. If it increased in value at 6% per year, the same house would be worth \$120,247 today. Confess -- are you currently saving \$20,247 every three years?

Also, there's no disputing that home ownership is the best tax break there is. You don't need a crystal ball. In Congress, the one unviolated tax law principle seems to be that the homeowner gets the tax deduction for mortgage interest paid. In the early years of the mortgage, well over 90% of the monthly payment may consist of interest. That's one very big deduction.

If there is anything I can do to help you in the field of real estate, please phone or drop in at RE/MAX HERITAGE, 4641 Grand Avenue, Gurnee. Phone: 336-2600. I'm here to help!

## Sequoits' Haag ready to rumble this summer

Antioch's Chris Haag doesn't have time to grapple with how he's going to spend his summer vacation — he'll be too busy wrestling with his peers from around the country and around the world.

Haag, a Sequoit senior-to-be, has earned the right to wrestle in state, national and international competitions this summer. He qualified for advancement this spring during meets in Elgin and Chicago.

Haag wrestled in the 189-pound division for the Sequoits last winter, finishing second in the Northwest Suburban Conference and fourth in the sectional.

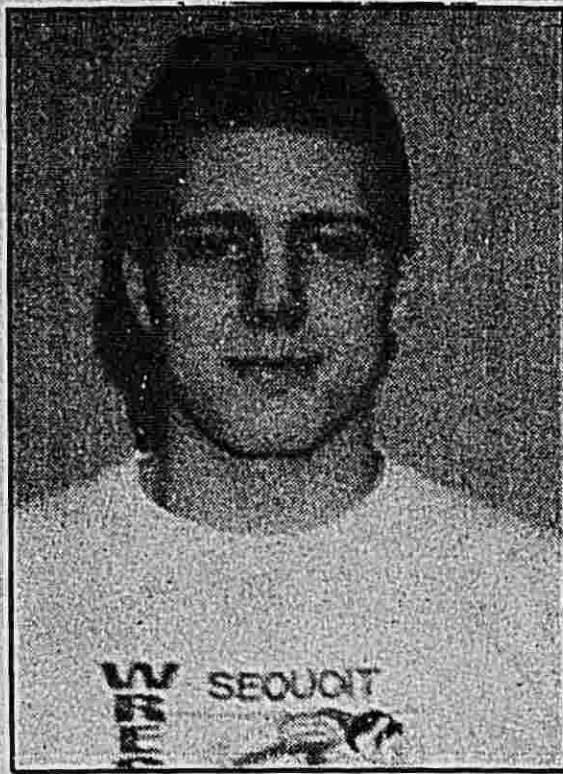

Still a growing boy, Haag has beefed up to over 200, and he'll wrestle in the 220-pound bracket this summer.

Haag is currently competing in Illinois Wrestling Federation team and individual events. Later this month, he'll head to Bristol, R.I. for the annual Ocean State Tournament. He'll wrestle at least 15 opponents from the U.S. and overseas during the 10-day by-invitational-only meet.

Haag is also set for the Junior Nationals in Bismarck, N.D. in July.

Haag likes the intensity of wrestling. His goal is a state-meet berth in 1994.

"You work so hard and you get out there and wrestle for six minutes at the

Chris Haag

most," Haag said. Your hard work — or lack of it — is determined in those six minutes."

Haag's hard work right now consists of running every day and lifting weights every other day. His increased stature will be good news to Antioch football coach Del Pechauer — Haag earned a starting offensive guard spot midway through last season.

If his physical training weren't enough, Haag also works at the Taco Bell in Antioch to earn his traveling expenses.

## Young Mundelein Legion team learns, gains victories

Mundelein's American Legion baseball team may be filled with names the baseball fan would want to keep notes on for the future.

"We are a young team. We will be very good next year," Coach Ted Muno said.

Mundelein is handling both ends of the spectrum well: Yes, they are young, but yes, they are winning — as evidenced by a 2-0 District 10 start, 5-2 overall.

Mundelein hosts Gurnee Friday, June 18 at 6 p.m. at Mundelein High before traveling to Round Lake for a doubleheader

Saturday at 11 a.m.

Junior-to-be Pat Goodman was the winning pitcher in the district game against Lake Zurich, a 14-6 Mundelein win.

A key moment was the fourth inning. Dave Steffens of Lake Zurich walked, but was later thrown out at home plate Matt Head fielded a bunt, threw to shortstop Buckner, who fired one back to home plate.

Mundelein was 2-2 at Kenosha, also earning a 6-3 win over Oshkosh. Steve Schueler gained the win.

## Gurnee hoping strength up middle will show way

The Gurnee American Legion Post 771 baseball squad is hoping strength up the middle will allow the team to surprise District 10 leaders.

Gurnee notched its first win of the season by downing Antioch in American district play Monday.

Coach Rick Hill hopes the 4-1 win will mark a strong start. Gurnee fell to defending District 10 champ Waukegan 9-4 last Friday.

"Today we executed better defensively. We had some defensive lapses Friday night," Hill said.

Gurnee is at Mundelein at 6 p.m. Friday, June 18 and Libertyville for a big doubleheader at 1 p.m. Saturday.

Gurnee had six hits against Antioch. Matt Pulaski and Bob Olson each had two hits and Mark Leginski had one.

Gurnee is hoping pitching depth will be a strength. "I have five guys I can call

on," Hill said.

Curt Salata, from Carmel, is one and he was the losing pitcher against Waukegan; Jeff Weir of Warren is another; Erick Blaha of Antioch, Joel Dangel of Warren and Joe Hird of Warren round out the staff.

Defensively, Gurnee feels it is strong in the middle with Pulaski at second base and Salata at shortstop.

"Pulaski is an outstanding infielder. Together, they should be a solid double-play combination," Hill said.

Ryan Taylor, the male Athlete of the Year at Warren, is back at catcher. The outfield includes Olson and Leginski from Warren and Kurt Whitmire of Zion.

"Getting kids off the high school season is tough, but after we get three or four games in a row with no rainouts, things should work out well. I am really optimistic," Hill said.

## Libertyville Legion hopes to figure in District 10 race

"If we can find out who will play first, we will be good," Libertyville Legion baseball coach John Alhgrim said.

Libertyville is 3-1 this season after falling to early leader Vernon 8-3. Libertyville downed Antioch 13-1 in five innings and swept Crystal Lake in a doubleheader 7-2, 10-1. Gaining mound wins were Sean Mantucca, Brian Buckingham and Todd Graham.

Libertyville hosts Gurnee in a doubleheader Saturday, June 19 at 1 p.m.

The strength of the Libertyville defense could be the middle. Adam Jacobson is at third base, Buckingham at shortstop. Matt Woverton, who played third base for the sectional finalist Wildcat team, moves back to the outfield.

Mantucca struckout six Antioch batters in the opener. Scott Schleiden was 2 for 4, Erick Figuerelli 3 for 4 with four RBIs.

"I played a lot of different kids and used a lot of different lineups," Alhgrim said.

Erick Janssens stole the spotlight in the outfield with several diving catches.

Buckingham fanned nine Crystal Lake batters in gaining the win in the opener. Chris Salm and Schleiden had two hits.

Graham fired a five-hitter and had five strikeouts in the 10-1 second game win. Pete Marquardt led the offense with 3 for 5.

"Todd had good control and we ran the bases extremely well. We should have the pitching to stay in games," Alhgrim said.

## Coach's absence inspires LZ Legion to tourney title

Lake Zurich's American Legion baseball team bounced back from its sec-

ond defeat at the hands of Mundelein in 24 hours to win a legion tournament in Kenosha.

The LZ team beat Lake Region 8-7, lost to Mundelein 7-5 but bounced back with an 8-4 doubling of Kenosha and a 16-1 bombing of Fond Du Lac, Wis.

Coach Greg Gagne could not make the last two tournament games due to an automobile accident.

That inspired the squad.

"We were really pumped up for it," Pat Rams said.

Dave Steffens gained tournament honors along with Chris Miller as Lake Zurich started the week 4-3.

Miller had two home runs against Kenosha, Erick Bruksch and Miller had one each.

Lake Zurich faced three of the District 10 favorites this week. They host Waukegan Monday, June 21 at 6 p.m. at LZHS after being at Wauconda Friday, June 18 at 6 p.m.

Lake Zurich played Mundelein tough before the roof caved in during the sixth inning. It was tied 6-6 before Mundelein scored eight runs on seven hits.

Al Ledet, Pat Goodman, Dave Hartmann, Jeff Buckner, Steve Schuler and

Matt Head all had singles. "I am taking too much for granted now," Gagne said after the loss.

Case in point came in the fifth inning Steffens was thrown out at home plate and an interference call ended what could have been a big inning for LZ against Mundelein.

Returning from last year's team include Cuellar and Bruksch and College of Lake County-bound Rams, Mike Forrest and Steffens.

Dale Keefer, the winning pitcher against Kenosha, was supported by a four-run first inning.

could be operated. "The report has no suggestions on how to implement a DSM program," said Crawford.

"In a perfect world, where everyone is operating at a maximum of energy efficiency, there would be no need for the line. But, that just isn't going to happen" said Crawford. "If someone installs energy efficient light bulbs, it still will be ineffective in reducing the power load. Particularly when there is peak demand, such as air conditioning use during hot days."

Crawford believes that the basis of the CAUSE organization's argument is that Edison has not engaged in enough DSM. Yet, he feels that such a program would not be effective in the long run.

"DSM, if it would work, would only serve to postpone the service upgrade," Crawford claims. "Even without the expected growth, customers have already experienced problems. Increasing the capacity will make the system more reliable."

Additionally, the Illinois Public Utility Commission has not really backed such plans. In other states, like Wisconsin, the utility commissions allow companies to recover the costs of DSM implementation through the rate payers. According to Crawford, "Commonwealth Edison cannot engage in DSM and recover those costs in the rates."

And so, the debate will continue to rage. A new hearing date with the ICC has not yet been given.

## Roads

(Continued from Page 1)

Ring.

The highway department accepts bids on asphalt every year, and the amount of work that gets done depends on the costs at the time.

"If the cost is \$25 a lot, we can do more roads than if the cost is \$28." So, it seems that a fixed budget, limited manpower, rising inflation, and weather conditions have an impact on just how much can be accomplished in a single year.

Ring realizes that not all citizens will be happy with him at any given time. His philosophy is to do the job right the first time and there will be less maintenance in the future. "I will not build a road that is not a quality road,"

emphasized Ring. "Roads that are done right in the first place, cost less in the long run."

The entire responsibility of keeping the roads open is Ring's. He readily admits that he personally makes all the decisions. He tries to evaluate each circumstance and make sure that major problems get taken care of, ahead of the minor ones.

"I realize that a minor problem feels like a major problem when it is happening to that person, but the squeaky wheel does not get the oil. I make the decisions and have 16 years of experience."

Ring was first elected in 1985. He was reelected in 1992 for a third term and has worked for the township for 16 years.

and their zoning has been changed," said Leafblad. "A number of people are upset that they can't get a permit because of their zoning and claim they never knew their zoning was changed in 1988."

Leafblad said the board, in order to remedy the situation, passed a resolution at its June 8 meeting that would re-open the zoning for these people, mostly in

northwest Lake County, and provide them with a public hearing if the owner of the property wants to question the new zoning classification.

Leafblad said that the board hasn't set a date for the hearing as of Lakeland Newspapers press deadline, but added that at least 10 posters about the meeting will be posted in the areas affected and proper notice will be given.

## No wake

(Continued from Page 1)

Springfield, Ill., and Lake Geneva, Wisc., have similar ordinances ruling a shoreline no-wake area in their lakes, said Kabbes. She also explained that there is

no current daytime speed limit for boaters on the lakes, but a 25 M.P.H. limit for night time boating is in force.

The Agency also gave the go-ahead to newly appointed secretary Judy Martini to deal with financial institutions by approving her name to be added to the signature cards for banks and allowing her to open new accounts.

Martini was officially appointed at May's meeting taking over the seat of previous secretary Roy Gundelach.

## Tips to keep lawns healthy, naturally

Once upon a time, homeowners thought they had to dump a ton of chemicals on their lawns to keep them green and beautiful. But, in the long run, that practice proved harmful to turf and even more dangerous for the planet.

Here's some good news: It's now possible to grow a luxurious carpet of grass worthy of your neighbor's envy—without hurting the environment. How? By planting one of several new turfgrass mixtures that are kinder

and gentler to your health, soil and water.

Two of the newest, Heat Wave and Defender, both from Lofts Seed, Inc., are designed to meet environmental needs by requiring less water, fertilizer and pest control and less frequent mowing. Heat Wave combines sturdy, deep-rooted grasses (tall fescue, Kentucky bluegrass and perennial ryegrass) to produce a mix that is low maintenance, as well as heat and drought resistant. Defender grass seed

contains endophytes, naturally occurring fungi that resist insect damage without insecticides. Look for these new turfgrass mixtures at hardware stores, chain retailers and local lawn and garden centers.

By nature, organic lawns are stronger, healthier and more immune to attacks by weeds and insects than chemically-treated ones. They also require much less labor.

In fact, the less work you put into a chemi-

cal-free lawn, the better the results. For example, one long, deep watering each week is far more beneficial than shorter, daily waterings. A good, healthy soaking six or eight inches deep allows water to reach the grass roots, and enables them to withstand heat and drought. Don't water again until the top inch of soil is thoroughly dry.

Thinking about putting off mowing the lawn? Go right ahead. Mowing is stressful on grass, especially if mower blades aren't sharp. Dull blades shred grass, making it vulnerable to insects and disease. You'll know it's time to sharpen the blades if the lawn appears gray or white after mowing.

To maintain an attractive, healthy lawn, cut only the top one-third of the grass at each mowing. If your lawn is three inches high, then remove just the top inch. Remember, the recommended height for cutting depends on the grass type, where you live and time of year. (If you need advice, call your local county extension agent.)

In early spring, when

grass is growing rapidly, you may need to mow the lawn more than once a week. This may sound like extra work, but it's really not. A lawn maintained at the proper height is easier and faster to mow.

And, instead of throwing away lawn clippings, reuse them as mulch in the garden. Clippings are an environmentally sound way to control and discourage weed growth, and help the soil stay moist longer. They also work as a natural fertilizer. Make sure, however, that clippings are dry. Wet clippings tend to mat together, which may damage any grass trapped underneath the clumps. Should it rain after you've mown the lawn, simply rake up the clippings for composting.

If fertilizers are used according to their package directions, they don't pose an environmental problem. Though chemical fertilizers quickly green up the lawn, they do so at the expense of good root development. Instead, use a slow release, organic nitrogen fertilizer to guarantee steady nourishment.

Begin fertilizing newly seeded lawns when the grass reaches a height of one and one-half to two inches. But, don't overdo it. Over fertilizing, even with an organic fertilizer, will only encourage weed growth and may cause runoff into water systems. Follow directions on the package for the right amount. Then water immediately. Established lawns should be fertilized twice a year, once in mid-to late May, after the lawn's flush of spring growth, and again in mid-to late October. Be sure to use the amount recommended for each specific turfgrass.

Growing the lawn of your dreams doesn't have to turn into an environmental nightmare when you take the time to do it right.

## Made in the shade lawns

Give lawns a new life by planting the seeds of success—shade-tolerant grasses. A shaded lawn competes with trees and shrubs for available sunlight, water and nutrients, so it's important to use a seed that is up to the challenge.

Fine-leaved fescues and rough bluegrasses, such as *Laser Poa trivialis*, are the perfect example. Developed specifically to grow well in the shade, these varieties are quick to establish. Select fine-leaved fescues for dry, shaded areas and rough bluegrasses for damp shade. Other grass types are prone to diseases and will lack the growing strength necessary to survive in these areas.

Having a great lawn is not as simple as just planting the right grass seed, however. A shade-tolerant landscape needs special care and maintenance to ensure that grass plants stay

strong and healthy.

Here are five easy ways Lake County homeowners can maintain the healthy good looks of a "made in the shade" lawn, according to the experts at Lofts Seed:

- Occasionally prune or thin trees and shrubs to increase the amount of air and light the lawn receives. Remove only the tree's inside or low-hanging branches. To protect against unnecessary tree damage, visit your local lawn and garden center and ask about appropriate pruning tools and procedures needed for the job.

- Replace large trees and shrubs with dwarf types, which will reduce competition with grass for sunlight and space. This may seem like an expensive option, but the long-term benefits will quickly outweigh the short-term costs in labor and money.

- Limit the amount of

foot traffic on shaded lawns, which are generally thinner and more easily damaged than grass grown in full sun. Heavy wear also increases soil compaction, especially when the soil is wet, making it difficult for roots to grow in their search for food, water and air.

- Mow shaded lawns 3 to 4 inches high, rather than 1 1/2 to 2 1/2 inches normally recommended for sunny areas. Longer grass plants have more surface area available to catch sunlight needed for photosynthesis, which allows plants to take energy from the sun and convert it into food.

- Water shaded lawns deeply but infrequently, as they tend to stay moist longer than those in sunny areas. Allow the area to dry before watering again.

Follow these simple instructions and your lawn will have it "made in the shade" this summer.

## Gardener's guide to organic pest control

Garden pests are a fact of life, so it's important to learn pest control—the key word is "control." You will never be able to eliminate all pests from a thriving garden, but there are many ways to keep them under control. Today's environmentally aware gardener is becoming more knowledgeable about organic and inorganic options.

There will be times when the most effective solution for saving a plant is the use of a chemical

pesticide. Other times, an alternative may be preferred. The Garden Council cautions that any pesticide, organic or inorganic, is designed to kill. Its misuse can endanger "good" bug, birds, pets, children and even adults. Always read the label and follow directions exactly.

Many successful gardeners begin their pest control program without using pesticides, but rather with tried and true defense techniques such as:

- Timing:** Know "which" pests threaten your plants "when," and time your planting season so the plants get a good head start before the bugs come into season.

- Selection:** Select varieties that have been bred to resist common pests.

- Early Prevention:** Eliminate pests as you see them forming. Control the earliest arrivals while they are few in number.

- Nature:** Encourage the "good" bugs to move into your garden. Lady bugs,

praying mantises, dragonflies and wasps can be you allies, along with birds and frogs. Be careful not to kill them off with unnecessary area-wide sprays.

- Companion Gardening:** Many people believe that plants such as onions and garlic discourage aphids. Planting radishes around squash and cucumbers may chase off the cucumber beetle, and marigolds can reduce nematodes in vegetable gardens.

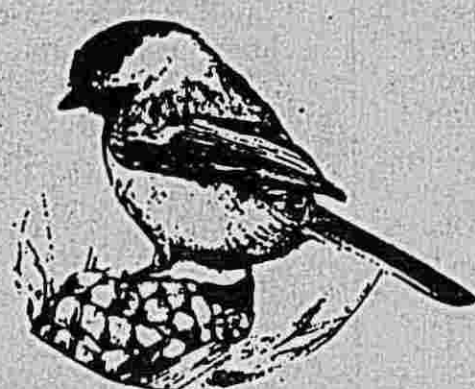

One of the most

common garden pests is the aphid. A large family of lady bugs in the area will usually take control of this pest. If not, a strong jet of water from the garden hose will help knock them off plants, but be careful not to harm delicate plants in the process.

For more difficult pests, it's time to turn to pesticides. Although recommend pesticides vary in different geographic climates, according to experts at the Garden Council, one of the safest pesticides is

*Bacillus thuringiensis*, a good biological control for the organic gardener. Available under a variety of trade names, B.T. kills only caterpillars with alkaline stomachs, such as canker worms and tomato worms. Although B.T. won't affect aphids, it also won't harm ladybugs, birds, dogs or people.

When you're faced with a swarm of irritating pests, the Garden Council recommends contacting the local State Cooperative Extension Service.

## Lawn mower buying tips

For many Lake County homeowners, this is the season for buying a new lawn mower. The ravages of age have taken their toll and the old mower is either wheezing or stubbornly unworkable. What can homeowners expect when they go to a dealer for a new mower?

A lot of questions. A good dealer asks plenty of questions to figure out the best machine for a customer's needs and budget. How big is your lawn? Is it hilly or landscaped? Who will do the mowing? Do

you plan to do other projects with the equipment—like garden tilling? These are typical questions that can help direct a dealer toward the right mower suggestion.

When looking for a walk-behind mower, keep these features in mind. A self-propelled mower carries its own weight. Large diameter wheels roll more easily. A blade brake clutch stops the cutting when a lever is released, but lets the engine run—reducing the times you have to restart the mower.

For riders and tractors, look for these features: quiet operation when the mower is actually cutting grass, variable speed drive that reduces clutching; hydrostatic drive that eliminates clutching; attachments that are fast and easy to put on, take off.

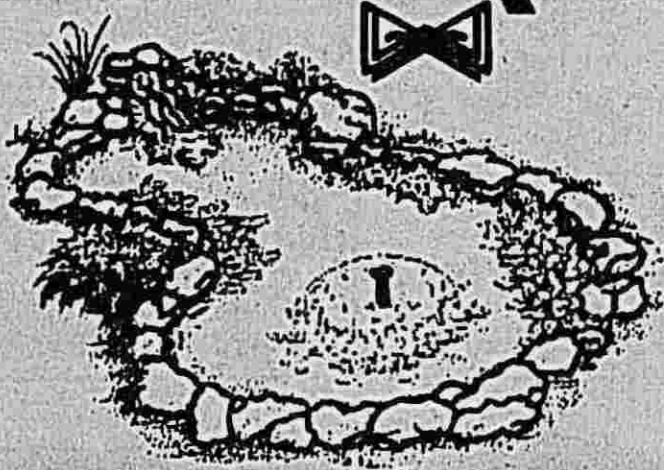

Also, be sure to ask about the warranty and fat parts replacement. And ask to look at the service shop. A tidy shop is a sign that you'll get good, prompt and reliable service.

## Celebrate summer at Chicago Botanic Garden

There's no better way to welcome the first week-end of summer than to take a stroll through a fragrant, blossom-filled garden, gather the latest rose-growing tips from experts and introduce the kids to the wonders of plant life. Visitors to the Chicago

Botanic Garden can experience all of this summer fun and more at Garden Walk Weekend, June 26 and 27 from 10 a.m. to 4 p.m.

Activities for the week-end revolve around the Garden Walk Map. The map leads visitors

through five of the most popular gardens, ending with a "sneak peak" tour of the Gateway Center—the garden's new orientation and visitor-service complex, which is currently under construction.

Garden Walk Maps are available free-of-charge at

the Chicago Botanic Garden in Glencoe. The maps also will be available at the Chicago Botanic Garden booth at the Glencoe Sidewalk Sale.

As an added bonus, visitors will receive a stamp at each of the gardens featured on the Garden Walk map and, after finishing their walking tour, they can turn in the completed map at the Gateway Center and receive a complimentary copy of "A Garden for all Seasons," which retails for \$12.50. The 125-page book features beautiful four-color photography of the garden throughout the four gardens, providing a year-long perspective of the Chicago Botanic Garden.

The Garden Walk tour begins with the Heritage Garden, where visitors can explore plants from around the world in the garden's four quadrants. Awaken all the senses at the next stop—the Sensory Garden—which highlights plants that possess bold colors, fragrances and interesting textures, in a harmonious blend with the sounds of wind and songbirds. Romance blossoms in the

English Walled Garden, where walls separate six uniquely-designed garden "rooms," and the Japanese Garden, or San-sho-En-Garden of Three Islands—complete with exotic trees, arched bridge and Shoin Building, transports visitors to the Orient. The next stop on the tour is the three-acre Rose Garden, which features hundreds of rose varieties, all ideally suited for growing in the Chicago area. The grand finale of the Garden Walk trek is a preview tour of the new Gateway Center, which is scheduled to open to the public in winter, 1994.

In addition to the Garden Walk tour itself, several activities are planned at various garden sites:

English Walled Garden, interpreters will provide information about this romantic garden and its six "room."

Japanese Garden, visitors can test their plant-identification skills with the Plant Patrol Picture Search. Interpreters will be available to provide tours of the Shoin Building—a recreation of a 17th century retreat house.

Rose Garden, Children's activities will be

conducted from 1 to 4 p.m. on Saturday and Sunday. The Rose Buddies will share their rose-growing expertise with visitors, answer questions and provide tips on growing America's favorite flower. Dr. Dissecto will introduce children to the wonders of plant science.

Gateway Center, A plant clinic will be held at the Plant Information Service in the Gateway Center. Master Gardeners will be available to answer visitor's plant and gardening questions.

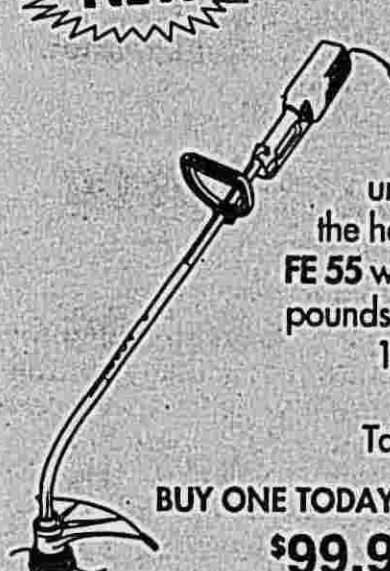

Admission to the Chicago Botanic Garden is free and parking is \$4 per car. For more information about Garden Walk weekend or for directions to the garden, call 835-5440.

The Chicago Botanic Garden is a 300-acre "living museum" and is the only major botanic garden in northern Illinois. The land on which the garden is located is owned by the Forest Preserve Dist. of Cook County and it is managed by the Chicago Horticultural Society. The garden is open every day except Christmas from 8 a.m. to sunset.

## Introduce children to gardening

Childhood development specialists have long understood the value of gardening. Gardening provides children with invaluable early life creative experiences. It also teaches a number of important life lessons, including a strong commitment to responsibility, and emphasizes the rewards one gains from care giving and nurturing.

Many experts believe that one of the most rewarding experiences a child can have is to reap the rewards of fresh flowers, fruits and vegetables grown in one's own garden.

Children as young as two years old can be successful gardeners. The trick, however, is to start on a scale to match the youngsters' physical capabilities and attention span. It's important to give children the benefit of early success by allowing them an easily-managed garden. In some cases, it might be just a bed of a few flowers, or one or two tomato plants.

You will be amazed at how children thrill at the joy of discovery by watching their very own plants grow, mature and bear fruit. The best time to lead them into more challenging and physically demanding tasks is after a

year or two of fairly easy success.

To get started, choose an area where you know things will grow or are currently growing. Vegetables and annual flowers need a full day of sun and plenty of water. The area you choose for your beginning gardener should be level, to avoid having seeds or unestablished plants run off after a heavy rain or watering.

Clear the designed garden area of all vegetation. Many children seem to like having their garden staked and tied off with cord, making this their own special territory. Next, spread compost or peat moss or shredded leaves on the ground at the rate of two to three inches. Add a good general garden fertilizer, about one pound per 10 square feet. Work this into the soil.

The remaining preparation is to divide the garden into rows with stakes and string. Consult the seed packet information to determine how far apart rows should be and how deep to plant the seed.

After the work of planting is done, the real lessons of gardening begin, because it is time for "tending" before any results are seen. The child

learns that this responsibility is necessary if future results are to be realized.

When the young plants reach two to three inches in height, "thin" out the garden by pulling out extra seedlings. Too many plants in one bed will rob all the plants of needed growing space and nutrients.

When plants reach three to four inches high, it's time to sprinkle small amounts of fertilizer along the side of each row, then water lightly. An alternative is to use a water soluble fertilizer, which will allow you to feed and water at the same time.

A weekly or twice-weekly weeding and watering is about the only care the new plants will need, until it's time to pick the flowers for an indoor bouquet or to harvest the fresh vegetables for the dinner table.

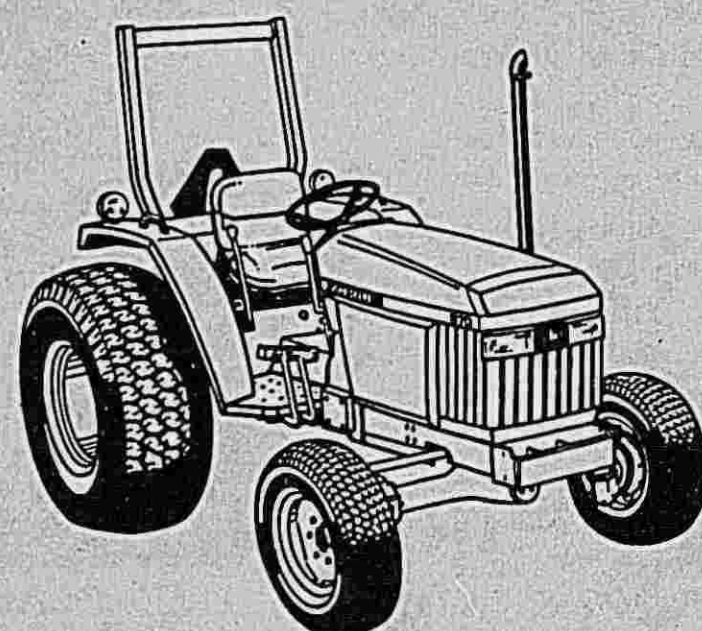

To teach a child gardening is to provide that child with a skill that will last a lifetime. Among some of their happiest memories, senior citizens often describe their early gardening experiences under the watchful eye of a caring adult. Begin now to build a joy of gardening that your children will always cherish.

## Big Helps

Thanks to all of the volunteers who helped out with the Island Lake Chamber of Commerce. But, we still need lots of help and donations for the fireworks.

## Seen Not Heard

I can't blame your neighbors for not wanting their flowers trampled, "Once Upon A Time". I think it is time to teach your children manners. It is evident to me that most kids today have not learned the word NO.

## Missed Chance

Since this newspaper once missed the chance, I would like to congratulate the four students who received academic achievement awards at McGee Middle School.

## No Help

Thank you, Mayor of Island Lake for the 90 seconds of your time. Maybe you had an oil can display to put up. Next time I will seek the help of a real politician.

## Call The Right Person

I am from Round Lake and I have seen a couple of the notes about the illegal ice cream truck. How are we supposed to know whether the trucks we see are illegal or not? Instead of calling into Lipservice, why don't you call the department of health? They should be able to help us.

## Look At Yourselfes

For the girls who want to meet guys, try Jake Morans Old Town Tap in Mundelein. You can also go to Sandy's, even though some men say there are tramps there. There are no tramps there, they are just dreaming. Men should take a look at themselves.

## Kiddy Jail

I am 16 years old from Lake Zurich. I feel that Lake Zurich High School treats the students like they are in prison. We do not get to do anything. We are treated like we are in jail.

## Doughnut Squad

I am so sick of the Lake Zurich police department. They honestly give out tickets for going 5 mph over the speed limit. All they do all day long is hang out at the White Hen. They should find some crime.

## Honest Day's Work

What is wrong with working at a fast food place? The riverboat is going to bring jobs no matter what. If this person cannot make an honest living at a fast food restaurant, I just don't know what is coming to the world.

## More Service

Maybe if enough people in Round Lake call the telephone company we can get caller ID or caller trace in

the area. I don't know why we can't have one or the other.

## No Free Rides

The people of Round Lake need to know that the Round Lake Rescue Squad is not a free service. If they take you to the hospital, expect it to cost somewhere between \$300 and \$500 for the ride and service.

## Pardon Me, Boy

The Antioch Rescue Squad sirens are very loud, but only go off a few times a day. Compare that to the racket of the Wisconsin-Central trains coming through the town! There are 20 trains a day and plan to add more. They should be more considerate when passing through town.

## Unhappy Voter

All the members of the Lake Villa SURE party should be impeached. There are nothing but a bunch of bums.

## Hatfields and McCoys

This is about neighbors who need to get a life. I have called in before about my neighbors who yell at my dog while their dog is digging under our fence. Their children are screaming at 8:30 a.m. in the morning. This guy better shut up or get out. I am really tired of it.

## What's The Point?

My blood is boiling too. I think I will enroll my normal child in sports for special children. All children are wonderful no matter if they are disabled or normal.

## Siren Malfunction

Can't the mayor of Island Lake help us? We lost the school vote so all our children are jammed together. Now we stand to lose our recreation program. Also, why did two of our three emergency sirens malfunction the night of the tornado?

## Wants More Coverage

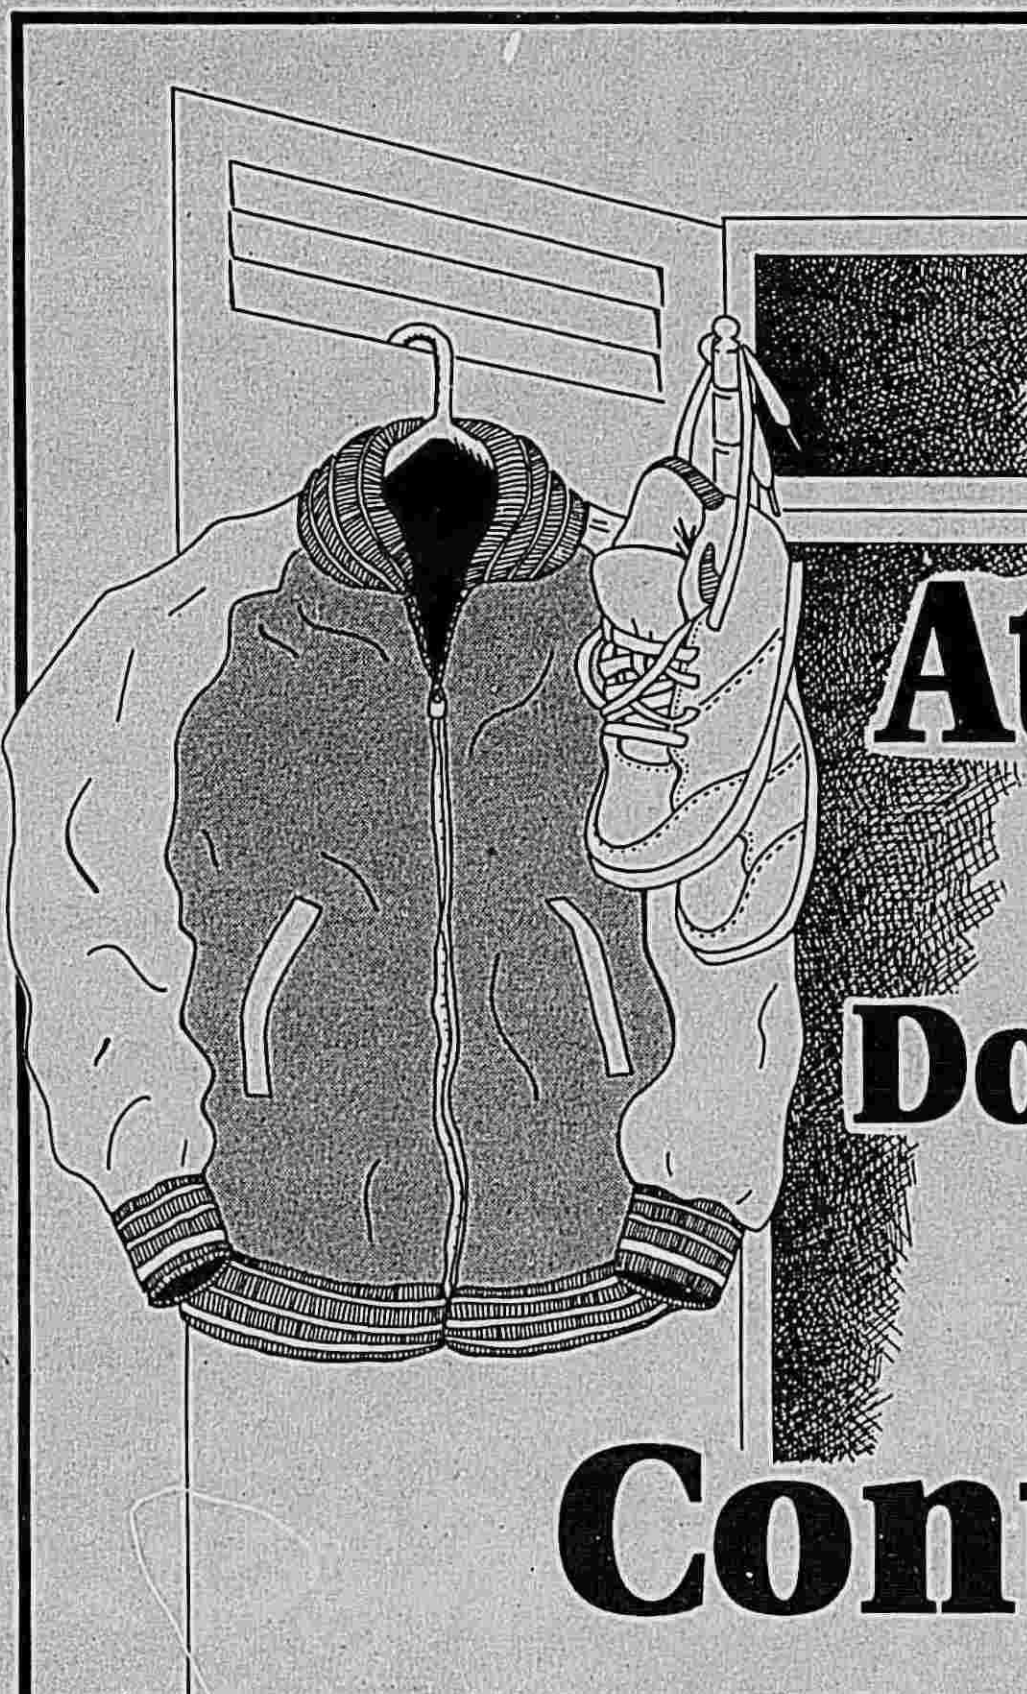

The concert in the park series was wonderful but there was a very small turnout. Your paper should publicize this more so that people can find out about it. I am from Antioch.

## Mouths of Babes

My mom drove the little boy involved in the iceless hockey issue back and forth to after school activities. He is a wonderful child and should not be excluded. You grown ups should be ashamed of your behavior!

## Enjoyed Movie

I would like to thank the Antioch Theater for the free presentation of Aladdin. My four children really enjoyed it.
